Sent: Monday, August 09, 2010 12:51 PM
To: Bud Harris; Don Burger; Doug Bear
Subject: FW: contact information, back-up data, etc.

Dear all: Wade Larson has asked the following:

1) when we will have a fix on the 'case closed issue." He will probably coming tonight.
2) Should they resubmit concerns/complaints that were sent but were not received because of the commuter glitch?

Don: He is asking for a PDR of those complaints re: to the KRRC (and I know he has asked for this prior & received info) but is asking for those that are part of Steve Mount's file as well.

To: Kitsap1
Subject: contact information, back-up data, etc.

Please forward to: **Nancy Buonanno Grennan**

Nancy,
Here is my contact information, and a copy of last night's statements. Also I gave you a copy of some of my undeliverable notices, upon which I wrote my information on last night. I have added one more in this communication. I think that fulfills commissioner Brown's request for supporting data. A talk with Doug Bear will be informative, which is part of what I was trying to say to him at the end of my presentation. I am sorry if I appeared rude last night, but I had been trying to get some answers out of Larry for quite some time, and at that moment he was providing me with some of them. At the bottom is a summary of how I got into this mess, and what I need to "get out". If you need anything further please let me know.

Comments to BOCC 7-26-10

Wade Larson

[redacted]

[redacted]

I wish to make the Board aware of some problems that exist in the ways a citizen communicates with the County. Using the Kitsap 1 web address to comment to the county, a number of E-mails have been returned undeliverable. A log of about the last 6 month's worth of calls on one issue did not have an e-mail as their case origin. The system was rejecting the transmission. This was corrected last week. The people I contacted that phoned in a comment had not received a follow-up call. The status report of every call was "Resolved", "Problem solved". In my estimation that is not the case. The reason given for that posting was there were no better options available. Any software program for this use must have a "Pending" option or something as appropriate to tell the reader the issue is on-going. The concept of Kitsap 1 is great and forward-thinking, and I support it, but these things must be changed immediately.

The citizen's liaison to local government, the CKCC, presently has the May agenda and the April meeting minutes on their website. They do not make note of any citizen comments that were made at their meetings, and their contact E-mail is not posted. Being up-to-date will go a long ways in furthering their mission statement. Improvements need to be made so people can feel their efforts to involve themselves in their government are affective.

The commissioners post their web address on the County website, but do not reply to E-mails. In my opinion a refusal to comment is far better than no response at all.

The Commissioner's policy of not commenting on actions taken in other districts is not proper, once the action in question is voted on by the Board. All 3 are "owners" of that decision, and any need to act on that decision is borne by all.

Hi. This is the qmail-send program at yahoo.com.

Call the range for details." When checking the Kitsap County website to verify a permit being issued--IT SHOWS NO PERMIT BEING ISSUED!! This is on property tax account 362501-4-002-1006 at 4900 Seabeck Highway NW; Bremerton, WA 98312 for Kitsap Rifle & Revolver Club. This group still owes property taxes in the amount of $2,830.47 that were due 10/31/2009. Isn't this the same group that bull-dozed a new rifle shooting line without a permit in 2005 and were finally stopped by the	No		03/23/2(

						County? I believe that they were also supposed to restore the area destroyed to it's former state. (Check out Google Earth to see the scar that still remains.) We follow the rules and expect Kitsap Rifle & Relvolver Club to do the same. If they are not going to follow the rules and regulations, it is expected that the County should force them to do so in a timely manner. This is not something that is going to go away. Thank you, Kevin & Gail Gross (Information checked and verified on Mar. 18 at approx. 6:30am on the websites of Kitsap County and Kitsap Rifle & Revolver Club..)		
Code Compliance-General Inquiries	KC-10817-HGT59B	03/19/2010	Phone	Antonia Kruckeberg	Shirley Desmon	Hi. My home was recently "leafleted" by a group requesting our neighborhood write and complain about perceived noise from the Kitsap Rifle and Revolver Club. I am writing to express my support FOR this club. I am not a member of the gun club; but I have very	No	03/23/2

						little patience for anyone who moves next door to a pre-existing gun club, community play field, private air strip, pea-patch, etc. and then complains about the disruption. The gun range in question has been there for years - well prior to any development on this ridge. Anyone who purchased a home in this area either knew or should have known about the range. I have lived in my home for nearly 20 years and have not noticed any increase in the noise from the gun range during that time. Any noise I do hear is WELL below the decibel level of my neighbor's lawn equipment. Sincerely, Shirley Desmon [redacted] Bremerton, WA 98312			
Code Compliance-General Inquiries	KC-11637-DZEZK2	05/26/2010	Phone	Antonia Kruckeberg	Jerome Carbone	My neighborhood has been subjected to the daily sound of gunfire over the past 6 or 8 months. A recent article in the CK Reporter	No	3 - Central	05/28/2(

provided the explanation--Kitsap Rifle and Revolver Club has apparently increased the number of firing lines from 2 to 16. Some of these are directed toward Klahowya Secondary School, the Newberry Hill Heritage Park and my neighborhood. These new firing lines were apparently constructed without proper permits. The noise from these illegally constructed firing lines has had a major negative impact on my quality of life. The gun club has also apparently destroyed wetlands in the process of construction. I want these illegally constructed firing lines dismantled and the environmental damage repaired. The gun range must be required to return to its legal configuration of two firing lines. The gun club cannot be allowed to openly evade the permitting rules and subject the rest of us to the

Code Compliance-Report a Potential Violation	KC-10810-4UWTSU	03/19/2010	Phone	Audrey Shannon	Carl Jorgensen	adverse effects of the noise and the possible danger from stray bullets directed toward a park and school. Also, it cannot be allowed to damage the environment in flagrant violation of the law. Jerome E. Carbone Hello, YES, THERE IS EXCESSIVE GUN CLUB NOISE POLLUTION!!!! We live in the Whisper Ridge Development and I find the Gun Club Noise is excessive. We can hear the pop, pop, pop, pop, pop, pop, blam, blam, blam, blam, blam, blam, blam, blam, boom, boom, boom, boooom, boom, booom, booooom whenever it occurs. We hear it in the morning, afternoon, evening, and sometimes even at 9:30 (+) at night. It happens on any given day of the week. The sound of gunfire carries up and over the hill into our neighborhood. We notice it during winter with our windows all closed. It will be	No	3 - Central	03/23/2(

						awful when the weather warms up. There will be more shooters and alot more noise.When we open our windows the sound of gunfire is plainly heard and is too loud! It is noise pollution, disturbing, grates on your nerves, just doesn't belong here. Something should be done about the noise. Thank you for addressing this issue. We appreciate it. The Jorgensens We live in the Whisper Ridge subdivision in Bremerton, located off Iskra. Gun noise has become excessive these past few years, and we would appreciate it if the County would investigate this.			
Code Compliance-Report a Potential Violation	KC-10811-T3NB59	03/19/2010	Phone	Audrey Shannon	Wendell & Eva Crim	The noise apparently comes from the Kitsap Rifle club, and we hear gun noise from large caliber weapons, which starts as early as 7am on weekends and weekdays, and continues well into the evening every night. Thank you.	No	3 - Central	03/23/2(

Code Compliance-Report a Potential Violation	KC-10813-IG90RJ	03/19/2010	Phone	Audrey Shannon	Gary & Dawn Fisher	We are writing to complain about the increased noise from the Kitsap Rifle & Revolver Club in Bremerton. We live a mile and a half from the club and are able to easily hear the shooting. We are hearing the firing of automatic and semi-automatic weapons. The noise wakes us up at night and in the early morning, and makes it unpleasant to have outdoor family barbecues. We understand the KRRC increased its shooting lanes from 2 to 16 without any sort of permit, which accounts for the added noise over the last couple years. We also understand that during its more than 80 years of operation, the KRRC has failed to perform any type of cleanup of its grounds. What kind of contamination is this putting into Chico Creek and the surrounding wetlands? The adjacent Camp Wesley Harris was closed due to pollution and KRRC does not	No	3 - Central	03/23/2(

seem to care what kind of impact it is having. As you all know, this impact can be devastating for years to come. Do you realize that, on average, shooting ranges could have up to 1 million pounds of lead in the soil after a few decades of operation? Don't you think it's time KRRC starts being responsible and clean up their area of all the lead it has been putting onto and into its grounds since its inception in 1926? Why were there no public hearings to consider any concerns of the surrounding residents (some as far as 4 miles away from the club are hearing the shooting) when Kitsap County granted 72 acres to KRRC? Thank you for your consideration. Gary and Dawn Fisher ***2nd email*** Is there any follow-up to ensure grant recipients comply with all requirements, and that they obtain permits? KRRC has not obtained permits and has misappropriated

						the funds it has received.				
Code Compliance-Report a Potential Violation	KC-11303-4KX0NV	04/27/2010	Phone	Erin Denny	Skip & Doris Juni	The following was received via email: April 27th at 12:00 and the gun fire is very loud. What's odd is there are few people out there shooting. It has become quite apparent that the new firing lanes KRRC put in that face North are improperly designed, so they direct louder gun fire towards our housing development. These firing need to go away. These were part of the expansion without permits, so when the County takes action our group certainly want these firing lanes returned to their natural state. This is imperative to eliminate excessive noise.	No			04/29/2(
Code Compliance-Report a Potential Violation	KC-11376-V7U6E7	05/03/2010	Phone	Antonia Kruckeberg	Peggy Kermath	To the county offices and the commissioners office, We want to register our complaint about the excessive gun noise from	No	3 - Central		05/05/2

Code Compliance-Report a Potential Violation	KC-11379-LVQ7H4	05/03/2010	Phone	Antonia Kruckeberg	Colen & Joanne Corey	the Kitsap Rifle and Revolver Club throughout the day today! At various intervals they were firing 30 caliber automatic and semi-automatic weapons! Bullets from these types of weapons can travel more than 3 miles! A ricochet can be just as deadly! As concerned residents we would appreciate your help in correcting this problem! Respectfully, Robert and Peggy Kermath Well today was extra loud. I was trying to get things done in my own garden when the noise of what sounded like to me cannon fire, yes I said cannon fire. I even made a comment to my husband, he said sounds like cannons to me! We are trying to be good neighbors and I wish they would too. I feel that listening to the explosions go off all the time every day, every holiday, every sunday ,every day early in the morning and sometimes late into the night. I think	No	05/05/2(

						gun fire should cease after 6:00 when people are trying to enjoy there home life and peace and quite after a stressful work day is not to much to ask, since they have purchased the gun range the weapontry has become more powerful and more obnoxious. I also feel that a cease fire should occur on holidays, ie christmas, christmas eve, easter and minimal on sundays atleast. I wish they would be better neighbors to the community. Joanne Corey Hi Mr. Mount, I live at [redacted] and am writing to let you know I'm hearing loud gunfire luder than the normal pop pop pop on Sundays and wonder if you could look into it. I am out planting in my yard and wonder if the gunfire may be fom 30 caliber automatic gunfire. I like to be outside rnjoying spring but this is sad to hear and so much louder than the normal gunfire I usually hear on

Code Compliance-Report a Potential Violation	KC-11381-HDVXKC	05/03/2010	Phone	Antonia Kruckeberg	Justin Gillam	To whom it may concern: I am writing this email to complain about the gun noise today at my house. I am constantly hearing gun fire from 30 caliber auto and semi automatic weapons. I live at [redacted] PL NW. This gun noise is becoming a nuisance to me and my family. It needs to stop. Thank you. Justin Gillam	No		05/05/2(
Code Compliance-Report a Potential Violation	KC-11423-0QVH23	05/05/2010	Phone	Antonia Kruckeberg	Skip & Doris Juni	My wife and I would like to once again file our complaint regarding the significant noise pollution emanating from the Kitsap Rifle and Revolver Club. This Sunday was almost constant noise which seemed to be 30 caliber auto and semiautomatic weapons. They certainly weren't single shot hunting rifles. This noise is not compatible with the surrounding residential neighborhoods and we would like to ask the County to please act to reduce this noise pollution.	No		05/07/2(

Code Compliance-Report a Potential Violation	KC-10644-3G3587	03/08/2010	Phone	Erin Denny	Mike Spieker	Noise has been well established as an environmental health risk. I know that this club was not grandfathered in the Comprehensive Use Plan at the level their now operating. They were grandfathered in at their "historic" configuration and usage, which was one pistol and one rifle firing lane. This ridiculous situation has to come to a stop. We're respectfully requesting the County to enforce the codes and laws. Thanks for your time and consideration into this matter. The following was received via email: Awakened this AM at 0800 to assault by bazookas fire at the Kitsap Rifle and Revolver Club. Are these within County noise codes? Appreciate your investigation. Thanks Mike Spieke[redacted] Loop NW [redacted]	No	3 - Central	03/10/2(
Code Compliance-Report a Potential Violation	KC-10688-NXGAS8	03/10/2010	Phone	Erin Denny	Skip & Doris Junis	County Authorities: It's almost 9:00 P.M. and the Gun Club is still shooting and the noise is	No	3 - Central	03/12/2(

						penetrating inside my house in Whisper Ridge 1.65 miles away. Surely there has to be a County Code that can stop this at a reasonable hour. I can't believe such a small group of inconsiderate people can be holding up our community. Is there not anyone willing to stand up for the residents who are under siege. Please help. Skip and Doris Junis			
County Administration-Concerns and Scheduleing with Commissioners-All Commissioners	KC-10084-2QL0I2	01/12/2010	Phone	Erin Denny	Paula Ballesteros	Hi, I live in Whisper Ridge off of Eldorado Blvd. I find the noise from the Kitsap Rifle and Revolver Club shooting range seems to get louder and more frequent. Is there a way to get the noise reduced? It is really bad in the summer months and the gun fire wakes our kids up on the weekends. Paula Ballesteros	No	3 - Central	01/12/2(

Just so you know, I am not on a crusade to change county government, hassle commissioners, or get in front of a camera. I really do not like having to come down there to "get involved". Trouble is, when I know about things like these, I can not get them off my mind. I got myself drug into this over a year ago when Newberry Hill Heritage Park was being created. I am no environmentalist, but I was here when the real Tree-huggers walked the Earth, and I know, if they were here now, they would not be happy if they saw what is happening to there lands and their movement. I attempted to make the administration aware of the need to protect this area from habitat degradation due to rouge trailbuilding, and uncompatable uses of the south end of NHHP. I was also concerned about KRRC(environmental concerns), and making sure all planning actions of the Park (Larry

Keeton) were followed to see it off to a good start. I posed my questions to all the commissioners, CKCC, Parks and others to get a "we'll look into that" reply. Nothing happened. I am a member of the stewardship committee for that park, and am frustrated about that committee's inability to do much to further my goal of protecting this sensitive area. A good, defined plan of how to protect this area now is far better than years of rangling over how to return an area back to what it originally was planned to be. Presently park planners need to define what areas can have what uses in the RCO conservation easement. This whole process was to be done already, and we as stewards and general public were told that it would be done during the master planning process. Now, Martha Droge says it can not be done until a labor agreement/rehire is arranged for an IT person to perform a trail overlay that, in my mind, a highschooler can do in a weekend. This is the last in a string of excuses for the delay, leading me to believe there is another purpose in mind. If we do not get it done and done right, I for one will see to it that RCO does not grant more funds for any project until this is accomplished, and any needed remedial action is taken. In my opinion only,we have lost a lot of interested people in our stewardship group already because there is "nothing we can do" in the lower area except stand guard over the area to tell people they can not use or build trails in areas we have no idea of compatable use designations for. The whole project is a half-baked effort that the promoters have washed their hands of and moved on to other things.(incorporation, YMCA, attempts to distance themselves from the KRRC debaucle, grant applications for park funds, etc.)

I could go on to how the noise led me to look into KRRC and to administrations kicking the issue down the road, or ignoring it until we are to where we are today. (no action being taken, no statements being made, media portraying KRRC as a picked on group of people asserting their 2nd ammendment rights) I could talk about how some E-mails go to spam, and/or lost (only in your system, nowhere else that I communicate), to spending over a day tracking down why people's comments are lost in cyberspace or returned undeliverable through Kitsap 1.(This begs an important question. If this happened to all e-mails, why did no one notice there were no e-mail comments coming in? Leads you to believe it was a one issue-related "glitch". Could you investigate that please?)

As a footnote, my comments of last night were directed to all the Board, and were not intended to put anyone on the spot. But, for the record, if the Chairman makes a comment that solicites an answer, he better be prepared to hear the response. Last night the intent was to be helpful and informative. My hope is, in the near future, to be able to request a complete log of Kitsap 1comments on any issue, in their unedited E-package, for forwarding on to other agencies.

In closing, please fix Kitsap 1. Finish NHHP before it becomes a Banner Forest. Make CKCC a functioning body or disband it. Inform the commissioners that it is not in my nature to give up, and I really have a problem about being ignored.

Thank you,
Wade Larson

Nancy - Last week (August 4) I emailed Mr. Larson an updated Kitsap 1 log (attached) that Audrey Shannon prepared for both Mr. Larson and Mr. Allison. We have already provided Mr. Wade with copies of Steve Mount's entire file regarding the Kitsap Rifle and Revolver Club. I'm not clear about what else he is asking for that has not been provided. - Don

Dear all: Wade Larson has asked the following:

1) when we will have a fix on the 'case closed issue." He will probably coming tonight.
2) Should they resubmit concerns/complaints that were sent but were not received because of the commuter glitch?

Don: He is asking for a PDR of those complaints re: to the KRRC (and I know he has asked for this prior & received info) but is asking for those that are part of Steve Mount's file as well.

Nancy,
Here is my contact information, and a copy of last night's statements. Also I gave you a copy of some of my undeliverable notices, upon which I wrote my information on last night. I have added one more in this communication. I think that fulfills commissioner Brown's request for supporting data. A talk with Doug Bear will be informative, which is part of what I was trying to say to him at the end of my presentation. I am sorry if I appeared rude last night, but I had been trying to get some answers out of Larry for quite some time, and at that moment he was providing me with some of them. At the bottom is a summary of how I got into this mess, and what I need to "get out". If you need anything further please let me know.

Comments to BOCC 7-26-10

Wade Larson

[redacted]

Wadelarson2@[redacted]

I wish to make the Board aware of some problems that exist in the ways a citizen communicates with the County. Using the Kitsap 1 web address to comment to the county, a number of E-mails have been returned undeliverable. A log of about the last 6 month's worth of calls on one issue did not have an e-mail as their case origin. The system was rejecting the transmission. This was corrected last week. The people I contacted that phoned in a comment had not received a follow-up call. The status report of every call was "Resolved", "Problem solved". In my estimation that is not the case. The reason given for that posting was there were no better options available. Any software program for this use must have a "Pending" option or something as appropriate to tell the reader the issue is on-going. The concept of Kitsap 1 is great and forward-thinking, and I support it, but these things must be changed immediately.

The citizen's liaison to local government, the CKCC, presently has the May agenda and the April meeting minutes on their website. They do not make note of any citizen comments that were made at their meetings, and their contact E-mail is not posted. Being up-to-date will go a long ways in furthering their mission statement. Improvements need to be made so people can feel their efforts to involve themselves in their government are affective.

The commissioners post their web address on the County website, but do not reply to E-mails. In my opinion a refusal to comment is far better than no response at all.

The Commissioner's policy of not commenting on actions taken in other districts is not proper, once the action in question is voted on by the Board. All 3 are "owners" of that decision, and any need to act on that decision is borne by all.

Hi. This is the qmail-send program at yahoo.com.

Code Compliance-General Inquiries	KC-10812-87OTMH	03/19/2010	Phone	Audrey Shannon	Gail & Kevin Gross	(Note: following is a copy from an email sent to all three comissioners in addition to Kitsap 1) This is copied directly from the website of Kitsap Rifle & Revolver Club, updated on Mar. 17: "Starting today at approximately 3pm, there will be intermittent closures of the rifle line over the next week due to drilling our new well. Call the range for details." When checking the Kitsap County website to verify a permit being issued--IT SHOWS NO PERMIT BEING ISSUED!! This is on property tax account 362501-4-002-1006 at 4900 Seabeck Highway NW; Bremerton, WA 98312 for Kitsap Rifle & Revolver Club. This group still owes property taxes in the amount of $2,830.47 that were due 10/31/2009. Isn't this the same group that bull-dozed a new rifle shooting line	No				03/23/2(

						without a permit in 2005 and were finally stopped by the County? I believe that they were also supposed to restore the area destroyed to it's former state. (Check out Google Earth to see the scar that still remains.) We follow the rules and expect Kitsap Rifle & Relvolver Club to do the same. If they are not going to follow the rules and regulations, it is expected that the County should force them to do so in a timely manner. This is not something that is going to go away. Thank you, Kevin & Gail Gross (Information checked and verified on Mar. 18 at approx. 6:30am on the websites of Kitsap County and Kitsap Rifle & Revolver Club..)		
Code Compliance-General Inquiries	KC-10817-HGT59B	03/19/2010	Phone	Antonia Kruckeberg	Shirley Desmon	Hi. My home was recently "leafleted" by a group requesting our neighborhood write and complain about perceived noise from the Kitsap Rifle and Revolver Club. I am writing to express my support FOR	No	03/23/2(

this club. I am not a member of the gun club; but I have very little patience for anyone who moves next door to a pre-existing gun club, community play field, private air strip, pea-patch, etc. and then complains about the disruption. The gun range in question has been there for years - well prior to any development on this ridge. Anyone who purchased a home in this area either knew or should have known about the range. I have lived in my home for nearly 20 years and have not noticed any increase in the noise from the gun range during that time. Any noise I do hear is WELL below the decibel level of my neighbor's lawn equipment.

Sincerely,

Shirley Desmon

Code Compliance-General Inquiries	KC-11637-DZEZK2	05/26/2010	Phone	Antonia Kruckeberg	Jerome Carbone	My neighborhood has been subjected to the daily sound of gunfire over the past 6 or 8 months. A recent article in the CK Reporter provided the explanation--Kitsap Rifle and Revolver Club has apparently increased the number of firing lines from 2 to 16. Some of these are directed toward Klahowya Secondary School, the Newberry Hill Heritage Park and my neighborhood. These new firing lines were apparently constructed without proper permits. The noise from these illegally constructed firing lines has had a major negative impact on my quality of life. The gun club has also apparently destroyed wetlands in the process of construction. I want these illegally constructed firing lines dismantled and the environmental damage repaired. The gun range must be required to return to its	No	3 - Central		05/28/2(

						legal configuration of two firing lines. The gun club cannot be allowed to openly evade the permitting rules and subject the rest of us to the adverse effects of the noise and the possible danger from stray bullets directed toward a park and school. Also, it cannot be allowed to damage the environment in flagrant violation of the law. Jerome E. Carbone Hello, YES, THERE IS EXCESSIVE GUN CLUB NOISE POLLUTION!!!! We live in the Whisper Ridge Development and I find the Gun Club Noise is excessive. We can hear the pop, pop, pop, pop, pop, pop, blam, blam, blam, blam, blam, blam, blam, blam, boom, boom, boom, boooom, boom, booom, boooom whenever it occurs. We hear it in the morning, afternoon, evening, and sometimes even at 9:30 (+) at night. It happens on any given day of the			
Code Compliance-Report a Potential Violation	KC-10810-4UWTSU	03/19/2010	Phone	Audrey Shannon	Carl Jorgensen		No	3 - Central	03/23/2(

						week. The sound of gunfire carries up and over the hill into our neighborhood. We notice it during winter with our windows all closed. It will be awful when the weather warms up. There will be more shooters and alot more noise.When we open our windows the sound of gunfire is plainly heard and is too loud! It is noise pollution, disturbing, grates on your nerves, just doesn't belong here. Something should be done about the noise. Thank you for addressing this issue. We appreciate it. The Jorgensens We live in the Whisper Ridge subdivision in Bremerton, located off Iskra. Gun noise has become excessive these past few years, and we would appreciate it if the County would investigate this. The noise apparently comes from the Kitsap Rifle club, and we hear gun noise from large caliber

						weapons, which starts as early as 7am on weekends and weekdays, and continues well into the evening every night. Thank you. We are writing to complain about the increased noise from the Kitsap Rifle & Revolver Club in Bremerton. We live a mile and a half from the club and are able to easily hear the shooting. We are hearing the firing of automatic and semi-automatic weapons. The noise wakes us up at night and in the early morning, and makes it unpleasant to have outdoor family barbecues. We understand the KRRC increased its shooting lanes from 2 to 16 without any sort of permit, which accounts for the added noise over the last couple years. We also understand that during its more than 80 years of operation, the KRRC has failed to perform any type of cleanup of its grounds. What kind of contamination is this putting			
Code Compliance-Report a Potential Violation	KC-10813-IG90RJ	03/19/2010	Phone	Audrey Shannon	Gary & Dawn Fisher		No	3 - Central	03/23/2(

into Chico Creek and the surrounding wetlands? The adjacent Camp Wesley Harris was closed due to pollution and KRRC does not seem to care what kind of impact it is having. As you all know, this impact can be devastating for years to come. Do you realize that, on average, shooting ranges could have up to 1 million pounds of lead in the soil after a few decades of operation? Don't you think it's time KRRC starts being responsible and clean up their area of all the lead it has been putting onto and into its grounds since its inception in 1926? Why were there no public hearings to consider any concerns of the surrounding residents (some as far as 4 miles away from the club are hearing the shooting) when Kitsap County granted 72 acres to KRRC? Thank you for your consideration. Gary and Dawn Fisher ***2nd email*** Is there any follow-up to ensure grant

						recipients comply with all requirements, and that they obtain permits? KRRC has not obtained permits and has misappropriated the funds it has received.				
Code Compliance-Report a Potential Violation	KC-11303-4KX0NV	04/27/2010	Phone	Erin Denny	Skip & Doris Juni	The following was received via email: April 27th at 12:00 and the gun fire is very loud. What's odd is there are few people out there shooting. It has become quite apparent that the new firing lanes KRRC put in that face North are improperly designed, so they direct louder gun fire towards our housing development. These firing need to go away. These were part of the expansion without permits, so when the County takes action our group certainly want these firing lanes returned to their natural state. This is imperative to eliminate excessive noise.	No			04/29/2(
Code Compliance-Report a Potential Violation	KC-11376-V7U6E7	05/03/2010	Phone	Antonia Kruckeberg	Peggy Kermath	To the county offices and the commissioners office, We want to register our complaint about the excessive gun noise from	No	3 - Central		05/05/2

Code Compliance-Report a Potential Violation	KC-11379-LVQ7H4	05/03/2010	Phone	Antonia Kruckeberg	Colen & Joanne Corey	the Kitsap Rifle and Revolver Club throughout the day today! At various intervals they were firing 30 caliber automatic and semi-automatic weapons! Bullets from these types of weapons can travel more than 3 miles! A ricochet can be just as deadly! As concerned residents we would appreciate your help in correcting this problem! Respectfully, Robert and Peggy Kermath Well today was extra loud. I was trying to get things done in my own garden when the noise of what sounded like to me cannon fire, yes I said cannon fire. I even made a comment to my husband, he said sounds like cannons to me! We are trying to be good neighbors and I wish they would too. I feel that listening to the explosions go off all the time every day, every holiday, every sunday ,every day early in the morning and sometimes late into the night. I think	No		05/05/2(

						gun fire should cease after 6:00 when people are trying to enjoy there home life and peace and quite after a stressful work day is not to much to ask, since they have purchased the gun range the weapontry has become more powerful and more obnoxious. I also feel that a cease fire should occur on holidays, ie christmas, christmas eve, easter and minimal on sundays atleast. I wish they would be better neighbors to the community. Joanne Corey		
Code Compliance-Report a Potential Violation	KC-11380-XO656D	05/03/2010	Phone	Antonia Kruckeberg	Vicki & Greg Hoisington	Hi Mr. Mount, I live at [redacted] and am writing to let you know I'm hearing loud gunfire luder than the normal pop pop pop on Sundays and wonder if you could look into it. Code Compliance-Report a Potential Violation	KC-11423-0QVH23	05/05/2010	Phone	Antonia Kruckeberg	Skip & Doris Juni	My wife and I would like to once again file our complaint regarding the significant noise pollution emanating from the Kitsap Rifle and Revolver Club. This Sunday was almost constant noise which seemed to be 30 caliber auto and semiautomatic weapons. They certainly weren't single shot hunting rifles. This noise is not compatible with the surrounding residential neighborhoods and we would like to ask the County to please act to reduce this noise pollution.	No	05/07/2(

						Noise has been well established as an environmental health risk. I know that this club was not grandfathered in the Comprehensive Use Plan at the level their now operating. They were grandfathered in at their "historic" configuration and usage, which was one pistol and one rifle firing lane. This ridiculous situation has to come to a stop. We're respectfully requesting the County to enforce the codes and laws. Thanks for your time and consideration into this matter.			
Code Compliance-Report a Potential Violation	KC-10644-3G3587	03/08/2010	Phone	Erin Denny	Mike Spieker	The following was received via email: Awakened this AM at 0800 to assault by bazookas fire at the Kitsap Rifle and Revolver Club. 					penetrating inside my house in Whisper Ridge 1.65 miles away. Surely there has to be a County Code that can stop this at a reasonable hour. I can't believe such a small group of inconsiderate people can be holding up our community. Is there not anyone willing to stand up for the residents who are under siege. Please help. Skip and Doris Junis Hi, I live in Whisper Ridge off of Eldorado Blvd. I find the noise from the Kitsap Rifle and Revolver Club shooting range seems to get louder and more frequent. Is there a way to get the noise reduced? It is really bad in the summer months and the gun fire wakes our kids up on the weekends. Paula Ballesteros			
County Administration-Concerns and Scheduleing with Commissioners-All Commissioners	KC-10084-2QL0I2	01/12/2010	Phone	Erin Denny	Paula Ballesteros	No	3 - Central	01/12/2(

Just so you know, I am not on a crusade to change county government, hassle commissioners, or get in front of a camera. I really do not like having to come down there to "get involved". Trouble is, when I know about things like these, I can not get them off my mind. I got myself drug into this over a year ago when Newberry Hill Heritage Park was being created. I am no environmentalist, but I was here when the real Tree-huggers walked the Earth, and I know, if they were here now, they would not be happy if they saw what is happening to there lands and their movement. I attempted to make the administration aware of the need to protect this area from habitat degradation due to rouge trailbuilding, and uncompatable uses of the south end of NHHP. I was also concerned about KRRC(environmental concerns), and making sure all planning actions of the Park (Larry

Keeton) were followed to see it off to a good start. I posed my questions to all the commissioners, CKCC, Parks and others to get a "we'll look into that" reply. Nothing happened. I am a member of the stewardship committee for that park, and am frustrated about that committee's inability to do much to further my goal of protecting this sensitive area. A good, defined plan of how to protect this area now is far better than years of rangling over how to return an area back to what it originally was planned to be. Presently park planners need to define what areas can have what uses in the RCO conservation easement. This whole process was to be done already, and we as stewards and general public were told that it would be done during the master planning process. Now, Martha Droge says it can not be done until a labor agreement/rehire is arranged for an IT person to perform a trail overlay that, in my mind, a highschooler can do in a weekend. This is the last in a string of excuses for the delay, leading me to believe there is another purpose in mind. If we do not get it done and done right, I for one will see to it that RCO does not grant more funds for any project until this is accomplished, and any needed remedial action is taken. In my opinion only,we have lost a lot of interested people in our stewardship group already because there is "nothing we can do" in the lower area except stand guard over the area to tell people they can not use or build trails in areas we have no idea of compatable use designations for. The whole project is a half-baked effort that the promoters have washed their hands of and moved on to other things.(incorporation, YMCA, attempts to distance themselves from the KRRC debaucle, grant applications for park funds, etc.)

I could go on to how the noise led me to look into KRRC and to administrations kicking the issue down the road, or ignoring it until we are to where we are today. (no action being taken, no statements being made, media portraying KRRC as a picked on group of people asserting their 2nd ammendment rights) I could talk about how some E-mails go to spam, and/or lost (only in your system, nowhere else that I communicate), to spending over a day tracking down why people's comments are lost in cyberspace or returned undeliverable through Kitsap 1.(This begs an important question. If this happened to all e-mails, why did no one notice there were no e-mail comments coming in? Leads you to believe it was a one issue-related "glitch". Could you investigate that please?)

As a footnote, my comments of last night were directed to all the Board, and were not intended to put anyone on the spot. But, for the record, if the Chairman makes a comment that solicites an answer, he better be prepared to hear the response. Last night the intent was to be helpful and informative. My hope is, in the near future, to be able to request a complete log of Kitsap 1comments on any issue, in their unedited E-package, for forwarding on to other agencies.

In closing, please fix Kitsap 1. Finish NHHP before it becomes a Banner Forest. Make CKCC a functioning body or disband it. Inform the commissioners that it is not in my nature to give up, and I really have a problem about being ignored.

Thank you,
Wade Larson

KC-04976-GHZWGO	03/20/2009	County Administration-Concerns and Scheduleing with Commissioners-All Commissioners	Rebecca Ledger	I have not been able to attend any of the meetings for the proposed land swap, but I would like to see the nature of the area remain relatively unchanged. There are few remaining areas with trails through undeveloped forest. With regard to the rifle range, if it is allowed to retain its lease, I would like to see some time restrictions on gun firing, particularly weekend mornings (before 10 am). Thank you for your time.	Deanna Erstad	Resolved	Copy for file on Rifle and Gun Club appeal
KC-05003-OCSMWF	03/23/2009	County Administration-Concerns and Scheduleing with Commissioners-All Commissioners	Michael Overfield	Customer has concerns regarding the lease with the Kitsap Rifle and Revolver Club. See attachments for original email.: I understand from the meeting held on 18 March 2009 that the county intends on continuing the lease with the Kitsap Rifle and Revolver Club. I'm encouraged to hear that, since Kitsap County needs recreational and competitive shooting facilities to support the community. With that said, I can find no mention of any shooting related activity as part of ANY plan for the future of Kitsap County's Parks. This leads me and others to be highly suspect about the long term plans the county has for the future of this firing range. I would have to conclude that the long term plan is to shut this club down at the end of whatever negotiated lease agreement is met. I think I'm not alone in my concern, and I think we need a written and legal commitment that is binding from the County to ensure the future of this firing range. We can not be confident with promises and intentions, especially when they do not match the documented plans of the County Parks Department. In this dis	Deanna Erstad	Resolved	Copy to Commissioners and file
KC-05914-69LRBH	05/12/2009	County Administration-Concerns and Scheduleing with Commissioners-All Commissioners	Scott Holman	Customer urges commissioners to adopt a resolution selling land to Kitsap Rifle and Revolver Club. See Notes and Article for attachements and original email.: Please vote to adopt the attached resolution selling the 72 acres of land that Kitsap Rifle and Revolver Club has been leasing from the Washington Department of Natural Resources since 1926. These lands are part of the proposed DNR/Kitsap County land swap associated with the Central Kitsap/Newberry Hill Heritage Park. The attached map shows the location of the sale property as well as the location of Central Kitsap Heritage Park and Greenway lands. I have met with Commissioner Brown on this issue and have also presented materials at meetings of the County Commissioners' and the Kitsap Parks and Recreation Citizen's Advisory Board. This sale will benefit the residents of Kitsap County by helping to provide valuable recreational opportunities at no cost to the County and will help to promote and protect public safety by providing a location for safe shooting and firearms safety training. The sale will not adversely impact the creation and development of the Heritage Park, and target shooting range	Deanna Erstad	Resolved	Copy given to all three Commissioners and one for record file.

Surely there has to be a County Code that can stop this at a reasonable hour. I can't believe such a small group of inconsiderate people can be holding up our community. Is there not anyone willing to stand up for the residents who are under siege. Please help. Skip and Doris Junis	Kim Dunn	Resolved	forwarded to SM for follow up
KC-10810-4UWT5U	03/19/2010	Code Compliance-Report a Potential Violation	Carl Jorgensen	Hello, YES, THERE IS EXCESSIVE GUN CLUB NOISE POLLUTION!!!! We live in the Whisper Ridge Development and I find the Gun Club Noise is excessive. We can hear the pop, pop, pop, pop, pop, pop, blam, blam, blam, blam, blam, blam, boom, boom, boom, booooom, boom, booom, boooooom whenever it occurs. We hear it in the morning, afternoon, evening, and sometimes even at 9:30 (+) at night. It happens on any given day of the week. The sound of gunfire carries up and over the hill into our neighborhood. We notice it during winter with our windows all closed. It will be awful when the weather warms up. There will be more shooters and alot more noise.When we open our windows the sound of gunfire is plainly heard and is too loud! It is noise pollution, disturbing, grates on your nerves, just doesn't belong here. Something should be done about the noise. Thank you for addressing this issue. We appreciate it. The Jorgensens	Kim Dunn	Resolved	forwarded to sm for follow up
KC-10811-T3NB59	03/19/2010	Code Compliance-Report a Potential Violation	Wendell & Eva Crim	We live in the Whisper Ridge subdivision in Bremerton, located off Iskra. Gun noise has become excessive these past few years, and we would appreciate it if the County would investigate this. The noise apparently comes from the Kitsap Rifle club, and we hear gun noise from large caliber weapons, which starts as early as 7am on weekends and weekdays, and continues well into the evening every night. Thank you.	Kim Dunn	Resolved	to SM for follow up
KC-10812-87OTMH	03/19/2010	Code Compliance-General Inquiries	Gail & Kevin Gross	(Note: following is a copy from an email sent to all three comissioners in addition to Kitsap 1) This is copied directly from the website of Kitsap Rifle & Revolver Club, updated on Mar. 17: "Starting today at approximately 3pm, there will be intermittent closures of the rifle line over the next week due to drilling our new well. Call the range for details." When checking the Kitsap County website to verify a permit being issued -IT SHOWS NO PERMIT BEING ISSUED!!! This is on property tax account 362501-4-002-1008 at 4900 Seabeck Highway NW, Bremerton, WA 98312 for Kitsap Rifle & Revolver Club. This group still owes property taxes in the amount of $2,830.47 that were due 10/31/2009. Isn't this the same group that bull-dozed a new rifle shooting line without a permit in 2005 and were finally stopped by the County? I believe that they were also supposed to restore the area destroyed to it's former state. (Check out Google Earth to see the scar that still remains.) We follow the rules and expect Kitsap Rifle & Reivolver Club to do the same. If they are not going to follow the rules and regulations, it is expected that the County	Kim Dunn	Resolved	forwarded to sm for review
KC-10813-IG90RJ	03/19/2010	Code Compliance-Report a Potential Violation	Gary & Dawn Fisher	We are writing to complain about the increased noise from the Kitsap Rifle & Revolver Club in Bremerton. We live a mile and a half from the club and are able to easily hear the shooting. We are hearing the firing of automatic and semi-automatic weapons. The noise wakes us up at night and in the early morning, and makes it unpleasant to have outdoor family barbecues. We understand the KRRC increased its shooting lanes from 2 to 16 without any sort of permit, which accounts for the added noise over the last couple years. We also understand that during its more than 80 years of operation, the KRRC has failed to perform any type of cleanup of its grounds. What kind of contamination is this putting into Chico Creek and the surrounding wetlands? The adjacent Camp Wesley Harris was closed due to pollution and KRRC does not seem to care what kind of impact it is having. As you all know, this impact can be devastating for years to come. Do you realize that, on average, shooting ranges could have up to 1 million pounds of lead in the soil after a few decades of operation? Don't you think it's time KRRC starts being respon	Kim Dunn	Resolved	to SM for follow up
KC-10817-HGT59B	03/19/2010	Code Compliance-General Inquiries	Shirley Desmon	Hi. My home was recently "leafleted" by a group requesting our neighborhood write and complain about perceived noise from the Kitsap Rifle and Revolver Club. I am writing to express my support FOR this club. I am not a member of the gun club; but I have very little patience for anyone who moves next door to a pre-existing gun club, community play field, private air strip, pea-patch, etc. and then complains about the disruption. The gun range in question has been there for years - well prior to any development on this ridge. Anyone who purchased a home in this area either knew or should have known about the range. I have lived in my home for nearly 20 years and have not noticed any increase in the noise from the gun range during that time. Any noise I do hear is WELL below the decibel level of my neighbor's lawn equipment. Sincerely, Shirley Desmon [redacted] Bremerton, WA 98312	Kim Dunn	Resolved	forwarded to SM for follow up
KC-11278-2STLUA	04/26/2010	County Administration-Concerns and Scheduleing with Commissioners-All Commissioners	Terry Allison	Please see the attached letter from Mr. Allison.: We request the County take immediate and decisive action to enforce County Code, land use, and critical areas ordinances at Kitsap Rifle and Revolver Club (KRRC), located at 4900 Seabeck Highway, Bremerton, Kitsap County, Washington. Research and review by concerned citizens validates the position that the expansion (14 new firing lanes) and realignment (North to Northeast) of KRRC presents a clear and immediate hazard to public and environmental health and safety. We request KRRC be immediately restricted or "rolled back" to the configuration of the one pistol and one rifle line that existed when the range was "grandfathered" into the County's comprehensive use plan in September 1993. We request that the immediate restrictions be in place until all investigations and evaluations of KRRC by all responsible agencies are completed and all corrective actions identified by these inspections are implemented.	Erin Denny	Resolved	Copy of letter given to each Commissioner 4.29
KC-11303-4KX0NV	04/27/2010	Code Compliance-Report a Potential Violation	Skip & Doris Junis	Communities and public use areas around KRRC have grown and The following was received via email: April 27th at 12:00 and the gun fire is very loud. What's odd is there are few people out there shooting. It has become quite apparent that the new firing lanes KRRC put in that face North are improperly designed, so they direct louder gun fire towards our housing development. These firing need to go away. These were part of the expansion without permits, so when the County takes action our group certainly want these firing lanes returned to their natural state. This is imperative to eliminate excessive noise.	Kim Dunn	Resolved	forwarded to SM

KC-11423-0QVH23	05/05/2010	Code Compliance-Report a Potential Violation	Skip & Doris Junis	My wife and I would like to once again file our complaint regarding the significant noise pollution emanating from the Kitsap Rifle and Revolver Club. This Sunday was almost constant noise which seemed to be 30 caliber auto and semiautomatic weapons. They certainly weren't single shot hunting rifles. This noise is not compatible with the surrounding residential neighborhoods and we would like to ask the County to please act to reduce this noise pollution. Noise has been well established as an environmental health risk. I know that this club was not grandfathered in the Comprehensive Use Plan at the level their now operating. They were grandfathered in at their "historic" configuration and usage, which was one pistol and one rifle firing lane. This ridiculous situation has to come to a stop. We're respectfully requesting the County to enforce the codes and laws. Thanks for your time and consideration into this matter.	Mary Seals	Resolved	The complaint has been documented and filed with the ongoing case by Steve Mount
KC-11637-DZEZK2	05/26/2010	Code Compliance-General Inquiries	Jerome Carbone	My neighborhood has been subjected to the daily sound of gunfire over the past 6 or 8 months. A recent article in the CK Reporter provided the explanation--Kitsap Rifle and Revolver Club has apparently increased the number of firing lines from 2 to 16. Some of these are directed toward Klahowya Secondary School, the Newberry Hill Heritage Park and my neighborhood. These new firing lines were apparently constructed without proper permits. The noise from these illegally constructed firing lines has had a major negative impact on my quality of life. The gun club has also apparently destroyed wetlands in the process of construction. I want these illegally constructed firing lines dismantled and the environmental damage repaired. The gun range must be required to return to its legal configuration of two firing lines. The gun club cannot be allowed to openly evade the permitting rules and subject the rest of us to the adverse effects of the noise and the possible danger from stray bullets directed toward a park and school. Also, it cannot be allowed to damage the environment in flagrant violation of the law. Jerome E. Carbor	Kim Dunn	Resolved	forwarded to SM for followup
KC-12384-C5GNG3	07/21/2010	County Administration-Concerns and Scheduleing with Commissioners-All Commissioners	Wade Larson	See attached Email re: gun club: I wish to lodge a complaint about noise coming from KRRC I have lived at this location for 30+ years, and the noise has only been audible and a problem for me the last few years. At first it was just louder, then longer, then more repetitious, then startling booms that break a complete silence. Activities outside are disrupted by the noise, and the peace I enjoyed here for years is gone. I try to spend as little time as possible here so I am not constantly reminded of how a small group can be allowed to act with so little regard to the rights of others. These people who are doing this live elsewhere, they are my neighbors in property only, not in community. I know the folks of my community. The KRRC encroached on me, in the last few years. I was tolerant, and tried to be the good neighbor. I spoke in their defense and their right to remain. I went to them to try to work with them. I talked to any member who would listen. Their comments were, I just want a place to shoot, it is my right, I do not see a problem, I hardly	Brynan Slezak	Active	
KC-12387-OH5KNC	07/21/2010	Code Compliance-Report a Potential Violation	Wendell Crim	What action is the County taking to address the noise from the Kitsap Rifle and Revolver Club? The noise continues, and seems to be getting louder and more persistent, sounded like a war zone today... a day I was hoping to enjoy working in my garden, but that doesn't seem possible anymore. We have lived here for over 12 years, and the noise just keeps getting worse, especially the past few years. We live in the Whisper Ridge subdivision to the north of the gun club. Gun noise started as early as 8 am and continued throughout the day. Thank you for letting us know what's going on, and is the club permitted to have so much increased activity??? KC-12512-ICI231	07/29/2010	Code Compliance-Report a Potential Violation	Peggy & Bob Kermath	***The following was received via email.*** We would like to complain about the shooting today 7/27/10 at KRRC. Throughout the day and up to 8:30pm there was continual gun noise. Most was from auto and semi-automatic weapons, but at one point someone was shooting a machine gun! We know it was a machine gun, because one of the people in our group was able to visually see the person shooting it! Sincerely, Bob and Peggy Kermath	Kim Dunn	Resolved	forwarded for open CE case
KC-12550-G7J85P	08/02/2010	Code Compliance-Report a Potential Violation	Skip & Doris Junis	County Officials, The excessive gun noise noise continues. Saturday July 31, there was loud continuous gun fire. It sounded like m16's, automatic and there were explosions, which means KRRC was shooting at "tennerite" containers taped to targets. This is a binary explosive and should not be allowed in the county, especially at a gun range. I am sick in bed and was unable for most of the afternoon to sleep in my own bedroom. Granted I had the windows open, due to summer heat, but my house is over 1.5 miles from the gun club. When is the county going to address this problem. This club is operating with out any permits. Skip Junis	Kim Dunn	Resolved	forwarded to SM

Admin

I am a Life Member, Trustee, and Range Officer at Kitsap Rifle and Revolver Club (KRRC). I am very concerned with the delay of communication from The County about the land swap that is taking place (Newberry Hill Project). KRRC is on part of this property, and should have been included in meetings or at least informed from the very beginning. Questions arise from this lack of communication. Will KRRC continue to be at it's current location and at what cost?

My wife and I have hiked most trails in the Olympic Mountains as well as many in the Cascades. We've biked some of these trails, and some in Kitsap County too. In Short, We have plenty of places to hike, bike and enjoy the outdoors in this and other states. Shooting, especially competitive shooting is My passion. I can no longer shoot in the woods and gravel pits in Kitsap County, even when safe to do so.

In reference to your e mail dated March 9, 2009, addressed to Kitsap County Commissioner Josh Brown and Kitsap County Parks and Recreation, subject "URGENT TIME SENSITIVE PROPOSAL TO CONTRACT FOR LEASE/PURCHASE SITE/ACREAGE" : I take exception and offense to a number of untrue and/or misrepresentative statements you made in this letter. Specifically:
a.. you state "KRRC's neighbors (adjacent property owners) even if they are not actual members of the club do support the club." This is not true. I have lived next door to the club for over 20 years. I am a former member and did support the club up until a few years ago when the club's purpose and goals radically changed. To the best of my knowledge, only 2 or 3 of the 40+ neighbors most affected by the club's operations actively support the club. Most of the rest seem at best resigned to having made a poor decision when buying or building here years ago and having lacked the foresight to see just how bad conditions could become when living next to an organization such as KRRC has become..

There are only three public ranges in Kitsap County that support the full spectrum of firearms practice, KRRC, Poulsbo Sportsmen's Club, and Bainbridge Island. Each club performs a vital service to the county and nation in the form of Firearm Safety classes, Hunter Education, and a safe, legal place to shoot. If any one of these ranges is disestablished, those remaining would be very overcrowded. The future of KRRC must be assured, hopefully before the land swap takes place. I would like to see some form of legal documentation that would not leave our existence up to future political whims. The best solution in My estimation would be for KRRC to be allowed to buy the property in question at a reasonable price.

b. "Neighbors support the club because it is responsibly operated" Again, blatantly false. In 2005 KRRC submitted a plan to the County to expand club facilities. The county provided comments and requirements to the club on actions necessary to get a permit for the proposed work. KRRC rejected the requirements and started work on the expansion anyway, clearing a significant area of recently planted DNR lands, cutting roads, grading, and cutting ditches to drain wetlands to construct a new 1000 meter range. The County issued a stop work order and DNR required KRRC to at least partially restore and replant the affected area. After the fact KRRC took the position that that they weren't really building a new range, just reorienting the existing range. Even after the stop work order was issued, KRRC continued work on other parts of the range in defiance of County Code and Ordinances. This is hardly the type of responsible, law abiding behavior KRRC claims and is only one of several examples of irresponsible unilateral behavior demonstrated by the club. There is, incidentally, a very interesting trail of documentati

c.. "KRRC has reasonable hours" KRRC's current published hours are 6 a.m. to 10 p.m. These hours were changed from the historic and traditional daylight hours only following the illegal installation of range lights several years ago. Since installation of range lights , shooting has often extended well beyond the published hours, and all too often culminates in an intense 15 to 30 minutes of automatic weapons fire, frequently around bar closing time, particularly during the warmer months. d. "KRRC has an effective noise control system" subjective, but noise levels at my home have increased from only occasionally mildly annoying to levels that sometimes preclude outside activity at my home since the realignment and restructuring of the berms and baffles at the range. I can only suggest that the club invest in a range design review by a credentialed entity with competence in this area.
The remainder of my concerns will be addressed in another forum. KRRC's arrogance in claiming to speak for me in matters relating to the range is unconscionable and unacceptable. I request KRRC issue a statement correcting the above items to all recipients of the original e mail, or, alternatively, provide subs

The paintball field was a great community recreational facility, and I even used it for my Navy Reserve unit for recreation and training. It is a tragedy to see it go. I think we need to consider ALL the public uses of parks, not just the ones that seem to have the largest political support. I think it is clear there are a large number of gun owners in the county, and they should have a safe and controlled environment to support their proficiency with their firearms. This is a public service.

I appreciate your consideration on this issue and your dedication to public service.

Chico Creek I've found out is one of the states (maybe Northwest), biggest salmon (chum)runs and I'll bet it is polluted. I look forward to working with you on this issue. Our group is growing and I know they are looking forward to working you and the other County Departments to stop this ridiculous situation. Sorry I haven't called to set up the time for me to present my solutions, but I have met a number of important contacts and I keep getting new information that seems to be altering a number of my initial solution ideas. I hope to have something finalized at end of next week. I'll call to set an appointment. I appreciate your time and consideration. I especially appreciate any efforts you and the County can put forth to stop the insanity. Skip and Doris Junis

Since publicly available correspondence between the County, KRRC, and several state agencies indicates expansion and realignment of KRRC was done deliberately and with full prior knowledge of code requirements by club officials, we also request the County impose the maximum penalties, sanctions, and fines specified in County Code to confirmed violations.

We request to be informed of County actions on this request as authorized by the public disclosure laws. Points of contact are Terry Allison, [redacted] Bremerton, Wa. 98312; Skip Junis, [redacted] Blvd., Silverdale, Wa. 98312.

At this time I wish to expand my complaint to include this statement. For whatever reason, County government has failed to handle this issue over a one year period, to the point that I feel it needs to look at itself and find out why it can not serve the interests of its citizens in a timely manner. The complexity of an issue does not render it indefinable. A statement must be made immediately by all commissioners as to the validity of the noise complaint. The details can be worked out, but residents need to get answers.

Craig,

You and Doug need to compare notes on this and have a response for Nancy by end of day.

Dear all: Wade Larson has asked the following:

1) when we will have a fix on the 'case closed issue." He will probably coming tonight.
2) Should they resubmit concerns/complaints that were sent but were not received because of the commuter glitch?

Don: He is asking for a PDR of those complaints re: to the KRRC (and I know he has asked for this prior & received info) but is asking for those that are part of Steve Mount's file as well.

Subject: contact information, back-up data, etc.

Please forward to: **Nancy Buonanno Grennan**

Nancy,
Here is my contact information, and a copy of last night's statements. Also I gave you a copy of some of my undeliverable notices, upon which I wrote my information on last night. I have added one more in this communication. I think that fulfills commissioner Brown's request for supporting data. A talk with Doug Bear will be informative, which is part of what I was trying to say to him at the end of my presentation. I am sorry if I appeared rude last night, but I had been trying to get some answers out of Larry for quite some time, and at that moment he was providing me with some of them. At the bottom is a summary of how I got into this mess, and what I need to "get out". If you need anything further please let me know.

Comments to BOCC 7-26-10

Wade Larson

[redacted]

Wadelarson2@[redacted]

I wish to make the Board aware of some problems that exist in the ways a citizen communicates with the County. Using the Kitsap 1 web address to comment to the county, a number of E-mails have been returned undeliverable. A log of about the last 6 month's worth of calls on one issue did not have an e-mail as their case origin. The system was rejecting the transmission. This was corrected last week. The people I contacted that phoned in a comment had not received a follow-up call. The status report of every call was "Resolved", "Problem solved". In my estimation that is not the case. The reason given for that posting was there were no better options available. Any software program for this use must have a "Pending" option or something as appropriate to tell the reader the issue is on-going. The concept of Kitsap 1 is great and forward-thinking, and I support it, but these things must be changed immediately.

The citizen's liaison to local government, the CKCC, presently has the May agenda and the April meeting minutes on their website. They do not make note of any citizen comments that were made at their meetings, and their contact E-mail is not posted. Being up-to-date will go a long ways in furthering their mission statement. Improvements need to be made so people can feel their efforts to involve themselves in their government are affective.

The commissioners post their web address on the County website, but do not reply to E-mails. In my opinion a refusal to comment is far better than no response at all.

The Commissioner's policy of not commenting on actions taken in other districts is not proper, once the action in question is voted on by the Board. All 3 are "owners" of that decision, and any need to act on that decision is borne by all.

Hi. This is the qmail-send program at yahoo.com.

Title	Case Number	Created On	Case Origin	Created By	Customer	Description	Disclosure Exempt:	District	E-mail	Event Description	Follow By
Code Compliance-General Inquiries	KC-10812-87OTMH	03/19/2010	Phone	Audrey Shannon	Gail & Kevin Gross	(Note: following is a copy from an email sent to all three comissioners in addition to Kitsap 1) This is copied directly from the website of Kitsap Rifle & Revolver Club, updated on Mar. 17: "Starting today at approximately 3pm, there will be intermittent closures of the rifle line over the next week due to drilling our new well. Call the range for details." When checking the Kitsap County website to verify a permit being issued--IT SHOWS NO PERMIT BEING ISSUED!! This is on property tax account 362501-4-002-1006 at 4900 Seabeck Highway NW; Bremerton, WA 98312 for Kitsap Rifle & Revolver Club. This group still owes property taxes in the amount of $2,830.47 that were due 10/31/2009. Isn't this the same group that bull-dozed a new rifle shooting line	No				03/23/2(

						without a permit in 2005 and were finally stopped by the County? I believe that they were also supposed to restore the area destroyed to it's former state. (Check out Google Earth to see the scar that still remains.) We follow the rules and expect Kitsap Rifle & Relvolver Club to do the same. If they are not going to follow the rules and regulations, it is expected that the County should force them to do so in a timely manner. This is not something that is going to go away. Thank you, Kevin & Gail Gross (Information checked and verified on Mar. 18 at approx. 6:30am on the websites of Kitsap County and Kitsap Rifle & Revolver Club..)		
Code Compliance-General Inquiries	KC-10817-HGT59B	03/19/2010	Phone	Antonia Kruckeberg	Shirley Desmon	Hi. My home was recently "leafleted" by a group requesting our neighborhood write and complain about perceived noise from the Kitsap Rifle and Revolver Club. I am writing to express my support FOR	No	03/23/2(

this club. I am not a member of the gun club; but I have very little patience for anyone who moves next door to a pre-existing gun club, community play field, private air strip, pea-patch, etc. and then complains about the disruption. The gun range in question has been there for years - well prior to any development on this ridge. Anyone who purchased a home in this area either knew or should have known about the range. I have lived in my home for nearly 20 years and have not noticed any increase in the noise from the gun range during that time. Any noise I do hear is WELL below the decibel level of my neighbor's lawn equipment.

Sincerely,

Shirley Desmon

Bremerton, WA 98312

Code Compliance-General Inquiries	KC-11637-DZEZK2	05/26/2010	Phone	Antonia Kruckeberg	Jerome Carbone	My neighborhood has been subjected to the daily sound of gunfire over the past 6 or 8 months. A recent article in the CK Reporter provided the explanation--Kitsap Rifle and Revolver Club has apparently increased the number of firing lines from 2 to 16. Some of these are directed toward Klahowya Secondary School, the Newberry Hill Heritage Park and my neighborhood. These new firing lines were apparently constructed without proper permits. The noise from these illegally constructed firing lines has had a major negative impact on my quality of life. The gun club has also apparently destroyed wetlands in the process of construction. I want these illegally constructed firing lines dismantled and the environmental damage repaired. The gun range must be required to return to its	No	3 - Central	05/28/2(

						legal configuration of two firing lines. The gun club cannot be allowed to openly evade the permitting rules and subject the rest of us to the adverse effects of the noise and the possible danger from stray bullets directed toward a park and school. Also, it cannot be allowed to damage the environment in flagrant violation of the law. Jerome E. Carbone Hello, YES, THERE IS EXCESSIVE GUN CLUB NOISE POLLUTION!!!! We live in the Whisper Ridge Development and I find the Gun Club Noise is excessive. We can hear the pop, pop, pop, pop, pop, pop, blam, blam, blam, blam, blam, blam, blam, blam, boom, boom, boom, boooom, boom, booom, boooom whenever it occurs. We hear it in the morning, afternoon, evening, and sometimes even at 9:30 (+) at night. It happens on any given day of the			
Code Compliance-Report a Potential Violation	KC-10810-4UWTSU	03/19/2010	Phone	Audrey Shannon	Carl Jorgensen		No	3 - Central	03/23/2(

						week. The sound of gunfire carries up and over the hill into our neighborhood. We notice it during winter with our windows all closed. It will be awful when the weather warms up. There will be more shooters and alot more noise.When we open our windows the sound of gunfire is plainly heard and is too loud! It is noise pollution, disturbing, grates on your nerves, just doesn't belong here. Something should be done about the noise. Thank you for addressing this issue. We appreciate it. The Jorgensens We live in the Whisper Ridge subdivision in Bremerton, located off Iskra. Gun noise has become excessive these past few years, and we would appreciate it if the County would investigate this. The noise apparently comes from the Kitsap Rifle club, and we hear gun noise from large caliber

						weapons, which starts as early as 7am on weekends and weekdays, and continues well into the evening every night. Thank you.			
Code Compliance-Report a Potential Violation	KC-10813-IG90RJ	03/19/2010	Phone	Audrey Shannon	Gary & Dawn Fisher	We are writing to complain about the increased noise from the Kitsap Rifle & Revolver Club in Bremerton. We live a mile and a half from the club and are able to easily hear the shooting. We are hearing the firing of automatic and semi-automatic weapons. The noise wakes us up at night and in the early morning, and makes it unpleasant to have outdoor family barbecues. We understand the KRRC increased its shooting lanes from 2 to 16 without any sort of permit, which accounts for the added noise over the last couple years. We also understand that during its more than 80 years of operation, the KRRC has failed to perform any type of cleanup of its grounds. What kind of contamination is this putting	No	3 - Central	03/23/20

into Chico Creek and the surrounding wetlands? The adjacent Camp Wesley Harris was closed due to pollution and KRRC does not seem to care what kind of impact it is having. As you all know, this impact can be devastating for years to come. Do you realize that, on average, shooting ranges could have up to 1 million pounds of lead in the soil after a few decades of operation? Don't you think it's time KRRC starts being responsible and clean up their area of all the lead it has been putting onto and into its grounds since its inception in 1926? Why were there no public hearings to consider any concerns of the surrounding residents (some as far as 4 miles away from the club are hearing the shooting) when Kitsap County granted 72 acres to KRRC? Thank you for your consideration. Gary and Dawn Fisher ***2nd email*** Is there any follow-up to ensure grant

						recipients comply with all requirements, and that they obtain permits? KRRC has not obtained permits and has misappropriated the funds it has received.				
Code Compliance-Report a Potential Violation	KC-11303-4KX0NV	04/27/2010	Phone	Erin Denny	Skip & Doris Juni	The following was received via email: April 27th at 12:00 and the gun fire is very loud. What's odd is there are few people out there shooting. It has become quite apparent that the new firing lanes KRRC put in that face North are improperly designed, so they direct louder gun fire towards our housing development. These firing need to go away. These were part of the expansion without permits, so when the County takes action our group certainly want these firing lanes returned to their natural state. This is imperative to eliminate excessive noise.	No			04/29/2(
Code Compliance-Report a Potential Violation	KC-11376-V7U6E7	05/03/2010	Phone	Antonia Kruckeberg	Peggy Kermath	To the county offices and the commissioners office, We want to register our complaint about the excessive gun noise from	No	3 - Central		05/05/2

Code Compliance-Report a Potential Violation	KC-11379-LVQ7H4	05/03/2010	Phone	Antonia Kruckeberg	Colen & Joanne Corey	the Kitsap Rifle and Revolver Club throughout the day today! At various intervals they were firing 30 caliber automatic and semi-automatic weapons! Bullets from these types of weapons can travel more than 3 miles! A ricochet can be just as deadly! As concerned residents we would appreciate your help in correcting this problem! Respectfully, Robert and Peggy Kermath Well today was extra loud. I was trying to get things done in my own garden when the noise of what sounded like to me cannon fire, yes I said cannon fire. I even made a comment to my husband, he said sounds like cannons to me! No We are trying to be good neighbors and I wish they would too. County Administration-Concerns and Scheduleing with Commissioners-All Commissioners	KC-10084-2QL0I2	01/12/2010	Phone	Erin Denny	Paula Ballesteros	penetrating inside my house in Whisper Ridge 1.65 miles away. Surely there has to be a County Code that can stop this at a reasonable hour. I can't believe such a small group of inconsiderate people can be holding up our community. Is there not anyone willing to stand up for the residents who are under siege. Please help. Skip and Doris Junis Hi, I live in Whisper Ridge off of Eldorado Blvd. I find the noise from the Kitsap Rifle and Revolver Club shooting range seems to get louder and more frequent. Is there a way to get the noise reduced? It is really bad in the summer months and the gun fire wakes our kids up on the weekends. Paula Ballesteros	No	3 - Central		01/12/2(

Just so you know, I am not on a crusade to change county government, hassle commissioners, or get in front of a camera. I really do not like having to come down there to "get involved". Trouble is, when I know about things like these, I can not get them off my mind. I got myself drug into this over a year ago when Newberry Hill Heritage Park was being created. I am no environmentalist, but I was here when the real Tree-huggers walked the Earth, and I know, if they were here now, they would not be happy if they saw what is happening to there lands and their movement. I attempted to make the administration aware of the need to protect this area from habitat degradation due to rouge trailbuilding, and uncompatable uses of the south end of NHHP. I was also concerned about KRRC(environmental concerns), and making sure all planning actions of the Park (Larry

Keeton) were followed to see it off to a good start. I posed my questions to all the commissioners, CKCC, Parks and others to get a "we'll look into that" reply. Nothing happened. I am a member of the stewardship committee for that park, and am frustrated about that committee's inability to do much to further my goal of protecting this sensitive area. A good, defined plan of how to protect this area now is far better than years of rangling over how to return an area back to what it originally was planned to be. Presently park planners need to define what areas can have what uses in the RCO conservation easement. This whole process was to be done already, and we as stewards and general public were told that it would be done during the master planning process. Now, Martha Droge says it can not be done until a labor agreement/rehire is arranged for an IT person to perform a trail overlay that, in my mind, a highschooler can do in a weekend. This is the last in a string of excuses for the delay, leading me to believe there is another purpose in mind. If we do not get it done and done right, I for one will see to it that RCO does not grant more funds for any project until this is accomplished, and any needed remedial action is taken. In my opinion only,we have lost a lot of interested people in our stewardship group already because there is "nothing we can do" in the lower area except stand guard over the area to tell people they can not use or build trails in areas we have no idea of compatable use designations for. The whole project is a half-baked effort that the promoters have washed their hands of and moved on to other things.(incorporation, YMCA, attempts to distance themselves from the KRRC debaucle, grant applications for park funds, etc.)

I could go on to how the noise led me to look into KRRC and to administrations kicking the issue down the road, or ignoring it until we are to where we are today. (no action being taken, no statements being made, media portraying KRRC as a picked on group of people asserting their 2nd ammendment rights) I could talk about how some E-mails go to spam, and/or lost (only in your system, nowhere else that I communicate), to spending over a day tracking down why people's comments are lost in cyberspace or returned undeliverable through Kitsap 1.(This begs an important question. If this happened to all e-mails, why did no one notice there were no e-mail comments coming in? Leads you to believe it was a one issue-related "glitch". Could you investigate that please?)

As a footnote, my comments of last night were directed to all the Board, and were not intended to put anyone on the spot. But, for the record, if the Chairman makes a comment that solicites an answer, he better be prepared to hear the response. Last night the intent was to be helpful and informative. My hope is, in the near future, to be able to request a complete log of Kitsap 1comments on any issue, in their unedited E-package, for forwarding on to other agencies.

In closing, please fix Kitsap 1. Finish NHHP before it becomes a Banner Forest. Make CKCC a functioning body or disband it. Inform the commissioners that it is not in my nature to give up, and I really have a problem about being ignored.

Thank you,
Wade Larson

Craig,

I am not familiar with the computer (commuter) glitch that is mentioned in this email string. It looks like the email address for Doug Bear was keyed in wrong. It shows dbear@kitsap.wa.us , it should be dbear@co.kitsap.wa.us

Not sure what the problems are but he should probably resend the email.

Please forward to: **Nancy Buonanno Grennan**

Nancy,
Here is my contact information, and a copy of last night's statements. Also I gave you a copy of some of my undeliverable notices, upon which I wrote my information on last night. I have added one more in this communication. I think that fulfills commissioner Brown's request for supporting data. A talk with Doug Bear will be informative, which is part of what I was trying to say to him at the end of my presentation. I am sorry if I appeared rude last night, but I had been trying to get some answers out of Larry for quite some time, and at that moment he was providing me with some of them. At the bottom is a summary of how I got into this mess, and what I need to "get out". If you need anything further please let me know.

Comments to BOCC 7-26-10

Wade Larson

[redacted]

Wadelarson2@[redacted]

I wish to make the Board aware of some problems that exist in the ways a citizen communicates with the County. Using the Kitsap 1 web address to comment to the county, a number of E-mails have been returned undeliverable. A log of about the last 6 month's worth of calls on one issue did not have an e-mail as their case origin. The system was rejecting the transmission. This was corrected last week. The people I contacted that phoned in a comment had not received a follow-up call. The status report of every call was "Resolved", "Problem solved". In my estimation that is not the case. The reason given for that posting was there were no better options available. Any software program for this use must have a "Pending" option or something as appropriate to tell the reader the issue is on-going. The concept of Kitsap 1 is great and forward-thinking, and I support it, but these things must be changed immediately.

The citizen's liaison to local government, the CKCC, presently has the May agenda and the April meeting minutes on their website. They do not make note of any citizen comments that were made at their meetings, and their contact E-mail is not posted. Being up-to-date will go a long ways in furthering their mission statement. Improvements need to be made so people can feel their efforts to involve themselves in their government are affective.

The commissioners post their web address on the County website, but do not reply to E-mails. In my opinion a refusal to comment is far better than no response at all.

The Commissioner's policy of not commenting on actions taken in other districts is not proper, once the action in question is voted on by the Board. All 3 are "owners" of that decision, and any need to act on that decision is borne by all.

Hi. This is the qmail-send program at yahoo.com.

Code Compliance-General Inquiries	KC-10812-87OTMH	03/19/2010	Phone	Audrey Shannon	Gail & Kevin Gross	(Note: following is a copy from an email sent to all three comissioners in addition to Kitsap 1) This is copied directly from the website of Kitsap Rifle & Revolver Club, updated on Mar. 17: "Starting today at approximately 3pm, there will be intermittent closures of the rifle line over the next week due to drilling our new well. Call the range for details." When checking the Kitsap County website to verify a permit being issued--IT SHOWS NO PERMIT BEING ISSUED!! This is on property tax account 362501-4-002-1006 at [redacted] Highway NW; Bremerton, WA 98312 for Kitsap Rifle & Revolver Club. This group still owes property taxes in the amount of $2,830.47 that were due 10/31/2009. Isn't this the same group that bull-dozed a new rifle shooting line without a permit in 2005 and were finally stopped by the	No		03/23/2(

						County? I believe that they were also supposed to restore the area destroyed to it's former state. (Check out Google Earth to see the scar that still remains.) We follow the rules and expect Kitsap Rifle & Relvolver Club to do the same. If they are not going to follow the rules and regulations, it is expected that the County should force them to do so in a timely manner. This is not something that is going to go away. Thank you, Kevin & Gail Gross (Information checked and verified on Mar. 18 at approx. 6:30am on the websites of Kitsap County and Kitsap Rifle & Revolver Club..)		
Code Compliance-General Inquiries	KC-10817-HGT59B	03/19/2010	Phone	Antonia Kruckeberg	Shirley Desmon	Hi. My home was recently "leafleted" by a group requesting our neighborhood write and complain about perceived noise from the Kitsap Rifle and Revolver Club. I am writing to express my support FOR this club. I am not a member of the gun club; but I have very	No	03/23/2(

						little patience for anyone who moves next door to a pre-existing gun club, community play field, private air strip, pea-patch, etc. and then complains about the disruption. The gun range in question has been there for years - well prior to any development on this ridge. Anyone who purchased a home in this area either knew or should have known about the range. I have lived in my home for nearly 20 years and have not noticed any increase in the noise from the gun range during that time. Any noise I do hear is WELL below the decibel level of my neighbor's lawn equipment. Sincerely, Shirley Desmon [redacted] Bremerton, WA 98312			
Code Compliance-General Inquiries	KC-11637-DZEZK2	05/26/2010	Phone	Antonia Kruckeberg	Jerome Carbone	My neighborhood has been subjected to the daily sound of gunfire over the past 6 or 8 months. A recent article in the CK Reporter	No	3 - Central	05/28/2(

provided the explanation--Kitsap Rifle and Revolver Club has apparently increased the number of firing lines from 2 to 16. Some of these are directed toward Klahowya Secondary School, the Newberry Hill Heritage Park and my neighborhood. These new firing lines were apparently constructed without proper permits. The noise from these illegally constructed firing lines has had a major negative impact on my quality of life. The gun club has also apparently destroyed wetlands in the process of construction. I want these illegally constructed firing lines dismantled and the environmental damage repaired. The gun range must be required to return to its legal configuration of two firing lines. The gun club cannot be allowed to openly evade the permitting rules and subject the rest of us to the

						adverse effects of the noise and the possible danger from stray bullets directed toward a park and school. Also, it cannot be allowed to damage the environment in flagrant violation of the law. Jerome E. Carbone Hello, YES, THERE IS EXCESSIVE GUN CLUB NOISE POLLUTION!!!! We live in the Whisper Ridge Development and I find the Gun Club Noise is excessive. We can hear the pop, pop, pop, pop, pop, pop, pop, blam, blam, blam, blam, blam, blam, blam, blam, boom, boom, boom, boooom, boom, booom, booooom whenever it occurs. We hear it in the morning, afternoon, evening, and sometimes even at 9:30 (+) at night. It happens on any given day of the week. The sound of gunfire carries up and over the hill into our neighborhood. We notice it during winter with our windows all closed. It will be

Code Compliance-Report a Potential Violation	KC-10811-T3NB59	03/19/2010	Phone	Audrey Shannon	Wendell & Eva Crim	awful when the weather warms up. There will be more shooters and alot more noise.When we open our windows the sound of gunfire is plainly heard and is too loud! It is noise pollution, disturbing, grates on your nerves, just doesn't belong here. Something should be done about the noise. Thank you for addressing this issue. We appreciate it. The Jorgensens We live in the Whisper Ridge subdivision in Bremerton, located off Iskra. Gun noise has become excessive these past few years, and we would appreciate it if the County would investigate this. The noise apparently comes from the Kitsap Rifle club, and we hear gun noise from large caliber weapons, which starts as early as 7am on weekends and weekdays, and continues well into the evening every night. Thank you.	No	3 - Central	03/23/2(

Code Compliance-Report a Potential Violation	KC-10813-IG90RJ	03/19/2010	Phone	Audrey Shannon	Gary & Dawn Fisher	We are writing to complain about the increased noise from the Kitsap Rifle & Revolver Club in Bremerton. We live a mile and a half from the club and are able to easily hear the shooting. We are hearing the firing of automatic and semi-automatic weapons. The noise wakes us up at night and in the early morning, and makes it unpleasant to have outdoor family barbecues. We understand the KRRC increased its shooting lanes from 2 to 16 without any sort of permit, which accounts for the added noise over the last couple years. We also understand that during its more than 80 years of operation, the KRRC has failed to perform any type of cleanup of its grounds. What kind of contamination is this putting into Chico Creek and the surrounding wetlands? The adjacent Camp Wesley Harris was closed due to pollution and KRRC does not	No	3 - Central	03/23/2(

seem to care what kind of impact it is having. As you all know, this impact can be devastating for years to come. Do you realize that, on average, shooting ranges could have up to 1 million pounds of lead in the soil after a few decades of operation? Don't you think it's time KRRC starts being responsible and clean up their area of all the lead it has been putting onto and into its grounds since its inception in 1926? Why were there no public hearings to consider any concerns of the surrounding residents (some as far as 4 miles away from the club are hearing the shooting) when Kitsap County granted 72 acres to KRRC? Thank you for your consideration. Gary and Dawn Fisher ***2nd email*** Is there any follow-up to ensure grant recipients comply with all requirements, and that they obtain permits? KRRC has not obtained permits and has misappropriated

						the funds it has received.			
Code Compliance-Report a Potential Violation	KC-11303-4KX0NV	04/27/2010	Phone	Erin Denny	Skip & Doris Juni	The following was received via email: April 27th at 12:00 and the gun fire is very loud. What's odd is there are few people out there shooting. It has become quite apparent that the new firing lanes KRRC put in that face North are improperly designed, so they direct louder gun fire towards our housing development. These firing need to go away. These were part of the expansion without permits, so when the County takes action our group certainly want these firing lanes returned to their natural state. This is imperative to eliminate excessive noise.	No		04/29/2(
Code Compliance-Report a Potential Violation	KC-11376-V7U6E7	05/03/2010	Phone	Antonia Kruckeberg	Peggy Kermath	To the county offices and the commissioners office, We want to register our complaint about the excessive gun noise from	No	3 - Central	05/05/2(

Code Compliance-Report a Potential Violation	KC-11379-LVQ7H4	05/03/2010	Phone	Antonia Kruckeberg	Colen & Joanne Corey	the Kitsap Rifle and Revolver Club throughout the day today! At various intervals they were firing 30 caliber automatic and semi-automatic weapons! Bullets from these types of weapons can travel more than 3 miles! A ricochet can be just as deadly! As concerned residents we would appreciate your help in correcting this problem! Respectfully, Robert and Peggy Kermath Well today was extra loud. I was trying to get things done in my own garden when the noise of what sounded like to me cannon fire, yes I said cannon fire. I even made a comment to my husband, he said sounds like cannons to me! No We are trying to be good neighbors and I wish they would too. I feel that listening to the explosions go off all the time every day, every holiday, every sunday ,every day early in the morning and sometimes late into the night. I think	05/05/2(

Code Compliance-Report a Potential Violation	KC-11380-XO656D	05/03/2010	Phone	Antonia Kruckeberg	Vicki & Greg Hoisington	gun fire should cease after 6:00 when people are trying to enjoy there home life and peace and quite after a stressful work day is not to much to ask, since they have purchased the gun range the weapontry has become more powerful and more obnoxious. I also feel that a cease fire should occur on holidays, ie christmas, christmas eve, easter and minimal on sundays atleast. I wish they would be better neighbors to the community. Joanne Corey Hi Mr. Mount, I live at [redacted] and am writing to let you know I'm hearing loud gunfire luder than the normal pop pop pop on Sundays and wonder if you could look into it. I am out planting in my yard and wonder if the gunfire may be fom 30 caliber automatic gunfire. I like to be outside rnjoying spring but this is sad to hear and so much louder than the normal gunfire I usually hear on	No	05/05/2(

Code Compliance-Report a Potential Violation	KC-11423-0QVH23	05/05/2010	Phone	Antonia Kruckeberg	Skip & Doris Juni	My wife and I would like to once again file our complaint regarding the significant noise pollution emanating from the Kitsap Rifle and Revolver Club. This Sunday was almost constant noise which seemed to be 30 caliber auto and semiautomatic weapons. They certainly weren't single shot hunting rifles. This noise is not compatible with the surrounding residential neighborhoods and we would like to ask the County to please act to reduce this noise pollution.	No	05/07/2(

						Noise has been well established as an environmental health risk. I know that this club was not grandfathered in the Comprehensive Use Plan at the level their now operating. They were grandfathered in at their "historic" configuration and usage, which was one pistol and one rifle firing lane. This ridiculous situation has to come to a stop. We're respectfully requesting the County to enforce the codes and laws. Thanks for your time and consideration into this matter.			
Code Compliance-Report a Potential Violation	KC-10644-3G3587	03/08/2010	Phone	Erin Denny	Mike Spieker	The following was received via email: Awakened this AM at 0800 to assault by bazookas fire at the Kitsap Rifle and Revolver Club. Are these within County noise codes? Appreciate your investigation. Thanks Mike Spieker [redacted] Loop NW [redacted]	No	3 - Central	03/10/2(
Code Compliance-Report a Potential Violation	KC-10688-NXGAS8	03/10/2010	Phone	Erin Denny	Skip & Doris Junis	County Authorities: It's almost 9:00 P.M. and the Gun Club is still shooting and the noise is	No	3 - Central	03/12/2(

					penetrating inside my house in Whisper Ridge 1.65 miles away. Surely there has to be a County Code that can stop this at a reasonable hour. I can't believe such a small group of inconsiderate people can be holding up our community. Is there not anyone willing to stand up for the residents who are under siege. Please help. Skip and Doris Junis			
County Administration-Concerns and Scheduleing with Commissioners-All Commissioners	KC-10084-2QL0I2	01/12/2010	Phone	Erin Denny	Paula Ballesteros	Hi, I live in Whisper Ridge off of Eldorado Blvd. I find the noise from the Kitsap Rifle and Revolver Club shooting range seems to get louder and more frequent. Is there a way to get the noise reduced? It is really bad in the summer months and the gun fire wakes our kids up on the weekends. Paula Ballesteros	No	3 - Central	01/12/2(

Just so you know, I am not on a crusade to change county government, hassle commissioners, or get in front of a camera. I really do not like having to come down there to "get involved". Trouble is, when I know about things like these, I can not get them off my mind. I got myself drug into this over a year ago when Newberry Hill Heritage Park was being created. I am no environmentalist, but I was here when the real Tree-huggers walked the Earth, and I know, if they were here now, they would not be happy if they saw what is happening to there lands and their movement. I attempted to make the administration aware of the need to protect this area from habitat degradation due to rouge trailbuilding, and uncompatable uses of the south end of NHHP. I was also concerned about KRRC(environmental concerns), and making sure all planning actions of the Park (Larry

Keeton) were followed to see it off to a good start. I posed my questions to all the commissioners, CKCC, Parks and others to get a "we'll look into that" reply. Nothing happened. I am a member of the stewardship committee for that park, and am frustrated about that committee's inability to do much to further my goal of protecting this sensitive area. A good, defined plan of how to protect this area now is far better than years of rangling over how to return an area back to what it originally was planned to be. Presently park planners need to define what areas can have what uses in the RCO conservation easement. This whole process was to be done already, and we as stewards and general public were told that it would be done during the master planning process. Now, Martha Droge says it can not be done until a labor agreement/rehire is arranged for an IT person to perform a trail overlay that, in my mind, a highschooler can do in a weekend. This is the last in a string of excuses for the delay, leading me to believe there is another purpose in mind. If we do not get it done and done right, I for one will see to it that RCO does not grant more funds for any project until this is accomplished, and any needed remedial action is taken. In my opinion only,we have lost a lot of interested people in our stewardship group already because there is "nothing we can do" in the lower area except stand guard over the area to tell people they can not use or build trails in areas we have no idea of compatable use designations for. The whole project is a half-baked effort that the promoters have washed their hands of and moved on to other things.(incorporation, YMCA, attempts to distance themselves from the KRRC debaucle, grant applications for park funds, etc.)

I could go on to how the noise led me to look into KRRC and to administrations kicking the issue down the road, or ignoring it until we are to where we are today. (no action being taken, no statements being made, media portraying KRRC as a picked on group of people asserting their 2nd ammendment rights) I could talk about how some E-mails go to spam, and/or lost (only in your system, nowhere else that I communicate), to spending over a day tracking down why people's comments are lost in cyberspace or returned undeliverable through Kitsap 1.(This begs an important question. If this happened to all e-mails, why did no one notice there were no e-mail comments coming in? Leads you to believe it was a one issue-related "glitch". Could you investigate that please?)

As a footnote, my comments of last night were directed to all the Board, and were not intended to put anyone on the spot. But, for the record, if the Chairman makes a comment that solicites an answer, he better be prepared to hear the response. Last night the intent was to be helpful and informative. My hope is, in the near future, to be able to request a complete log of Kitsap 1comments on any issue, in their unedited E-package, for forwarding on to other agencies.

In closing, please fix Kitsap 1. Finish NHHP before it becomes a Banner Forest. Make CKCC a functioning body or disband it. Inform the commissioners that it is not in my nature to give up, and I really have a problem about being ignored.

Thank you,
Wade Larson

Ed,

Bud wants this by the end of the day, but Doug did not answer item #2.

1)
2) Should they resubmit concerns/complaints that were sent but were not received because of the com~~m~~puter glitch?

It sounds like the citizen was trying to send emails during an email outage. Should we recommend they resend?

Thanks,

Craig R. Adams

Dear all: Wade Larson has asked the following:

1) when we will have a fix on the 'case closed issue." He will probably coming tonight.

2) Should they resubmit concerns/complaints that were sent but were not received because of the commuter glitch?

Don: He is asking for a PDR of those complaints re: to the KRRC (and I know he has asked for this prior & received info) but is asking for those that are part of Steve Mount's file as well.

Please forward to: **Nancy Buonanno Grennan**

Nancy,
Here is my contact information, and a copy of last night's statements. Also I gave you a copy of some of my undeliverable notices, upon which I wrote my information on last night. I have added one more in this communication. I think that fulfills commissioner Brown's request for supporting data. A talk with Doug Bear will be informative, which is part of what I was trying to say to him at the end of my presentation. I am sorry if I appeared rude last night, but I had been trying to get some answers out of Larry for quite some time, and at that moment he was providing me with some of them. At the bottom is a summary of how I got into this mess, and what I need to "get out". If you need anything further please let me know.

Comments to BOCC 7-26-10

Wade Larson

[redacted]

Wadelarson2@[redacted]

I wish to make the Board aware of some problems that exist in the ways a citizen communicates with the County. Using the Kitsap 1 web address to comment to the county, a number of E-mails have been returned undeliverable. A log of about the last 6 month's worth of calls on one issue did not have an e-mail as their case origin. The system was rejecting the transmission. This was corrected last week. The people I contacted that phoned in a comment had not received a follow-up call. The status report of every call was "Resolved", "Problem solved". In my estimation that is not the case. The reason given for that posting was there were no better options available. Any software program for this use must have a "Pending" option or something as appropriate to tell the reader the issue is on-going. The concept of Kitsap 1 is great and forward-thinking, and I support it, but these things must be changed immediately.

The citizen's liaison to local government, the CKCC, presently has the May agenda and the April meeting minutes on their website. They do not make note of any citizen comments that were made at their meetings, and their contact E-mail is not posted. Being up-to-date will go a long ways in furthering their mission statement. Improvements need to be made so people can feel their efforts to involve themselves in their government are affective.

The commissioners post their web address on the County website, but do not reply to E-mails. In my opinion a refusal to comment is far better than no response at all.

The Commissioner's policy of not commenting on actions taken in other districts is not proper, once the action in question is voted on by the Board. All 3 are "owners" of that decision, and any need to act on that decision is borne by all.

Title	Case Number	Created On	Case Origin	Created By	Customer	Description	Disclosure Exempt:	District	E-mail	Event Description	Follow By
Code Compliance-General Inquiries	KC-10812-87OTMH	03/19/2010	Phone	Audrey Shannon	Gail & Kevin Gross	(Note: following is a copy from an email sent to all three comissioners in addition to Kitsap 1) This is copied directly from the website of Kitsap Rifle & Revolver Club, updated on Mar. 17: "Starting today at approximately 3pm, there will be intermittent closures of the rifle line over	No				03/23/2(

the next week due to drilling our new well. Call the range for details." When checking the Kitsap County website to verify a permit being issued--IT SHOWS NO PERMIT BEING ISSUED!! This is on property tax account 362501-4-002-1006 at 4900 Seabeck Highway NW; Bremerton, WA 98312 for Kitsap Rifle & Revolver Club. This group still owes property taxes in the amount of $2,830.47 that were due 10/31/2009. Isn't this the same group that bull-dozed a new rifle shooting line without a permit in 2005 and were finally stopped by the County? I believe that they were also supposed to restore the area destroyed to it's former state. (Check out Google Earth to see the scar that still remains.) We follow the rules and expect Kitsap Rifle & Relvolver Club to do the same. If they are not going to follow the rules and regulations, it is

						expected that the County should force them to do so in a timely manner. This is not something that is going to go away. Thank you, Kevin & Gail Gross (Information checked and verified on Mar. 18 at approx. 6:30am on the websites of Kitsap County and Kitsap Rifle & Revolver Club..)		
Code Compliance-General Inquiries	KC-10817-HGT59B	03/19/2010	Phone	Antonia Kruckeberg	Shirley Desmon	Hi. My home was recently "leafleted" by a group requesting our neighborhood write and complain about perceived noise from the Kitsap Rifle and Revolver Club. I am writing to express my support FOR this club. I am not a member of the gun club; but I have very little patience for anyone who moves next door to a pre-existing gun club, community play field, private air strip, pea-patch, etc. and then complains about the disruption. The gun range in question has been there for years - well prior to any development on this ridge. Anyone who	No	03/23/2(

					purchased a home in this area either knew or should have known about the range. I have lived in my home for nearly 20 years and have not noticed any increase in the noise from the gun range during that time. Any noise I do hear is WELL below the decibel level of my neighbor's lawn equipment. Sincerely, Shirley Desmon [redacted] Bremerton, WA 98312			
Code Compliance-General Inquiries	KC-11637-DZEZK2	05/26/2010	Phone	Antonia Jerome Kruckeberg Carbone	My neighborhood has been subjected to the daily sound of gunfire over the past 6 or 8 months. A recent article in the CK Reporter provided the explanation--Kitsap Rifle and Revolver Club has apparently increased the number of firing lines from 2 to 16. Some of these are directed toward Klahowya Secondary School, the Newberry Hill Heritage Park and my neighborhood. These new firing lines were apparently	No	3 - Central	05/28/2(

constructed without proper permits. The noise from these illegally constructed firing lines has had a major negative impact on my quality of life. The gun club has also apparently destroyed wetlands in the process of construction. I want these illegally constructed firing lines dismantled and the environmental damage repaired. The gun range must be required to return to its legal configuration of two firing lines. The gun club cannot be allowed to openly evade the permitting rules and subject the rest of us to the adverse effects of the noise and the possible danger from stray bullets directed toward a park and school. Also, it cannot be allowed to damage the environment in flagrant violation of the law. Jerome E. Carbone

Code Compliance-Report a Potential Violation	KC-10810-4UWTSU	03/19/2010	Phone	Audrey Shannon	Carl Jorgensen	Hello, YES, THERE IS EXCESSIVE GUN CLUB NOISE POLLUTION!!!! We live in the Whisper Ridge Development and I find the Gun Club Noise is excessive. We can hear the pop, pop, pop, pop, pop, pop, blam, blam, blam, blam, blam, blam, blam, blam, boom, boom, boom, boooom, boom, booom, booooom whenever it occurs. We hear it in the morning, afternoon, evening, and sometimes even at 9:30 (+) at night. It happens on any given day of the week. The sound of gunfire carries up and over the hill into our neighborhood. We notice it during winter with our windows all closed. It will be awful when the weather warms up. There will be more shooters and alot more noise.When we open our windows the sound of gunfire is plainly heard and is too loud! It is noise pollution, disturbing, grates on your	No	3 - Central	03/23/2(

					nerves, just doesn't belong here. Something should be done about the noise. Thank you for addressing this issue. We appreciate it. The Jorgensens We live in the Whisper Ridge subdivision in Bremerton, located off Iskra. Gun noise has become excessive these past few years, and we would appreciate it if the County would investigate this.			
Code Compliance-Report a Potential Violation	KC-10811-T3NB59	03/19/2010Phone	Audrey Shannon	Wendell & Eva Crim	The noise apparently comes from the Kitsap Rifle club, and we hear gun noise from large caliber weapons, which starts as early as 7am on weekends and weekdays, and continues well into the evening every night. Thank you.	No	3 - Central	03/23/2(
Code Compliance-Report a Potential Violation	KC-10813-IG90RJ	03/19/2010Phone	Audrey Shannon	Gary & Dawn Fisher	We are writing to complain about the increased noise from the Kitsap Rifle & Revolver Club in Bremerton. We live a mile and a half from the club and are able to easily hear the shooting. We are hearing the firing of automatic and semi-automatic	No	3 - Central	03/23/2(

weapons. The noise wakes us up at night and in the early morning, and makes it unpleasant to have outdoor family barbecues. We understand the KRRC increased its shooting lanes from 2 to 16 without any sort of permit, which accounts for the added noise over the last couple years. We also understand that during its more than 80 years of operation, the KRRC has failed to perform any type of cleanup of its grounds. What kind of contamination is this putting into Chico Creek and the surrounding wetlands? The adjacent Camp Wesley Harris was closed due to pollution and KRRC does not seem to care what kind of impact it is having. As you all know, this impact can be devastating for years to come. Do you realize that, on average, shooting ranges could have up to 1 million pounds of lead in the soil after a few decades of operation?

Code Compliance-Report a Potential Violation	KC-11303-4KX0NV	04/27/2010	Phone	Erin Denny	Skip & Doris Junis	Don't you think it's time KRRC starts being responsible and clean up their area of all the lead it has been putting onto and into its grounds since its inception in 1926? Why were there no public hearings to consider any concerns of the surrounding residents (some as far as 4 miles away from the club are hearing the shooting) when Kitsap County granted 72 acres to KRRC? Thank you for your consideration. Gary and Dawn Fisher ***2nd email*** Is there any follow-up to ensure grant recipients comply with all requirements, and that they obtain permits? KRRC has not obtained permits and has misappropriated the funds it has received. The following was received via email: April 27th at 12:00 and the gun fire is very loud. What's odd is there are few people out there shooting. It has become quite apparent that the new firing lanes KRRC put in that face North	No	04/29/2(

Code Compliance-Report a Potential Violation	KC-11376-V7U6E7	05/03/2010	Phone	Antonia Kruckeberg	Peggy Kermath	are improperly designed, so they direct louder gun fire towards our housing development. These firing need to go away. These were part of the expansion without permits, so when the County takes action our group certainly want these firing lanes returned to their natural state. This is imperative to eliminate excessive noise. To the county offices and the commissioners office, We want to register our complaint about the excessive gun noise from the Kitsap Rifle and Revolver Club throughout the day today! At various intervals they were firing 30 caliber automatic and semi-automatic weapons! Bullets from these types of weapons can travel more than 3 miles! A ricochet can be just as deadly! As concerned residents we would appreciate your help in correcting this problem! Respectfully, Robert and	No	3 - Central	05/05/2(

						Peggy Kermath			
Code Compliance-Report a Potential Violation	KC-11379-LVQ7H4	05/03/2010	Phone	Antonia Kruckeberg	Colen & Joanne Corey	Well today was extra loud. I was trying to get things done in my own garden when the noise of what sounded like to me cannon fire, yes I said cannon fire. I even made a comment to my husband, he said sounds like cannons to me! We are trying to be good neighbors and I wish they would too. I feel that listening to the explosions go off all the time every day, every holiday, every sunday ,every day early in the morning and sometimes late into the night. I think gun fire should cease after 6:00 when people are trying to enjoy there home life and peace and quite after a stressful work day is not to much to ask, since they have purchased the gun range the weapontry has become more powerful and more obnoxious. I also feel that a cease fire should occur on holidays, ie christmas,	No		05/05/2(

						christmas eve, easter and minimal on sundays atleast. I wish they would be better neighbors to the community. Joanne Corey Hi Mr. Mount, I live at 5633 Rydan court and am writing to let you know I'm hearing loud gunfire luder than the normal pop pop pop on Sundays and wonder if you could look into it. I am out planting in my yard and wonder if the gunfire may be fom 30 caliber automatic gunfire. I like to be outside rnjoying spring but this is sad to hear and so much louder than the normal gunfire I usually hear on weekends. Sincerely, Vicki Hoisington		
Code Compliance-Report a Potential Violation	KC-11380-XO656D	05/03/2010	Phone	Antonia Kruckeberg	Vicki & Greg Hoisington	To whom it may concern: I am writing this email to complain about the gun noise today at my house. I am constantly hearing gun fire from 30 caliber auto and semi automatic weapons. I live at [redacted]. This gun noise is becoming a nuisance to me and my family.	No	05/05/2(

County Administration-Concerns and Scheduleing with Commissioners-All Commissioners	KC-10084-2QL0I2	01/12/2010	Phone	Erin Denny	Paula Ballesteros	Hi, I live in Whisper Ridge off of Eldorado Blvd. I find the noise from the Kitsap Rifle and Revolver Club shooting range seems to get louder and more frequent. Is there a way to get the noise reduced? It is really bad in the summer months and the gun fire wakes our kids up on the weekends. Paula Ballesteros	No	3 - Central	01/12/2(

Just so you know, I am not on a crusade to change county government, hassle commissioners, or get in front of a camera. I really do not like having to come down there to "get involved". Trouble is, when I know about things like these, I can not get them off my mind. I got myself drug into this over a year ago when Newberry Hill Heritage Park was being created. I am no environmentalist, but I was here when the real Tree-huggers walked the Earth, and I know, if they were here now, they would not be happy if they saw what is happening to there lands and their movement. I attempted to make the administration aware of the need to protect this area from habitat degradation due to rouge trailbuilding, and uncompatable uses of the south end of NHHP. I was also concerned about KRRC(environmental concerns), and making sure all planning actions of the Park (Larry Keeton) were followed to see it off to a good start. I posed my questions to all the commissioners, CKCC, Parks and others to get a "we'll look into that" reply. Nothing happened. I am a member of the stewardship committee for that park, and am frustrated about that committee's inability to do much to further my goal of protecting this sensitive area. A good, defined plan of how to protect this area now is far better than years of rangling over how to return an area back to what it originally was planned to be. Presently park planners need to define what areas can have what uses in the RCO conservation easement. This whole process was to be done already, and we as stewards and general public were told that it would be done during the master planning process. Now, Martha Droge says it can not be done until a labor agreement/rehire is arranged for an IT person to perform a trail overlay that, in my mind, a highschooler can do in a weekend. This is the last in a string of excuses for the delay, leading me to believe there is another purpose in mind. If we do not get it done and done right, I for one will see to it that RCO does not grant more funds for any project until this is accomplished, and any needed remedial action is taken. In my opinion only,we have lost a lot of interested people in our stewardship group already because there is "nothing we can do" in the lower area except stand guard over the area to tell people they can not use or build trails in areas we have no idea of compatable use designations for. The whole project is a half-baked effort that the promoters have washed their hands of and moved on to other things.(incorporation, YMCA, attempts to distance themselves from the KRRC debaucle, grant applications for park funds, etc.)

I could go on to how the noise led me to look into KRRC and to administrations kicking the issue down the road, or ignoring it until we are to where we are today. (no action being taken, no statements being made, media portraying KRRC as a picked on group of people asserting their 2nd ammendment rights) I could talk about how some E-mails go to spam, and/or lost (only in your system, nowhere else that I communicate), to spending over a day tracking down why people's comments are lost in cyberspace or returned undeliverable through Kitsap 1.(This begs an important question. If this happened to all e-mails, why did no one notice there were no e-mail comments coming in? Leads you to believe it was a one issue-related "glitch". Could you investigate that please?)

As a footnote, my comments of last night were directed to all the Board, and were not intended to put anyone on the spot. But, for the record, if the Chairman makes a comment that solicites an answer, he better be prepared to hear the response. Last night the intent was to be helpful and informative. My hope is, in the near future, to be able to request a complete log of Kitsap 1comments on any issue, in their unedited E-package, for forwarding on to other agencies.

In closing, please fix Kitsap 1. Finish NHHP before it becomes a Banner Forest. Make CKCC a functioning body or disband it. Inform the commissioners that it is not in my nature to give up, and I really have a problem about being ignored.

Thank you,
Wade Larson

Nancy,

1. Case Closed issue, a couple of weeks.
2. Re-submit, I would say yes, re-submit. I would rather the County receive duplicate requests than miss some. Besides, if the process works correctly, we would catch the duplication.

Dear all: Wade Larson has asked the following:

1) when we will have a fix on the 'case closed issue." He will probably coming tonight.
2) Should they resubmit concerns/complaints that were sent but were not received because of the commuter glitch?

Don: He is asking for a PDR of those complaints re: to the KRRC (and I know he has asked for this prior & received info) but is asking for those that are part of Steve Mount's file as well.

Please forward to: **Nancy Buonanno Grennan**

Nancy,
Here is my contact information, and a copy of last night's statements. Also I gave you a copy of some of my undeliverable notices, upon which I wrote my information on last night. I have added one more in this communication. I think that fulfills commissioner Brown's request for supporting data. A talk with Doug Bear will be informative, which is part of what I was trying to say to him at the end of my presentation. I am sorry if I appeared rude last night, but I had been trying to get some answers out of Larry for quite some time, and at that moment he was providing me with some of them. At the bottom is a summary of how I got into this mess, and what I need to "get out". If you need anything further please let me know.

Comments to BOCC 7-26-10

Wade Larson

[redacted]

Wadelarson2@[redacted]

I wish to make the Board aware of some problems that exist in the ways a citizen communicates with the County. Using the Kitsap 1 web address to comment to the county, a number of E-mails have been returned undeliverable. A log of about the last 6 month's worth of calls on one issue did not have an e-mail as their case origin. The system was rejecting the transmission. This was corrected last week. The people I contacted that phoned in a comment had not received a follow-up call. The status report of every call was "Resolved", "Problem solved". In my estimation that is not the case. The reason given for that posting was there were no better options available. Any software program for this use must have a "Pending" option or something as appropriate to tell the reader the issue is on-going. The concept of Kitsap 1 is great and forward-thinking, and I support it, but these things must be changed immediately.

The citizen's liaison to local government, the CKCC, presently has the May agenda and the April meeting minutes on their website. They do not make note of any citizen comments that were made at their meetings, and their contact E-mail is not posted. Being up-to-date will go a long ways in furthering their mission statement. Improvements need to be made so people can feel their efforts to involve themselves in their government are affective.

The commissioners post their web address on the County website, but do not reply to E-mails. In my opinion a refusal to comment is far better than no response at all.

The Commissioner's policy of not commenting on actions taken in other districts is not proper, once the action in question is voted on by the Board. All 3 are "owners" of that decision, and any need to act on that decision is borne by all.

Code Compliance-General Inquiries	KC-10812-87OTMH	03/19/2010	Phone	Audrey Shannon	Gail & Kevin Gross	(Note: following is a copy from an email sent to all three comissioners in addition to Kitsap 1) This is copied directly from the website of Kitsap Rifle & Revolver Club, updated on Mar. 17: "Starting today at approximately 3pm, there will be intermittent closures of the rifle line over the next week due to drilling our new well. Call the range for details." When checking the Kitsap County website to verify a permit being issued--IT SHOWS NO PERMIT BEING ISSUED!! This is on property	No				03/23/2

tax account 362501-4-002-1006 at 4900 Seabeck Highway NW; Bremerton, WA 98312 for Kitsap Rifle & Revolver Club. This group still owes property taxes in the amount of $2,830.47 that were due 10/31/2009. Isn't this the same group that bull-dozed a new rifle shooting line without a permit in 2005 and were finally stopped by the County? I believe that they were also supposed to restore the area destroyed to it's former state. (Check out Google Earth to see the scar that still remains.) We follow the rules and expect Kitsap Rifle & Relvolver Club to do the same. If they are not going to follow the rules and regulations, it is expected that the County should force them to do so in a timely manner. This is not something that is going to go away. Thank you, Kevin & Gail Gross (Information checked and verified on Mar. 18 at approx.

						6:30am on the websites of Kitsap County and Kitsap Rifle & Revolver Club..)			
Code Compliance-General Inquiries	KC-10817-HGT59B	03/19/2010	Phone	Antonia Kruckeberg	Shirley Desmon	Hi. My home was recently "leafleted" by a group requesting our neighborhood write and complain about perceived noise from the Kitsap Rifle and Revolver Club. I am writing to express my support FOR this club. I am not a member of the gun club; but I have very little patience for anyone who moves next door to a pre-existing gun club, community play field, private air strip, pea-patch, etc. and then complains about the disruption. The gun range in question has been there for years - well prior to any development on this ridge. Anyone who purchased a home in this area either knew or should have known about the range. I have lived in my home for nearly	No		03/23/2(

						20 years and have not noticed any increase in the noise from the gun range during that time. Any noise I do hear is WELL below the decibel level of my neighbor's lawn equipment. Sincerely, Shirley Desmon [redacted] Eldorado Blvd. Bremerton, WA 98312			
Code Compliance-General Inquiries	KC-11637-DZEZK2	05/26/2010	Phone	Antonia Kruckeberg	Jerome Carbone	My neighborhood has been subjected to the daily sound of gunfire over the past 6 or 8 months. A recent article in the CK Reporter provided the explanation--Kitsap Rifle and Revolver Club has apparently increased the number of firing lines from 2 to 16. Some of these are directed toward Klahowya Secondary School, the Newberry Hill Heritage Park and my neighborhood. These new firing lines were apparently constructed without proper permits. The noise from these illegally constructed firing lines has had a major negative impact	No	3 - Central	05/28/2(

						on my quality of life. The gun club has also apparently destroyed wetlands in the process of construction. I want these illegally constructed firing lines dismantled and the environmental damage repaired. The gun range must be required to return to its legal configuration of two firing lines. The gun club cannot be allowed to openly evade the permitting rules and subject the rest of us to the adverse effects of the noise and the possible danger from stray bullets directed toward a park and school. Also, it cannot be allowed to damage the environment in flagrant violation of the law. Jerome E. Carbone Hello, YES, THERE IS EXCESSIVE GUN CLUB NOISE POLLUTION!!!!				
Code Compliance-Report a Potential Violation	KC-10810-4UWTSU	03/19/2010	Phone	Audrey Shannon	Carl Jorgensen	We live in the Whisper Ridge Development and I find the Gun Club Noise is excessive. We can hear the pop, pop,	No	3 - Central		03/23/2(

Code Compliance-Report a Potential Violation	KC-10811-T3NB59	03/19/2010	Phone	Audrey Shannon	Wendell & Eva Crim	We live in the Whisper Ridge subdivision in Bremerton, located off Iskra. Gun noise has become excessive these past few years, and we would appreciate it if the County would investigate this. The noise apparently comes from the Kitsap Rifle club, and we hear gun noise from large caliber weapons, which starts as early as 7am on weekends and weekdays, and continues well into the evening every night. Thank you.	No	3 - Central	03/23/2(
Code Compliance-Report a Potential Violation	KC-10813-IG90RJ	03/19/2010	Phone	Audrey Shannon	Gary & Dawn Fisher	We are writing to complain about the increased noise from the Kitsap Rifle & Revolver Club in Bremerton. We live a mile and a half from the club and are able to easily hear the shooting. We are hearing the firing of automatic and semi-automatic weapons. The noise wakes us up at night and in the early morning, and makes it unpleasant to have outdoor family barbecues. We understand the	No	3 - Central	03/23/2(

KRRC increased its shooting lanes from 2 to 16 without any sort of permit, which accounts for the added noise over the last couple years. We also understand that during its more than 80 years of operation, the KRRC has failed to perform any type of cleanup of its grounds. What kind of contamination is this putting into Chico Creek and the surrounding wetlands? The adjacent Camp Wesley Harris was closed due to pollution and KRRC does not seem to care what kind of impact it is having. As you all know, this impact can be devastating for years to come. Do you realize that, on average, shooting ranges could have up to 1 million pounds of lead in the soil after a few decades of operation? Don't you think it's time KRRC starts being responsible and clean up their area of all the lead it has been putting onto and into its grounds since its inception in

Code Compliance-Report a Potential Violation	KC-11303-4KX0NV	04/27/2010	Phone	Erin Denny	Skip & Doris Junis	1926? Why were there no public hearings to consider any concerns of the surrounding residents (some as far as 4 miles away from the club are hearing the shooting) when Kitsap County granted 72 acres to KRRC? Thank you for your consideration. Gary and Dawn Fisher ***2nd email*** Is there any follow-up to ensure grant recipients comply with all requirements, and that they obtain permits? KRRC has not obtained permits and has misappropriated the funds it has received. The following was received via email: April 27th at 12:00 and the gun fire is very loud. What's odd is there are few people out there shooting. It has become quite apparent that the new firing lanes KRRC put in that face North are improperly designed, so they direct louder gun fire towards our housing development. These firing need to go away. These were part of the	No	04/29/2(

					expansion without permits, so when the County takes action our group certainly want these firing lanes returned to their natural state. This is imperative to eliminate excessive noise.			
Code Compliance-Report a Potential Violation	KC-11376-V7U6E7	05/03/2010	Phone	Antonia Kruckeberg	Peggy Kermath	To the county offices and the commissioners office, We want to register our complaint about the excessive gun noise from the Kitsap Rifle and Revolver Club throughout the day today! At various intervals they were firing 30 caliber automatic and semi-automatic weapons! Bullets from these types of weapons can travel more than 3 miles! A ricochet can be just as deadly! As concerned residents we would appreciate your help in correcting this problem! Respectfully, Robert and Peggy Kermath	No	3 - Central	05/05/2(
Code Compliance-Report a Potential Violation	KC-11379-LVQ7H4	05/03/2010	Phone	Antonia Kruckeberg	Colen & Joanne Corey	Well today was extra loud. I was trying to get things done in my own garden when the noise of what sounded like to me cannon fire, yes	No		05/05/2

						I said cannon fire. I even made a comment to my husband, he said sounds like cannons to me! We are trying to be good neighbors and I wish they would too. I feel that listening to the explosions go off all the time every day, every holiday, every sunday ,every day early in the morning and sometimes late into the night. I think gun fire should cease after 6:00 when people are trying to enjoy there home life and peace and quite after a stressful work day is not to much to ask, since they have purchased the gun range the weapontry has become more powerful and more obnoxious. I also feel that a cease fire should occur on holidays, ie christmas, christmas eve, easter and minimal on sundays atleast. I wish they would be better neighbors to the community. Joanne Corey		
Code Compliance-Report a Potential Violation	KC-11380-XO656D	05/03/2010	Phone	Antonia Kruckeberg	Vicki & Greg Hoisington	Hi Mr. Mount, I live at [redacted] and am writing to let you know	No	05/05/2

						I'm hearing loud gunfire luder than the normal pop pop pop on Sundays and wonder if you could look into it. I am out planting in my yard and wonder if the gunfire may be fom 30 caliber automatic gunfire. I like to be outside rnjoying spring but this is sad to hear and so much louder than the normal gunfire I usually hear on weekends. Sincerely, Vicki Hoisington			
Code Compliance-Report a Potential Violation	KC-11381-HDVXKC	05/03/2010	Phone	Antonia Kruckeberg	Justin Gillam	To whom it may concern: I am writing this email to complain about the gun noise today at my house. I am constantly hearing gun fire from 30 caliber auto and semi automatic weapons. I live at [redacted] PL NW. This gun noise is becoming a nuisance to me and my family. It needs to stop. Thank you. reduced? It is
really bad in the
summer months
and the gun fire
wakes our kids
up on the
weekends.
Paula
Ballesteros

Just so you know, I am not on a crusade to change county government, hassle commissioners, or get in front of a camera. I really do not like having to come down there to "get involved". Trouble is, when I know about things like these, I can not get them off my mind. I got myself drug into this over a year ago when Newberry Hill Heritage Park was being created. I am no environmentalist, but I was here when the real Tree-huggers walked the Earth, and I know, if they were here now, they would not be happy if they saw what is happening to there lands and their movement. I attempted to make the administration aware of the need to protect this area from habitat degradation due to rouge trailbuilding, and uncompatable uses of the south end of NHHP. I was also concerned about KRRC(environmental concerns), and making sure all planning actions of the Park (Larry Keeton) were followed to see it off to a good start. I posed my questions to all the commissioners, CKCC, Parks and others to get a "we'll look into that" reply. Nothing happened. I am a member of the stewardship committee for that park, and am frustrated about that committee's inability to do much to further my goal of protecting this sensitive area. A good, defined plan of how to protect this area now is far better than years of rangling over how to return an area back to what it originally was planned to be. Presently park planners need to define what areas can have what uses in the RCO conservation easement. This whole process was to be done already, and we as stewards and general public were told that it would be done during the master planning process. Now, Martha Droge says it can not be done until a labor agreement/rehire is arranged for an IT person to perform a trail overlay that, in my mind, a highschooler can do in a weekend. This is the last in a string of excuses for the delay, leading me to believe there is another purpose in mind. If we do not get it done and done right, I for one will see to it that RCO does not grant more funds for any project until this is accomplished, and any needed remedial action is taken. In my opinion only,we have lost a lot of interested people in our stewardship group already because there is "nothing we can do" in the lower area except stand guard over the area to tell people they can not use or build trails in areas we have no idea of compatable use designations for. The whole project is a half-baked effort that the promoters have washed their hands of and moved on to other things.(incorporation, YMCA, attempts to distance themselves from the KRRC debaucle, grant applications for park funds, etc.)

I could go on to how the noise led me to look into KRRC and to administrations kicking the issue down the road, or ignoring it until we are to where we are today. (no action being taken, no statements being made, media portraying KRRC as a picked on group of people asserting their 2nd ammendment rights) I could talk about how some E-mails go to spam, and/or lost (only in your system, nowhere else that I communicate), to spending over a day tracking down why people's comments are lost in cyberspace or returned undeliverable through Kitsap 1.(This begs an important question. If this happened to all e-mails, why did no one notice there were no e-mail comments coming in? Leads you to believe it was a one issue-related "glitch". Could you investigate that please?)

As a footnote, my comments of last night were directed to all the Board, and were not intended to put anyone on the spot. But, for the record, if the Chairman makes a comment that solicites an answer, he better be prepared to hear the response. Last night the intent was to be helpful and informative. My hope is, in the near future, to be able to request a complete log of Kitsap 1comments on any issue, in their unedited E-package, for forwarding on to other agencies.

In closing, please fix Kitsap 1. Finish NHHP before it becomes a Banner Forest. Make CKCC a functioning body or disband it. Inform the commissioners that it is not in my nature to give up, and I really have a problem about being ignored.

Thank you,
Wade Larson

Nancy,

1. Case Closed issue, a couple of weeks.
2. Re-submit, I would say yes, re-submit. I would rather the County receive duplicate requests than miss some. Besides, if the process works correctly, we would catch the duplication.

Dear all: Wade Larson has asked the following:

1) when we will have a fix on the 'case closed issue." He will probably coming tonight.
2) Should they resubmit concerns/complaints that were sent but were not received because of the commuter glitch?

Don: He is asking for a PDR of those complaints re: to the KRRC (and I know he has asked for this prior & received info) but is asking for those that are part of Steve Mount's file as well.

Subject: contact information, back-up data, etc.

Please forward to: **Nancy Buonanno Grennan**

Nancy,
Here is my contact information, and a copy of last night's statements. Also I gave you a copy of some of my undeliverable notices, upon which I wrote my information on last night. I have added one more in this communication. I think that fulfills commissioner Brown's request for supporting data. A talk with Doug Bear will be informative, which is part of what I was trying to say to him at the end of my presentation. I am sorry if I appeared rude last night, but I had been trying to get some answers out of Larry for quite some time, and at that moment he was providing me with some of them. At the bottom is a summary of how I got into this mess, and what I need to "get out". If you need anything further please let me know.

Comments to BOCC 7-26-10

Wade Larson

[redacted]

Wadelarson2@[redacted]

I wish to make the Board aware of some problems that exist in the ways a citizen communicates with the County. Using the Kitsap 1 web address to comment to the county, a number of E-mails have been returned undeliverable. A log of about the last 6 month's worth of calls on one issue did not have an e-mail as their case origin. The system was rejecting the transmission. This was corrected last week. The people I contacted that phoned in a comment had not received a follow-up call. The status report of every call was "Resolved", "Problem solved". In my estimation that is not the case. The reason given for that posting was there were no better options available. Any software program for this use must have a "Pending" option or something as appropriate to tell the reader the issue is on-going. The concept of Kitsap 1 is great and forward-thinking, and I support it, but these things must be changed immediately.

The citizen's liaison to local government, the CKCC, presently has the May agenda and the April meeting minutes on their website. They do not make note of any citizen comments that were made at their meetings, and their contact E-mail is not posted. Being up-to-date will go a long ways in furthering their mission statement. Improvements need to be made so people can feel their efforts to involve themselves in their government are affective.

The commissioners post their web address on the County website, but do not reply to E-mails. In my opinion a refusal to comment is far better than no response at all.

The Commissioner's policy of not commenting on actions taken in other districts is not proper, once the action in question is voted on by the Board. All 3 are "owners" of that decision, and any need to act on that decision is borne by all.

My home was recently "leafleted" by a group requesting our neighborhood write and complain about perceived noise from the Kitsap Rifle and Revolver Club. I am writing to express my support FOR this club. I am not a member of the gun club; but I have very little patience for anyone who moves next door to a pre-existing gun club, community play field, private air strip, pea-patch, etc. and then complains about the disruption. The gun range in question has been there for years - well prior to any development on this ridge. Anyone who purchased a home in this area either knew or should have known about the range. I have lived in my home for nearly	No	03/23/2(

					20 years and have not noticed any increase in the noise from the gun range during that time. Any noise I do hear is WELL below the decibel level of my neighbor's lawn equipment. Sincerely, Shirley Desmon [redacted] Bremerton, WA 98312			
Code Compliance-General Inquiries	KC-11637-DZEZK2	05/26/2010	Phone	Antonia Kruckeberg	Jerome Carbone	My neighborhood has been subjected to the daily sound of gunfire over the past 6 or 8 months. A recent article in the CK Reporter provided the explanation--Kitsap Rifle and Revolver Club has apparently increased the number of firing lines from 2 to 16. Some of these are directed toward Klahowya Secondary School, the Newberry Hill Heritage Park and my neighborhood. These new firing lines were apparently constructed without proper permits. The noise from these illegally constructed firing lines has had a major negative impact	No	3 - Central	05/28/2(

						on my quality of life. The gun club has also apparently destroyed wetlands in the process of construction. I want these illegally constructed firing lines dismantled and the environmental damage repaired. The gun range must be required to return to its legal configuration of two firing lines. The gun club cannot be allowed to openly evade the permitting rules and subject the rest of us to the adverse effects of the noise and the possible danger from stray bullets directed toward a park and school. Also, it cannot be allowed to damage the environment in flagrant violation of the law. Jerome E. Carbone				
Code Compliance-Report a Potential Violation	KC-10810-4UWTSU	03/19/2010	Phone	Audrey Shannon	Carl Jorgensen	Hello, YES, THERE IS EXCESSIVE GUN CLUB NOISE POLLUTION!!!! We live in the Whisper Ridge Development and I find the Gun Club Noise is excessive. We can hear the pop, pop,	No	3 - Central		03/23/2(

pop, pop, pop, pop, blam, blam, blam, blam, blam, blam, boom, boom, boom, boooom, boom, booom, booooom whenever it occurs. We hear it in the morning, afternoon, evening, and sometimes even at 9:30 (+) at night. It happens on any given day of the week. The sound of gunfire carries up and over the hill into our neighborhood. We notice it during winter with our windows all closed. It will be awful when the weather warms up. There will be more shooters and alot more noise.When we open our windows the sound of gunfire is plainly heard and is too loud! It is noise pollution, disturbing, grates on your nerves, just doesn't belong here. Something should be done about the noise. Thank you for addressing this issue. We appreciate it. The Jorgensens

Code Compliance-Report a Potential Violation	KC-10811-T3NB59	03/19/2010	Phone	Audrey Shannon	Wendell & Eva Crim	We live in the Whisper Ridge subdivision in Bremerton, located off Iskra. Gun noise has become excessive these past few years, and we would appreciate it if the County would investigate this. The noise apparently comes from the Kitsap Rifle club, and we hear gun noise from large caliber weapons, which starts as early as 7am on weekends and weekdays, and continues well into the evening every night. Thank you.	No	3 - Central	03/23/2(
Code Compliance-Report a Potential Violation	KC-10813-IG90RJ	03/19/2010	Phone	Audrey Shannon	Gary & Dawn Fisher	We are writing to complain about the increased noise from the Kitsap Rifle & Revolver Club in Bremerton. We live a mile and a half from the club and are able to easily hear the shooting. We are hearing the firing of automatic and semi-automatic weapons. The noise wakes us up at night and in the early morning, and makes it unpleasant to have outdoor family barbecues. We understand the	No	3 - Central	03/23/2(

KRRC increased its shooting lanes from 2 to 16 without any sort of permit, which accounts for the added noise over the last couple years. We also understand that during its more than 80 years of operation, the KRRC has failed to perform any type of cleanup of its grounds. What kind of contamination is this putting into Chico Creek and the surrounding wetlands? The adjacent Camp Wesley Harris was closed due to pollution and KRRC does not seem to care what kind of impact it is having. As you all know, this impact can be devastating for years to come. Do you realize that, on average, shooting ranges could have up to 1 million pounds of lead in the soil after a few decades of operation? Don't you think it's time KRRC starts being responsible and clean up their area of all the lead it has been putting onto and into its grounds since its inception in

						1926? Why were there no public hearings to consider any concerns of the surrounding residents (some as far as 4 miles away from the club are hearing the shooting) when Kitsap County granted 72 acres to KRRC? Thank you for your consideration. Gary and Dawn Fisher ***2nd email*** Is there any follow-up to ensure grant recipients comply with all requirements, and that they obtain permits? KRRC has not obtained permits and has misappropriated the funds it has received.		
Code Compliance-Report a Potential Violation	KC-11303-4KX0NV	04/27/2010	Phone	Erin Denny	Skip & Doris Junis	The following was received via email: April 27th at 12:00 and the gun fire is very loud. What's odd is there are few people out there shooting. It has become quite apparent that the new firing lanes KRRC put in that face North are improperly designed, so they direct louder gun fire towards our housing development. These firing need to go away. These were part of the	No	04/29/2(

					expansion without permits, so when the County takes action our group certainly want these firing lanes returned to their natural state. This is imperative to eliminate excessive noise.			
Code Compliance-Report a Potential Violation	KC-11376-V7U6E7	05/03/2010	Phone	Antonia Kruckeberg	Peggy Kermath	To the county offices and the commissioners office, We want to register our complaint about the excessive gun noise from the Kitsap Rifle and Revolver Club throughout the day today! At various intervals they were firing 30 caliber automatic and semi-automatic weapons! Bullets from these types of weapons can travel more than 3 miles! A ricochet can be just as deadly! As concerned residents we would appreciate your help in correcting this problem! Respectfully, Robert and Peggy Kermath	No	3 - Central	05/05/2(

Paula
Ballesteros

Just so you know, I am not on a crusade to change county government, hassle commissioners, or get in front of a camera. I really do not like having to come down there to "get involved". Trouble is, when I know about things like these, I can not get them off my mind. I got myself drug into this over a year ago when Newberry Hill Heritage Park was being created. I am no environmentalist, but I was here when the real Tree-huggers walked the Earth, and I know, if they were here now, they would not be happy if they saw what is happening to there lands and their movement. I attempted to make the administration aware of the need to protect this area from habitat degradation due to rouge trailbuilding, and uncompatable uses of the south end of NHHP. I was also concerned about KRRC(environmental concerns), and making sure all planning actions of the Park (Larry Keeton) were followed to see it off to a good start. I posed my questions to all the commissioners, CKCC, Parks and others to get a "we'll look into that" reply. Nothing happened. I am a member of the stewardship committee for that park, and am frustrated about that committee's inability to do much to further my goal of protecting this sensitive area. A good, defined plan of how to protect this area now is far better than years of rangling over how to return an area back to what it originally was planned to be. Presently park planners need to define what areas can have what uses in the RCO conservation easement. This whole process was to be done already, and we as stewards and general public were told that it would be done during the master planning process. Now, Martha Droge says it can not be done until a labor agreement/rehire is arranged for an IT person to perform a trail overlay that, in my mind, a highschooler can do in a weekend. This is the last in a string of excuses for the delay, leading me to believe there is another purpose in mind. If we do not get it done and done right, I for one will see to it that RCO does not grant more funds for any project until this is accomplished, and any needed remedial action is taken. In my opinion only,we have lost a lot of interested people in our stewardship group already because there is "nothing we can do" in the lower area except stand guard over the area to tell people they can not use or build trails in areas we have no idea of compatable use designations for. The whole project is a half-baked effort that the promoters have washed their hands of and moved on to other things.(incorporation, YMCA, attempts to distance themselves from the KRRC debaucle, grant applications for park funds, etc.)

I could go on to how the noise led me to look into KRRC and to administrations kicking the issue down the road, or ignoring it until we are to where we are today. (no action being taken, no statements being made, media portraying KRRC as a picked on group of people asserting their 2nd ammendment rights) I could talk about how some E-mails go to spam, and/or lost (only in your system, nowhere else that I communicate), to spending over a day tracking down why people's comments are lost in cyberspace or returned undeliverable through Kitsap 1.(This begs an important question. If this happened to all e-mails, why did no one notice there were no e-mail comments coming in? Leads you to believe it was a one issue-related "glitch". Could you investigate that please?)

As a footnote, my comments of last night were directed to all the Board, and were not intended to put anyone on the spot. But, for the record, if the Chairman makes a comment that solicites an answer, he better be prepared to hear the response. Last night the intent was to be helpful and informative. My hope is, in the near future, to be able to request a complete log of Kitsap 1comments on any issue, in their unedited E-package, for forwarding on to other agencies.

In closing, please fix Kitsap 1. Finish NHHP before it becomes a Banner Forest. Make CKCC a functioning body or disband it. Inform the commissioners that it is not in my nature to give up, and I really have a problem about being ignored.

Thank you,
Wade Larson

Dear all: Wade Larson has asked the following:

1) when we will have a fix on the 'case closed issue." He will probably coming tonight.
2) Should they resubmit concerns/complaints that were sent but were not received because of the commuter glitch?

Don: He is asking for a PDR of those complaints re: to the KRRC (and I know he has asked for this prior & received info) but is asking for those that are part of Steve Mount's file as well.

Please forward to: **Nancy Buonanno Grennan**

Nancy,
Here is my contact information, and a copy of last night's statements. Also I gave you a copy of some of my undeliverable notices, upon which I wrote my information on last night. I have added one more in this communication. I think that fulfills commissioner Brown's request for supporting data. A talk with Doug Bear will be informative, which is part of what I was trying to say to him at the end of my presentation. I am sorry if

I appeared rude last night, but I had been trying to get some answers out of Larry for quite some time, and at that moment he was providing me with some of them. At the bottom is a summary of how I got into this mess, and what I need to "get out". If you need anything further please let me know.

Comments to BOCC 7-26-10

Wade Larson

[redacted]

Wadelarson2@[redacted]

I wish to make the Board aware of some problems that exist in the ways a citizen communicates with the County. Using the Kitsap 1 web address to comment to the county, a number of E-mails have been returned undeliverable. A log of about the last 6 month's worth of calls on one issue did not have an e-mail as their case origin. The system was rejecting the transmission. This was corrected last week. The people I contacted that phoned in a comment had not received a follow-up call. The status report of every call was "Resolved", "Problem solved". In my estimation that is not the case. The reason given for that posting was there were no better options available. Any software program for this use must have a "Pending" option or something as appropriate to tell the reader the issue is on-going. The concept of Kitsap 1 is great and forward-thinking, and I support it, but these things must be changed immediately.

The citizen's liaison to local government, the CKCC, presently has the May agenda and the April meeting minutes on their website. They do not make note of any citizen comments that were made at their meetings, and their contact E-mail is not posted. Being up-to-date will go a long ways in furthering their mission statement. Improvements need to be made so people can feel their efforts to involve themselves in their government are affective.

The commissioners post their web address on the County website, but do not reply to E-mails. In my opinion a refusal to comment is far better than no response at all.

The Commissioner's policy of not commenting on actions taken in other districts is not proper, once the action in question is voted on by the Board. All 3 are "owners" of that decision, and any need to act on that decision is borne by all.

The noise apparently comes from the Kitsap Rifle club, and we hear gun noise from large caliber weapons, which starts as early as 7am on weekends and weekdays, and continues well into the evening every night. Thank you. We are writing to complain about the increased noise from the Kitsap Rifle & Revolver Club in Bremerton. We live a mile and a half from the club and are able to easily hear the shooting. We are hearing the firing of automatic and semi-automatic weapons. The noise wakes us up at night and in the early morning, and makes it unpleasant to have outdoor family barbecues. We understand the KRRC increased its shooting lanes from 2 to 16 without any sort of permit, which accounts for the added noise over the last couple years. We also understand that during its more than 80 years of	No	3 - Central		03/23/2(

operation, the KRRC has failed to perform any type of cleanup of its grounds. What kind of contamination is this putting into Chico Creek and the surrounding wetlands? The adjacent Camp Wesley Harris was closed due to pollution and KRRC does not seem to care what kind of impact it is having. As you all know, this impact can be devastating for years to come. Do you realize that, on average, shooting ranges could have up to 1 million pounds of lead in the soil after a few decades of operation? Don't you think it's time KRRC starts being responsible and clean up their area of all the lead it has been putting onto and into its grounds since its inception in 1926? Why were there no public hearings to consider any concerns of the surrounding residents (some as far as 4 miles away from the club are hearing the shooting) when Kitsap County granted 72

						acres to KRRC? Thank you for your consideration. Gary and Dawn Fisher ***2nd email*** Is there any follow-up to ensure grant recipients comply with all requirements, and that they obtain permits? KRRC has not obtained permits and has misappropriated the funds it has received.		
Code Compliance-Report a Potential Violation	KC-11303-4KX0NV	04/27/2010	Phone	Erin Denny	Skip & Doris Junis	The following was received via email: April 27th at 12:00 and the gun fire is very loud. What's odd is there are few people out there shooting. It has become quite apparent that the new firing lanes KRRC put in that face North are improperly designed, so they direct louder gun fire towards our housing development. These firing need to go away. These were part of the expansion without permits, so when the County takes action our group certainly want these firing lanes returned to their natural state. This is imperative to eliminate excessive	No	04/29/2(

						noise.

Is there a way to get the noise reduced? It is really bad in the summer months and the gun fire wakes our kids up on the weekends. Paula Ballesteros	No	3 - Central	01/12/2

Just so you know, I am not on a crusade to change county government, hassle commissioners, or get in front of a camera. I really do not like having to come down there to "get involved". Trouble is, when I know about things like these, I can not get them off my mind. I got myself drug into this over a year ago when Newberry Hill Heritage Park was being created. I am no environmentalist, but I was here when the real Tree-huggers walked the Earth, and I know, if they were here now, they would not be happy if they saw what is happening to there lands and their movement. I attempted to make the administration aware of the need to protect this area from habitat degradation due to rouge trailbuilding, and uncompatable uses of the south end of NHHP. I was also concerned about KRRC(environmental concerns), and making sure all planning actions of the Park (Larry Keeton) were followed to see it off to a good start. I posed my questions to all the commissioners, CKCC, Parks and others to get a "we'll look into that" reply. Nothing happened. I am a member of the stewardship committee for that park, and am frustrated about that committee's inability to do much to further my goal of protecting this sensitive area. A good, defined plan of how to protect this area now is far better than years of rangling over how to return an area back to what it originally was planned to be. Presently park planners need to define what areas can have what uses in the RCO conservation easement. This whole process was to be done already, and we as stewards and general public were told that it would be done during the master planning process. Now, Martha Droge says it can not be done until a labor agreement/rehire is arranged for an IT person to perform a trail overlay that, in my mind, a highschooler can do in a weekend. This is the last in a string of excuses for the delay, leading me to believe there is another purpose in mind. If we do not get it done and done right, I for one will see to it that RCO does not grant more funds for any project until this is accomplished, and any needed remedial action is taken. In my opinion only,we have lost a lot of interested people in our stewardship group already because there is "nothing we can do" in the lower area except stand guard over the area to tell people they can not use or build trails in areas we have no idea of compatable use designations for. The whole project is a half-baked effort that the promoters have washed their hands of and moved on to other things.(incorporation, YMCA, attempts to distance themselves from the KRRC debaucle, grant applications for park funds, etc.)

I could go on to how the noise led me to look into KRRC and to administrations kicking the issue down the road, or ignoring it until we are to where we are today. (no action being taken, no statements being made, media portraying KRRC as a picked on group of people asserting their 2nd ammendment rights) I could talk about how some E-mails go to spam, and/or lost (only in your system, nowhere else that I communicate), to spending over a day tracking down why people's comments are lost in cyberspace or returned undeliverable through Kitsap 1.(This begs an important question. If this happened to all e-mails, why did no one notice there were no e-mail comments coming in? Leads you to believe it was a one issue-related "glitch". Could you investigate that please?)

As a footnote, my comments of last night were directed to all the Board, and were not intended to put anyone on the spot. But, for the record, if the Chairman makes a comment that solicites an answer, he better be prepared to hear the response. Last night the intent was to be helpful and informative. My hope is, in the near future, to be able to request a complete log of Kitsap 1comments on any issue, in their unedited E-package, for forwarding on to other agencies.

In closing, please fix Kitsap 1. Finish NHHP before it becomes a Banner Forest. Make CKCC a functioning body or disband it. Inform the commissioners that it is not in my nature to give up, and I really have a problem about being ignored.

Thank you,
Wade Larson

Subject: FW: contact information, back-up data, etc.

Dear all: Wade Larson has asked the following:

1) when we will have a fix on the 'case closed issue." He will probably coming tonight.
2) Should they resubmit concerns/complaints that were sent but were not received because of the commuter glitch?

Don: He is asking for a PDR of those complaints re: to the KRRC (and I know he has asked for this prior & received info) but is asking for those that are part of Steve Mount's file as well.

Please forward to: **Nancy Buonanno Grennan**

Nancy,
Here is my contact information, and a copy of last night's statements. Also I gave you a copy of some of my undeliverable notices, upon which I wrote my information on last night. I have added one more in this communication. I think that fulfills commissioner Brown's request for supporting data. A talk with Doug Bear

will be informative, which is part of what I was trying to say to him at the end of my presentation. I am sorry if I appeared rude last night, but I had been trying to get some answers out of Larry for quite some time, and at that moment he was providing me with some of them. At the bottom is a summary of how I got into this mess, and what I need to "get out". If you need anything further please let me know.

Comments to BOCC 7-26-10

Wade Larson

[redacted]

Wadelarson2@[redacted]

I wish to make the Board aware of some problems that exist in the ways a citizen communicates with the County. Using the Kitsap 1 web address to comment to the county, a number of E-mails have been returned undeliverable. A log of about the last 6 month's worth of calls on one issue did not have an e-mail as their case origin. The system was rejecting the transmission. This was corrected last week. The people I contacted that phoned in a comment had not received a follow-up call. The status report of every call was "Resolved", "Problem solved". In my estimation that is not the case. The reason given for that posting was there were no better options available. Any software program for this use must have a "Pending" option or something as appropriate to tell the reader the issue is on-going. The concept of Kitsap 1 is great and forward-thinking, and I support it, but these things must be changed immediately.

The citizen's liaison to local government, the CKCC, presently has the May agenda and the April meeting minutes on their website. They do not make note of any citizen comments that were made at their meetings, and their contact E-mail is not posted. Being up-to-date will go a long ways in furthering their mission statement. Improvements need to be made so people can feel their efforts to involve themselves in their government are affective.

The commissioners post their web address on the County website, but do not reply to E-mails. In my opinion a refusal to comment is far better than no response at all.

The Commissioner's policy of not commenting on actions taken in other districts is not proper, once the action in question is voted on by the Board. All 3 are "owners" of that decision, and any need to act on that decision is borne by all.

Code Compliance-General Inquiries	KC-10812-87OTMH	03/19/2010	Phone	Audrey Shannon	Gail & Kevin Gross	(Note: following is a copy from an email sent to all three comissioners in addition to Kitsap 1) This is copied directly from the website of Kitsap Rifle & Revolver Club, updated on Mar. 17: "Starting today at approximately 3pm, there will be intermittent closures of the rifle line over the next week due to drilling our new well. Call the range for details." When checking the Kitsap County website to verify a permit being issued--IT SHOWS NO PERMIT BEING ISSUED!! This is on property tax account 362501-4-002-1006 at 4900 Seabeck Highway NW; Bremerton, WA 98312 for Kitsap Rifle & Revolver Club. This group still owes property taxes in the amount of	No				03/23/2(

$2,830.47 that were due 10/31/2009. Isn't this the same group that bull-dozed a new rifle shooting line without a permit in 2005 and were finally stopped by the County? I believe that they were also supposed to restore the area destroyed to it's former state. (Check out Google Earth to see the scar that still remains.) We follow the rules and expect Kitsap Rifle & Relvolver Club to do the same. If they are not going to follow the rules and regulations, it is expected that the County should force them to do so in a timely manner. This is not something that is going to go away. Thank you, Kevin & Gail Gross (Information checked and verified on Mar. 18 at approx. 6:30am on the websites of Kitsap County and Kitsap Rifle & Revolver Club..)

Code Compliance-General Inquiries	KC-10817-HGT59B	03/19/2010	Phone	Antonia Kruckeberg	Shirley Desmon	Hi. My home was recently "leafleted" by a group requesting our neighborhood write and complain about perceived noise from the Kitsap Rifle and Revolver Club. I am writing to express my support FOR this club. I am not a member of the gun club; but I have very little patience for anyone who moves next door to a pre-existing gun club, community play field, private air strip, pea-patch, etc. and then complains about the disruption. The gun range in question has been there for years - well prior to any development on this ridge. Anyone who purchased a home in this area either knew or should have known about the range. I have lived in my home for nearly 20 years and have not noticed any increase in the noise from the gun range during that time. Any noise I do hear is WELL below the decibel level of my neighbor's	No		03/23/2(

					lawn equipment. Sincerely, Shirley Desmon [redacted] Bremerton, WA 98312				
Code Compliance-General Inquiries	KC-11637-DZEZK2	05/26/2010	Phone	Antonia Kruckeberg	Jerome Carbone	My neighborhood has been subjected to the daily sound of gunfire over the past 6 or 8 months. A recent article in the CK Reporter provided the explanation--Kitsap Rifle and Revolver Club has apparently increased the number of firing lines from 2 to 16. Some of these are directed toward Klahowya Secondary School, the Newberry Hill Heritage Park and my neighborhood. These new firing lines were apparently constructed without proper permits. The noise from these illegally constructed firing lines has had a major negative impact on my quality of life. The gun club has also apparently destroyed wetlands in the process of construction. I want these illegally constructed	No	3 - Central	05/28/2(

						firing lines dismantled and the environmental damage repaired. The gun range must be required to return to its legal configuration of two firing lines. The gun club cannot be allowed to openly evade the permitting rules and subject the rest of us to the adverse effects of the noise and the possible danger from stray bullets directed toward a park and school. Also, it cannot be allowed to damage the environment in flagrant violation of the law. Jerome E. Carbone Hello, YES, THERE IS EXCESSIVE GUN CLUB NOISE POLLUTION!!!! We live in the Whisper Ridge Development and I find the Gun Club Noise is excessive. We can hear the pop, pop, pop, pop, pop, pop, blam, blam, blam, blam, blam, blam, blam, boom, boom, boom, boooom, boom, booom, booooom whenever it occurs. We

						neighbors and I wish they would too. I feel that listening to the explosions go off all the time every day, every holiday, every sunday ,every day early in the morning and sometimes late into the night. I think gun fire should cease after 6:00 when people are trying to enjoy there home life and peace and quite after a stressful work day is not to much to ask, since they have purchased the gun range the weapontry has become more powerful and more obnoxious. I also feel that a cease fire should occur on holidays, ie christmas, christmas eve, easter and minimal on sundays atleast. I wish they would be better neighbors to the community. Joanne Corey

County Administration-Concerns and Scheduleing with Commissioners-All Commissioners	KC-10084-2QL0I2	01/12/2010	Phone	Erin Denny	Paula Ballesteros	Hi, I live in Whisper Ridge off of Eldorado Blvd. I find the noise from the Kitsap Rifle and Revolver Club shooting range seems to get louder and more frequent. Is there a way to get the noise reduced? It is really bad in the summer months and the gun fire wakes our kids up on the weekends. Paula Ballesteros	No	3 - Central	01/12/2(

Just so you know, I am not on a crusade to change county government, hassle commissioners, or get in front of a camera. I really do not like having to come down there to "get involved". Trouble is, when I know about things like these, I can not get them off my mind. I got myself drug into this over a year ago when Newberry Hill Heritage Park was being created. I am no environmentalist, but I was here when the real Tree-huggers walked the Earth, and I know, if they were here now, they would not be happy if they saw what is happening to there lands and their movement. I attempted to make the administration aware of the need to protect this area from habitat degradation due to rouge trailbuilding, and uncompatable uses of the south end of NHHP. I was also concerned about KRRC(environmental concerns), and making sure all planning actions of the Park (Larry Keeton) were followed to see it off to a good start. I posed my questions to all the commissioners, CKCC, Parks and others to get a "we'll look into that" reply. Nothing happened. I am a member of the stewardship committee for that park, and am frustrated about that committee's inability to do much to further my goal of protecting this sensitive area. A good, defined plan of how to protect this area now is far better than years of rangling over how to return an area back to what it originally was planned to be. Presently park planners need to define what areas can have what uses in the RCO conservation easement. This whole process was to be done already, and we as stewards and general public were told that it would be done during the master planning process. Now, Martha Droge says it can not be done until a labor agreement/rehire is arranged for an IT person to perform a trail overlay that, in my mind, a highschooler can do in a weekend. This is the last in a string of excuses for the delay, leading me to believe there is another purpose in mind. If we do not get it done and done right, I for one will see to it that RCO does not grant more funds for any project until this is accomplished, and any needed remedial action is taken. In my opinion only,we have lost a lot of interested people in our stewardship group already because there is "nothing we can do" in the lower area except stand guard over the area to tell people they can not use or build trails in areas we have no idea of compatable use designations for. The whole project is a half-baked effort that the promoters have washed their hands of and moved on to other things.(incorporation, YMCA, attempts to distance themselves from the KRRC debaucle, grant applications for park funds, etc.)

I could go on to how the noise led me to look into KRRC and to administrations kicking the issue down the road, or ignoring it until we are to where we are today. (no action being taken, no statements being made, media portraying KRRC as a picked on group of people asserting their 2nd ammendment rights) I could talk about how some E-mails go to spam, and/or lost (only in your system, nowhere else that I communicate), to spending over a day tracking down why people's comments are lost in cyberspace or returned undeliverable through Kitsap 1.(This begs an important question. If this happened to all e-mails, why did no one notice there were no e-mail comments coming in? Leads you to believe it was a one issue-related "glitch". Could you investigate that please?)

As a footnote, my comments of last night were directed to all the Board, and were not intended to put anyone on the spot. But, for the record, if the Chairman makes a comment that solicites an answer, he better be prepared to hear the response. Last night the intent was to be helpful and informative. My hope is, in the near future, to be able to request a complete log of Kitsap 1comments on any issue, in their unedited E-package, for forwarding on to other agencies.

In closing, please fix Kitsap 1. Finish NHHP before it becomes a Banner Forest. Make CKCC a functioning body or disband it. Inform the commissioners that it is not in my nature to give up, and I really have a problem about being ignored.

Thank you,
Wade Larson

Dear all: Wade Larson has asked the following:

1) when we will have a fix on the 'case closed issue." He will probably coming tonight.
2) Should they resubmit concerns/complaints that were sent but were not received because of the commuter glitch?

Don: He is asking for a PDR of those complaints re: to the KRRC (and I know he has asked for this prior & received info) but is asking for those that are part of Steve Mount's file as well.

To: Kitsap1
Subject: contact information, back-up data, etc.

Please forward to: **Nancy Buonanno Grennan**

Nancy,
Here is my contact information, and a copy of last night's statements. Also I gave you a copy of some of my undeliverable notices, upon which I wrote my information on last night. I have added one more in this communication. I think that fulfills commissioner Brown's request for supporting data. A talk with Doug Bear will be informative, which is part of what I was trying to say to him at the end of my presentation. I am sorry if I appeared rude last night, but I had been trying to get some answers out of Larry for quite some time, and at that moment he was providing me with some of them. At the bottom is a summary of how I got into this mess, and what I need to "get out". If you need anything further please let me know.

Comments to BOCC 7-26-10

Wade Larson

[redacted]

Wadelarson2@[redacted]

I wish to make the Board aware of some problems that exist in the ways a citizen communicates with the County. Using the Kitsap 1 web address to comment to the county, a number of E-mails have been returned undeliverable. A log of about the last 6 month's worth of calls on one issue did not have an e-mail as their case origin. The system was rejecting the transmission. This was corrected last week. The people I contacted that phoned in a comment had not received a follow-up call. The status report of every call was "Resolved", "Problem solved". In my estimation that is not the case. The reason given for that posting was there were no better options available. Any software program for this use must have a "Pending" option or something as appropriate to tell the reader the issue is on-going. The concept of Kitsap 1 is great and forward-thinking, and I support it, but these things must be changed immediately.

The citizen's liaison to local government, the CKCC, presently has the May agenda and the April meeting minutes on their website. They do not make note of any citizen comments that were made at their meetings, and their contact E-mail is not posted. Being up-to-date will go a long ways in furthering their mission statement. Improvements need to be made so people can feel their efforts to involve themselves in their government are affective.

The commissioners post their web address on the County website, but do not reply to E-mails. In my opinion a refusal to comment is far better than no response at all.

The Commissioner's policy of not commenting on actions taken in other districts is not proper, once the action in question is voted on by the Board. All 3 are "owners" of that decision, and any need to act on that decision is borne by all.

Code Compliance-General Inquiries	KC-10812-87OTMH	03/19/2010	Phone	Audrey Shannon	Gail & Kevin Gross	(Note: following is a copy from an email sent to all three comissioners in addition to Kitsap 1) This is copied directly from the website of Kitsap Rifle & Revolver Club, updated on Mar. 17: "Starting today at approximately 3pm, there will be intermittent closures of the rifle line over the next week due to drilling our new well. Call the range for details." When checking the Kitsap County website to verify a permit being issued--IT SHOWS NO PERMIT BEING ISSUED!! This is on property tax account 362501-4-002-1006 at 4900 Seabeck Highway NW; Bremerton, WA 98312 for Kitsap Rifle & Revolver Club. This group still owes property taxes in the amount of $2,830.47 that were due 10/31/2009. Isn't this the same group that bull-dozed a new rifle shooting line	No				03/23/2(

						without a permit in 2005 and were finally stopped by the County? I believe that they were also supposed to restore the area destroyed to it's former state. (Check out Google Earth to see the scar that still remains.) We follow the rules and expect Kitsap Rifle & Relvolver Club to do the same. If they are not going to follow the rules and regulations, it is expected that the County should force them to do so in a timely manner. This is not something that is going to go away. Thank you, Kevin & Gail Gross (Information checked and verified on Mar. 18 at approx. 6:30am on the websites of Kitsap County and Kitsap Rifle & Revolver Club..)		
Code Compliance-General Inquiries	KC-10817-HGT59B	03/19/2010	Phone	Antonia Kruckeberg	Shirley Desmon	Hi. My home was recently "leafleted" by a group requesting our neighborhood write and complain about perceived noise from the Kitsap Rifle and Revolver Club. I am writing to express my support FOR	No	03/23/2(

this club. I am not a member of the gun club; but I have very little patience for anyone who moves next door to a pre-existing gun club, community play field, private air strip, pea-patch, etc. and then complains about the disruption. The gun range in question has been there for years - well prior to any development on this ridge. Anyone who purchased a home in this area either knew or should have known about the range. I have lived in my home for nearly 20 years and have not noticed any increase in the noise from the gun range during that time. Any noise I do hear is WELL below the decibel level of my neighbor's lawn equipment.

Sincerely,

Shirley Desmon

Code Compliance-General Inquiries	KC-11637-DZEZK2	05/26/2010	Phone	Antonia Kruckeberg	Jerome Carbone	My neighborhood has been subjected to the daily sound of gunfire over the past 6 or 8 months. A recent article in the CK Reporter provided the explanation--Kitsap Rifle and Revolver Club has apparently increased the number of firing lines from 2 to 16. Some of these are directed toward Klahowya Secondary School, the Newberry Hill Heritage Park and my neighborhood. These new firing lines were apparently constructed without proper permits. The noise from these illegally constructed firing lines has had a major negative impact on my quality of life. The gun club has also apparently destroyed wetlands in the process of construction. I want these illegally constructed firing lines dismantled and the environmental damage repaired. The gun range must be required to return to its	No	3 - Central	05/28/2(

					legal configuration of two firing lines. The gun club cannot be allowed to openly evade the permitting rules and subject the rest of us to the adverse effects of the noise and the possible danger from stray bullets directed toward a park and school. Also, it cannot be allowed to damage the environment in flagrant violation of the law. Jerome E. Carbone Hello, YES, THERE IS EXCESSIVE GUN CLUB NOISE POLLUTION!!!! We live in the Whisper Ridge Development and I find the Gun Club Noise is excessive. We can hear the pop, pop, pop, pop, pop, pop, blam, blam, blam, blam, blam, blam, blam, blam, boom, boom, boom, boooom, boom, booom, booooom whenever it occurs. We hear it in the morning, afternoon, evening, and sometimes even at 9:30 (+) at night. It happens on any given day of the			
Code Compliance-Report a Potential Violation	KC-10810-4UWTSU	03/19/2010	Phone	Audrey Shannon	Carl Jorgensen	No	3 - Central		03/23/2

						week. The sound of gunfire carries up and over the hill into our neighborhood. We notice it during winter with our windows all closed. It will be awful when the weather warms up. There will be more shooters and alot more noise.When we open our windows the sound of gunfire is plainly heard and is too loud! It is noise pollution, disturbing, grates on your nerves, just doesn't belong here. Something should be done about the noise. Thank you for addressing this issue. We appreciate it. The Jorgensens We live in the Whisper Ridge subdivision in Bremerton, located off Iskra. Gun noise has become excessive these past few years, and we would appreciate it if the County would investigate this. The noise apparently comes from the Kitsap Rifle club, and we hear gun noise from large caliber

						weapons, which starts as early as 7am on weekends and weekdays, and continues well into the evening every night. Thank you.			
Code Compliance-Report a Potential Violation	KC-10813-IG90RJ	03/19/2010	Phone	Audrey Shannon	Gary & Dawn Fisher	We are writing to complain about the increased noise from the Kitsap Rifle & Revolver Club in Bremerton. We live a mile and a half from the club and are able to easily hear the shooting. We are hearing the firing of automatic and semi-automatic weapons. The noise wakes us up at night and in the early morning, and makes it unpleasant to have outdoor family barbecues. We understand the KRRC increased its shooting lanes from 2 to 16 without any sort of permit, which accounts for the added noise over the last couple years. We also understand that during its more than 80 years of operation, the KRRC has failed to perform any type of cleanup of its grounds. What kind of contamination is this putting	No	3 - Central	03/23/2(

into Chico Creek and the surrounding wetlands? The adjacent Camp Wesley Harris was closed due to pollution and KRRC does not seem to care what kind of impact it is having. As you all know, this impact can be devastating for years to come. Do you realize that, on average, shooting ranges could have up to 1 million pounds of lead in the soil after a few decades of operation? Don't you think it's time KRRC starts being responsible and clean up their area of all the lead it has been putting onto and into its grounds since its inception in 1926? Why were there no public hearings to consider any concerns of the surrounding residents (some as far as 4 miles away from the club are hearing the shooting) when Kitsap County granted 72 acres to KRRC? Thank you for your consideration. Gary and Dawn Fisher ***2nd email*** Is there any follow-up to ensure grant

						recipients comply with all requirements, and that they obtain permits? KRRC has not obtained permits and has misappropriated the funds it has received.				
Code Compliance-Report a Potential Violation	KC-11303-4KX0NV	04/27/2010	Phone	Erin Denny	Skip & Doris Juni	The following was received via email: April 27th at 12:00 and the gun fire is very loud. What's odd is there are few people out there shooting. It has become quite apparent that the new firing lanes KRRC put in that face North are improperly designed, so they direct louder gun fire towards our housing development. These firing need to go away. These were part of the expansion without permits, so when the County takes action our group certainly want these firing lanes returned to their natural state. This is imperative to eliminate excessive noise.	No			04/29/2(

Skip and Doris Junis Hi, I live in Whisper Ridge off of Eldorado Blvd. I find the noise from the Kitsap Rifle and Revolver Club shooting range seems to get louder and more frequent. Is there a way to get the noise reduced? It is really bad in the summer months and the gun fire wakes our kids up on the weekends. Paula Ballesteros	No	3 - Central	01/12/2(

Just so you know, I am not on a crusade to change county government, hassle commissioners, or get in front of a camera. I really do not like having to come down there to "get involved". Trouble is, when I know about things like these, I can not get them off my mind. I got myself drug into this over a year ago when Newberry Hill Heritage Park was being created. I am no environmentalist, but I was here when the real Tree-huggers walked the Earth, and I know, if they were here now, they would not be happy if they saw what is happening to there lands and their movement. I attempted to make the administration aware of the need to protect this area from habitat degradation due to rouge trailbuilding, and uncompatable uses of the south end of NHHP. I was also concerned about KRRC(environmental concerns), and making sure all planning actions of the Park (Larry

Keeton) were followed to see it off to a good start. I posed my questions to all the commissioners, CKCC, Parks and others to get a "we'll look into that" reply. Nothing happened. I am a member of the stewardship committee for that park, and am frustrated about that committee's inability to do much to further my goal of protecting this sensitive area. A good, defined plan of how to protect this area now is far better than years of rangling over how to return an area back to what it originally was planned to be. Presently park planners need to define what areas can have what uses in the RCO conservation easement. This whole process was to be done already, and we as stewards and general public were told that it would be done during the master planning process. Now, Martha Droge says it can not be done until a labor agreement/rehire is arranged for an IT person to perform a trail overlay that, in my mind, a highschooler can do in a weekend. This is the last in a string of excuses for the delay, leading me to believe there is another purpose in mind. If we do not get it done and done right, I for one will see to it that RCO does not grant more funds for any project until this is accomplished, and any needed remedial action is taken. In my opinion only,we have lost a lot of interested people in our stewardship group already because there is "nothing we can do" in the lower area except stand guard over the area to tell people they can not use or build trails in areas we have no idea of compatable use designations for. The whole project is a half-baked effort that the promoters have washed their hands of and moved on to other things.(incorporation, YMCA, attempts to distance themselves from the KRRC debaucle, grant applications for park funds, etc.)

I could go on to how the noise led me to look into KRRC and to administrations kicking the issue down the road, or ignoring it until we are to where we are today. (no action being taken, no statements being made, media portraying KRRC as a picked on group of people asserting their 2nd ammendment rights) I could talk about how some E-mails go to spam, and/or lost (only in your system, nowhere else that I communicate), to spending over a day tracking down why people's comments are lost in cyberspace or returned undeliverable through Kitsap 1.(This begs an important question. If this happened to all e-mails, why did no one notice there were no e-mail comments coming in? Leads you to believe it was a one issue-related "glitch". Could you investigate that please?)

As a footnote, my comments of last night were directed to all the Board, and were not intended to put anyone on the spot. But, for the record, if the Chairman makes a comment that solicites an answer, he better be prepared to hear the response. Last night the intent was to be helpful and informative. My hope is, in the near future, to be able to request a complete log of Kitsap 1comments on any issue, in their unedited E-package, for forwarding on to other agencies.

In closing, please fix Kitsap 1. Finish NHHP before it becomes a Banner Forest. Make CKCC a functioning body or disband it. Inform the commissioners that it is not in my nature to give up, and I really have a problem about being ignored.

Thank you,
Wade Larson

Subject: Newberry Hill DNR Land reconveyance - October 19 from 6-8 pm at Klahowya

This is confirmation that the DNR public meeting required for the reconveyance will occur at Klahowya Secondary School on Tuesday Oct 19 from 6-8. The room has been reserved and DNR staff have confirmed their attendance. We will advertise the meeting much in the same way as the master planning meetings from Nov. 2009 - April 2010. Given the lack of controversy over the land reconveyance itself, I anticipate that the only charged issue will be in regards to the ongoing dispute between KRRC and some of the neighbors.

Hello again, Neil. I worked at the Maryville Tennessee, South Plant, Smelting Process Development Laboratory. Really good job for a kid right out of college, but I never met a Bob Wachter. The Navy was calling and I had some idea that I should try nuclear engineering, so I interviewed with the recruiter for the Nuclear program. My grades were not good enough and they recommended the Civil Engineer Corps (Seabees) so I tried that -- for 24 years.

I thought that I would include among the photos the a) Google Earth of filling the wetland in the June 12th image, and b) the photo of the covered posting of the Stop Work Order. Any others you would want to see?

By the way Gail and I drove by the Club this morning and we saw a young man in his mid 20s or so standing at the north side of the parking lot firing his pistol toward the berms/backstops -- where was the Range Safety Officer???

Sincerely,
Kevin T. Gross

Please forward to: **Nancy Buonanno Grennan**

Nancy,
Here is my contact information, and a copy of last night's statements. Also I gave you a copy of some of my undeliverable notices, upon which I wrote my information on last night. I have added one more in this communication. I think that fulfills commissioner Brown's request for supporting data. A talk with Doug Bear will be informative, which is part of what I was trying to say to him at the end of my presentation. I am sorry if I appeared rude last night, but I had been trying to get some answers out of Larry for quite some time, and at that moment he was providing me with some of them. At the bottom is a summary of how I got into this mess, and what I need to "get out". If you need anything further please let me know.

Comments to BOCC 7-26-10

Wade Larson

[redacted]

Wadelarson2@[redacted]

I wish to make the Board aware of some problems that exist in the ways a citizen communicates with the County. Using the Kitsap 1 web address to comment to the county, a number of E-mails have been returned undeliverable. A log of about the last 6 month's worth of calls on one issue did not have an e-mail as their case origin. The system was rejecting the transmission. This was corrected last week. The people I contacted that phoned in a comment had not received a follow-up call. The status report of every call was "Resolved", "Problem solved". In my estimation that is not the case. The reason given for that posting was there were no better options available. Any software program for this use must have a "Pending" option or something as appropriate to tell the reader the issue is on-going. The concept of Kitsap 1 is great and forward-thinking, and I support it, but these things must be changed immediately.

The citizen's liaison to local government, the CKCC, presently has the May agenda and the April meeting minutes on their website. They do not make note of any citizen comments that were made at their meetings, and their contact E-mail is not posted. Being up-to-date will go a long ways in furthering their mission statement. Improvements need to be made so people can feel their efforts to involve themselves in their government are affective.

The commissioners post their web address on the County website, but do not reply to E-mails. In my opinion a refusal to comment is far better than no response at all.

The Commissioner's policy of not commenting on actions taken in other districts is not proper, once the action in question is voted on by the Board. All 3 are "owners" of that decision, and any need to act on that decision is borne by all.

Code Compliance-General Inquiries	KC-10812-87OTMH	03/19/2010	Phone	Audrey Shannon	Gail & Kevin Gross	(Note: following is a copy from an email sent to all three comissioners in addition to Kitsap 1) This is copied directly from the website of Kitsap Rifle & Revolver Club, updated on Mar. 17: "Starting today at approximately 3pm, there will be intermittent closures of the rifle line over the next week due to drilling our new well. Call the range for details." When checking the Kitsap County website to verify a permit being issued--IT SHOWS NO PERMIT BEING ISSUED!! This is on property tax account 362501-4-002-1006 at 4900 Seabeck Highway NW; Bremerton, WA 98312 for Kitsap Rifle & Revolver Club. This group still owes property taxes in the amount of $2,830.47 that were due 10/31/2009. Isn't this the same group that bull-dozed a new rifle shooting line without a permit in 2005 and were finally stopped by the	No		03/23/2(

						County? I believe that they were also supposed to restore the area destroyed to it's former state. (Check out Google Earth to see the scar that still remains.) We follow the rules and expect Kitsap Rifle & Relvolver Club to do the same. If they are not going to follow the rules and regulations, it is expected that the County should force them to do so in a timely manner. This is not something that is going to go away. Thank you, Kevin & Gail Gross (Information checked and verified on Mar. 18 at approx. 6:30am on the websites of Kitsap County and Kitsap Rifle & Revolver Club..)		
Code Compliance-General Inquiries	KC-10817-HGT59B	03/19/2010	Phone	Antonia Kruckeberg	Shirley Desmon	Hi. My home was recently "leafleted" by a group requesting our neighborhood write and complain about perceived noise from the Kitsap Rifle and Revolver Club. I am writing to express my support FOR this club. I am not a member of the gun club; but I have very	No		03/23/2

						little patience for anyone who moves next door to a pre-existing gun club, community play field, private air strip, pea-patch, etc. and then complains about the disruption. The gun range in question has been there for years - well prior to any development on this ridge. Anyone who purchased a home in this area either knew or should have known about the range. I have lived in my home for nearly 20 years and have not noticed any increase in the noise from the gun range during that time. Any noise I do hear is WELL below the decibel level of my neighbor's lawn equipment. Sincerely, Shirley Desmon [redacted] Bremerton, WA 98312			
Code Compliance-General Inquiries	KC-11637-DZEZK2	05/26/2010	Phone	Antonia Kruckeberg	Jerome Carbone	My neighborhood has been subjected to the daily sound of gunfire over the past 6 or 8 months. A recent article in the CK Reporter	No	3 - Central	05/28/2(

provided the explanation--Kitsap Rifle and Revolver Club has apparently increased the number of firing lines from 2 to 16. Some of these are directed toward Klahowya Secondary School, the Newberry Hill Heritage Park and my neighborhood. These new firing lines were apparently constructed without proper permits. The noise from these illegally constructed firing lines has had a major negative impact on my quality of life. The gun club has also apparently destroyed wetlands in the process of construction. I want these illegally constructed firing lines dismantled and the environmental damage repaired. The gun range must be required to return to its legal configuration of two firing lines. The gun club cannot be allowed to openly evade the permitting rules and subject the rest of us to the

						adverse effects of the noise and the possible danger from stray bullets directed toward a park and school. Also, it cannot be allowed to damage the environment in flagrant violation of the law. Jerome E. Carbone Hello, YES, THERE IS EXCESSIVE GUN CLUB NOISE POLLUTION!!!! We live in the Whisper Ridge Development and I find the Gun Club Noise is excessive. We can hear the pop, pop, pop, pop, pop, pop, pop, blam, blam, blam, blam, blam, blam, blam, blam, boom, boom, boom, boooom, boom, booom, boooom whenever it occurs. We hear it in the morning, afternoon, evening, and sometimes even at 9:30 (+) at night. It happens on any given day of the week. The sound of gunfire carries up and over the hill into our neighborhood. We notice it during winter with our windows all closed. It will be			
Code Compliance-Report a Potential Violation	KC-10810-4UWTSU	03/19/2010	Phone	Audrey Shannon	Carl Jorgensen		No	3 - Central	03/23/2(

					awful when the weather warms up. There will be more shooters and alot more noise.When we open our windows the sound of gunfire is plainly heard and is too loud! It is noise pollution, disturbing, grates on your nerves, just doesn't belong here. Something should be done about the noise. Thank you for addressing this issue. We appreciate it. The Jorgensens We live in the Whisper Ridge subdivision in Bremerton, located off Iskra. Gun noise has become excessive these past few years, and we would appreciate it if the County would investigate this.			
Code Compliance-Report a Potential Violation	KC-10811-T3NB59	03/19/2010Phone	Audrey Shannon	Wendell & Eva Crim	The noise apparently comes from the Kitsap Rifle club, and we hear gun noise from large caliber weapons, which starts as early as 7am on weekends and weekdays, and continues well into the evening every night. Thank you.	No	3 - Central	03/23/2(

Code Compliance-Report a Potential Violation	KC-10813-IG90RJ	03/19/2010	Phone	Audrey Shannon	Gary & Dawn Fisher	We are writing to complain about the increased noise from the Kitsap Rifle & Revolver Club in Bremerton. We live a mile and a half from the club and are able to easily hear the shooting. We are hearing the firing of automatic and semi-automatic weapons. The noise wakes us up at night and in the early morning, and makes it unpleasant to have outdoor family barbecues. We understand the KRRC increased its shooting lanes from 2 to 16 without any sort of permit, which accounts for the added noise over the last couple years. We also understand that during its more than 80 years of operation, the KRRC has failed to perform any type of cleanup of its grounds. What kind of contamination is this putting into Chico Creek and the surrounding wetlands? The adjacent Camp Wesley Harris was closed due to pollution and KRRC does not	No	3 - Central	03/23/2(

seem to care what kind of impact it is having. As you all know, this impact can be devastating for years to come. Do you realize that, on average, shooting ranges could have up to 1 million pounds of lead in the soil after a few decades of operation? Don't you think it's time KRRC starts being responsible and clean up their area of all the lead it has been putting onto and into its grounds since its inception in 1926? Why were there no public hearings to consider any concerns of the surrounding residents (some as far as 4 miles away from the club are hearing the shooting) when Kitsap County granted 72 acres to KRRC? Thank you for your consideration. Gary and Dawn Fisher ***2nd email*** Is there any follow-up to ensure grant recipients comply with all requirements, and that they obtain permits? KRRC has not obtained permits and has misappropriated

						the funds it has received.				
Code Compliance-Report a Potential Violation	KC-11303-4KX0NV	04/27/2010	Phone	Erin Denny	Skip & Doris Juni	The following was received via email: April 27th at 12:00 and the gun fire is very loud. What's odd is there are few people out there shooting. It has become quite apparent that the new firing lanes KRRC put in that face North are improperly designed, so they direct louder gun fire towards our housing development. These firing need to go away. These were part of the expansion without permits, so when the County takes action our group certainly want these firing lanes returned to their natural state. This is imperative to eliminate excessive noise.	No			04/29/2(
Code Compliance-Report a Potential Violation	KC-11376-V7U6E7	05/03/2010	Phone	Antonia Kruckeberg	Peggy Kermath	To the county offices and the commissioners office, We want to register our complaint about the excessive gun noise from	No	3 - Central		05/05/2(

Code Compliance-Report a Potential Violation	KC-11379-LVQ7H4	05/03/2010	Phone	Antonia Kruckeberg	Colen & Joanne Corey	the Kitsap Rifle and Revolver Club throughout the day today! At various intervals they were firing 30 caliber automatic and semi-automatic weapons! Bullets from these types of weapons can travel more than 3 miles! A ricochet can be just as deadly! As concerned residents we would appreciate your help in correcting this problem! Respectfully, Robert and Peggy Kermath Well today was extra loud. I was trying to get things done in my own garden when the noise of what sounded like to me cannon fire, yes I said cannon fire. I even made a comment to my husband, he said sounds like cannons to me! No We are trying to be good neighbors and I wish they would too. I feel that listening to the explosions go off all the time every day, every holiday, every sunday ,every day early in the morning and sometimes late into the night. I think		05/05/2(

						gun fire should cease after 6:00 when people are trying to enjoy there home life and peace and quite after a stressful work day is not to much to ask, since they have purchased the gun range the weapontry has become more powerful and more obnoxious. I also feel that a cease fire should occur on holidays, ie christmas, christmas eve, easter and minimal on sundays atleast. I wish they would be better neighbors to the community. Joanne Corey		
Code Compliance-Report a Potential Violation	KC-11380-XO656D	05/03/2010	Phone	Antonia Kruckeberg	Vicki & Greg Hoisington	Hi Mr. Mount, I live at [redacted] and am writing to let you know I'm hearing loud gunfire luder than the normal pop pop pop on Sundays and wonder if you could look into it. I am out planting in my yard and wonder if the gunfire may be fom 30 caliber automatic gunfire. I like to be outside rnjoying spring but this is sad to hear and so much louder than the normal gunfire I usually hear on	No	05/05/2

					penetrating inside my house in Whisper Ridge 1.65 miles away. Surely there has to be a County Code that can stop this at a reasonable hour. I can't believe such a small group of inconsiderate people can be holding up our community. Is there not anyone willing to stand up for the residents who are under siege. Please help. Skip and Doris Junis			
County Administration-Concerns and Scheduleing with Commissioners-All Commissioners	KC-10084-2QL0I2	01/12/2010	Phone	Erin Denny	Paula Ballesteros	Hi, I live in Whisper Ridge off of Eldorado Blvd. I find the noise from the Kitsap Rifle and Revolver Club shooting range seems to get louder and more frequent. Is there a way to get the noise reduced? It is really bad in the summer months and the gun fire wakes our kids up on the weekends. Paula Ballesteros	No	3 - Central	01/12/2(

Just so you know, I am not on a crusade to change county government, hassle commissioners, or get in front of a camera. I really do not like having to come down there to "get involved". Trouble is, when I know about things like these, I can not get them off my mind. I got myself drug into this over a year ago when Newberry Hill Heritage Park was being created. I am no environmentalist, but I was here when the real Tree-huggers walked the Earth, and I know, if they were here now, they would not be happy if they saw what is happening to there lands and their movement. I attempted to make the administration aware of the need to protect this area from habitat degradation due to rouge trailbuilding, and uncompatable uses of the south end of NHHP. I was also concerned about KRRC(environmental concerns), and making sure all planning actions of the Park (Larry

Keeton) were followed to see it off to a good start. I posed my questions to all the commissioners, CKCC, Parks and others to get a "we'll look into that" reply. Nothing happened. I am a member of the stewardship committee for that park, and am frustrated about that committee's inability to do much to further my goal of protecting this sensitive area. A good, defined plan of how to protect this area now is far better than years of rangling over how to return an area back to what it originally was planned to be. Presently park planners need to define what areas can have what uses in the RCO conservation easement. This whole process was to be done already, and we as stewards and general public were told that it would be done during the master planning process. Now, Martha Droge says it can not be done until a labor agreement/rehire is arranged for an IT person to perform a trail overlay that, in my mind, a highschooler can do in a weekend. This is the last in a string of excuses for the delay, leading me to believe there is another purpose in mind. If we do not get it done and done right, I for one will see to it that RCO does not grant more funds for any project until this is accomplished, and any needed remedial action is taken. In my opinion only,we have lost a lot of interested people in our stewardship group already because there is "nothing we can do" in the lower area except stand guard over the area to tell people they can not use or build trails in areas we have no idea of compatable use designations for. The whole project is a half-baked effort that the promoters have washed their hands of and moved on to other things.(incorporation, YMCA, attempts to distance themselves from the KRRC debaucle, grant applications for park funds, etc.)

I could go on to how the noise led me to look into KRRC and to administrations kicking the issue down the road, or ignoring it until we are to where we are today. (no action being taken, no statements being made, media portraying KRRC as a picked on group of people asserting their 2nd ammendment rights) I could talk about how some E-mails go to spam, and/or lost (only in your system, nowhere else that I communicate), to spending over a day tracking down why people's comments are lost in cyberspace or returned undeliverable through Kitsap 1.(This begs an important question. If this happened to all e-mails, why did no one notice there were no e-mail comments coming in? Leads you to believe it was a one issue-related "glitch". Could you investigate that please?)

As a footnote, my comments of last night were directed to all the Board, and were not intended to put anyone on the spot. But, for the record, if the Chairman makes a comment that solicites an answer, he better be prepared to hear the response. Last night the intent was to be helpful and informative. My hope is, in the near future, to be able to request a complete log of Kitsap 1comments on any issue, in their unedited E-package, for forwarding on to other agencies.

In closing, please fix Kitsap 1. Finish NHHP before it becomes a Banner Forest. Make CKCC a functioning body or disband it. Inform the commissioners that it is not in my nature to give up, and I really have a problem about being ignored.

Thank you,
Wade Larson

Don,
I sat in on a study session with the BOCC this morning, and I learned that comments forwarded to them were not recorded at the Kitsap 1 database. They were handled by their assistants, who apparently filed them on their own storage medium.
To sum up what information I wish with this new knowledge is, I want all records of comments regarding Kitsap Rifle and Revolver Club for the last 1 -1/2 years at all sources they may have been routed. This includes Kitsap 1, DCD, all 3 Commissioners, County Administrator, Prosecuting Attorney, Sherriff, and Parks Department.
I hate to put you to all this trouble, but the efforts and concerns of a lot of people seems to have gone down a rathole, and now I need proof of that effort, or proof of the failure to record it.

Thank you,
Wade Larson

Mr. Larson - I have forwarded your current request to any and all departments who may have records pursuant to your request. As I understand your current request, you are specifically interested in records regarding citizen complaints, concerns and/or comments, and their routing, in regards to the Kitsap Rifle and Revolver Club (not necessarily general KRCC records that have been previously provided).

Please know, there is no retention requirement for telephone messages (Washington State Archives retention item 6.1.5). As such, it is possible that telephone quires received directly by a staff member (other than Kitsap 1) may have been discussed at the time, with no resultant record of that conversation.

All records responsive to this request will be reviewed and prepared for release. We hope to release these records no later than September 16, 2010. Once the records are ready for release we will notify you as to the cost for copying all responsive documents.

If for any reason we must withhold or redact information from a document, you will be notified as to which document this applies, and the reason why.

After the records have been prepared, if you wish to review the documents at no cost, please contact me at, 360-307-4261 to schedule an appointment.

If you have additional questions or concerns please feel free to contact me at any time.

Sincerely - Don Burger

Don,
I sat in on a study session with the BOCC this morning, and I learned that comments forwarded to them were not recorded at the Kitsap 1 database. They were handled by their assistants, who apparently filed them on their own storage medium.
To sum up what information I wish with this new knowledge is, I want all records of comments regarding Kitsap Rifle and Revolver Club for the last 1 -1/2 years at all sources they may have been routed. This includes Kitsap 1, DCD, all 3 Commissioners, County Administrator, Prosecuting Attorney, Sherriff, and Parks Department.

I hate to put you to all this trouble, but the efforts and concerns of a lot of people seems to have gone down a rathole, and now I need proof of that effort, or proof of the failure to record it.

Thank you,
Wade Larson

Please log this in and start processing. See Don's mail. He will write the five day letter. I suggest that those who may have documents will be the Sheriff, Undersheriff, all Chiefs, all patrol lieutenants, ILEADS and Maaren Stroble. Please put in the usual wording that if any we ask for documents know of someone else who may possess documents, please let us know.

Don,

I sat in on a study session with the BOCC this morning, and I learned that comments forwarded to them were not recorded at the Kitsap 1 database. They were handled by their assistants, who apparently filed them on their own storage medium.

To sum up what information I wish with this new knowledge is, I want all records of comments regarding Kitsap Rifle and Revolver Club for the last 1 -1/2 years at all sources they may have been routed. This includes Kitsap 1, DCD, all 3 Commissioners, County Administrator, Prosecuting Attorney, Sherriff, and Parks Department.

I hate to put you to all this trouble, but the efforts and concerns of a lot of people seems to have gone down a rathole, and now I need proof of that effort, or proof of the failure to record it.

Thank you,
Wade Larson

Greetings All:

I know we've submitted several items already, but if you could all read through the entire emails, I would greatly appreciate it. And if you know of anyone else in our department who should be looking into this please let me know.

Where there hearings on this project? Would there be any minutes for a planning commission meeting or any other meeting minutes?

Thanks for your assistance in this matter!

KC-04147-FEBHDV	02/11/2009	County Administration-Concerns and Scheduleing with Commissioners-All Commissioners	Carol Tyree-Dewell	Hi my name is Carol Tyree-Dewell and I am a teacher at Mahovsa. I had my students, a class of 30 - 7th graders, on the track to warm up and jog. We heard these gun shots seemed very close to us, for about 20 minutes while we were jogging the track. Personally, I have not heard the shots before and it did concern me that a stray bullet could make its way ...	Carolyn Sierra	Resolved	Info passed on to BCC			
KC-04679-1GIFMU	03/04/2009	County Administration-Concerns and Scheduleing with Commissioners-All Commissioners	Andrew Casella	Customer is a member of the Kitsap Rifle and Revolver Club and is concerned about the club's range. See Notes for attached copy of the original email. As a member and Trustee of the Kitsap Rifle and Revolver Club I have a concern for the continued existence of the club's range located in the southwest corner of the property which is being exchanged from the DNR to the County in the Newberry Hill Project. With an active annual membership hovering around one thousand from all walks of life and several thousand non member visitors to the range yearly the range provides a safe and convenient place for the people of Kitsap County and surrounding communities to shoot. The range also provides education in many forms to civilians, military, and law enforcement personnel. With several types of shooting competitions held at the range, shooters from around the country come to participate and spend money in the county. In these competitions several World records have been set or broken. This range is known to the shooting community as a class act. In the correspondence I have seen there is no mention of the Club being a	Carolyn Sierra	Resolved	Info passed on to BCC			
KC-04913-DZ6YXV	03/17/2009	County Administration-Concerns and Scheduleing with Commissioners-All Commissioners	John Davidson	Customer is has concerns about the "Newberry Hill Land Swap". See notes tab for a copy of the original email. *Note: This email was forwarded immediately to Carolyn Sierra for distribution prior to this case being created	Deanna Ersted	Resolved	Copies for each Commissioner - just citizen opinion, no call back requested	I am a Life Member, Trustee, and Range Officer at Kitsap Rifle and Revolver Club (KRRC). I am very concerned with the delay of communication from The County about the land swap that is taking place (Newberry Hill Project). KRRC is on part of this property, and should have been included in meetings or at least informed from the very beginning. Questions arise from this lack of communication. Will KRRC continue to be at it's current location and at what cost? My wife and I have hiked most trails in the Olympic Mountains as well as many in the Cascades. We've biked some of these trails, and some in Kitsap County too. In Short, We have plenty of places to hike, bike and enjoy the outdoors in this and other states. Shooting, especially competitive shooting is My passion. I can no longer shoot in the woods and gravel pits in Kitsap County, even when safe to do so	There are only three public ranges in Kitsap County that support the full spectrum of firearms practice, KRRC, Poulsbo Sportsman's Club, and Bainbridge Island. Each club performs a vital service to the county and nation in the form of Firearm Safety classes, Hunter Education, and a safe, legal place to shoot. If any one of these ranges is disestablished, those remaining would be very overcrowded. The future of KRRC must be assured, hopefully before the land swap takes place. I would like to see some form of legal documentation that would not leave our existence up to future political whims. The best solution in My estimation would be for KRRC to be allowed to buy the property in question at a reasonable price	
KC-04915-KNAFXZ	03/17/2009	County Administration-Concerns and Scheduleing with Commissioners-All Commissioners	Terry Allison	Customer has concerns about the Kitsap Rifle and Revolver Club (KRRC) Executive Committee e-mail dated March 9, 2009, addressed to Kitsap County Commissioner Josh Brown and Kitsap County Parks and Recreation, subject "URGENT TIME SENSITIVE PROPOSAL TO CONTRACT FOR LEASE/PURCHASE SITE/ACREAGE". See Notes tab for a copy of the original email. *The email was forwarded to Carolyn Sierra immediately upon receipt, prior to creation of this case	Deanna Ersted	Resolved	Copy to Commissioners - no response requested by citizen	In reference to your e mail dated March 9, 2009 addressed to Kitsap County Commissioner Josh Brown and Kitsap County Parks and Recreation subject "URGENT TIME SENSITIVE PROPOSAL TO CONTRACT FOR LEASE/PURCHASE SITE/ACREAGE" I take exception and offense to a number of untrue and/or misrepresentative statements you made in this letter. Specifically a. you state "KRRC's neighbors (adjacent property owners) even if they are not actual members of the club do support the club." This is not true. I have lived next door to the club for over 20 years. I am a former member and did support the club up until a few years ago when the club's purpose and goals radically changed. To the best of my knowledge, only 2 or 3 of the 40+ neighbors most affected by the club's operations actively support the club. Most of the rest seem at best resigned to having made a poor decision when buying or building here years ago and having lacked the foresight to see just how bad conditions could become when living next to an organization such as KRRC has become	b. "Neighbors support the club because it is responsibly operated". Again, blatantly false. In 2005 KRRC submitted a plan to the County to expand club facilities. The county provided comments and requirements to the club on actions necessary to get a permit for the proposed work. KRRC rejected the requirements and started work on the expansion anyway, clearing a significant area of recently planted DNR lands, cutting roads, grading, and cutting ditches to drain wetlands to construct a new 1000 meter range. The County issued a stop work order and DNR required KRRC to at least partially restore and replant the affected area. After the fact KRRC took the position that they weren't really building a new range, just reorienting the existing range. Even after the stop work order was issued, KRRC continued work on other parts of the range in defiance of County Code and Ordinances. This is hardly the type of responsible, law abiding behavior KRRC claims and is only one of several examples of irresponsible unilateral behavior demonstrated by the club. There is, incidentally, a very interesting trail of documentation	c. "KRRC has reasonable hours". KRRC's current published hours are 8 a.m. to 10 p.m. These hours were changed from the historic and traditional daylight hours only following the illegal installation of range lights several years ago. Since installation of range lights, shooting has often extended well beyond the published hours, and all too often culminates in an intense 15 to 30 minutes of automatic weapons fire, frequently around bar closing time, particularly during the warmer months. d. "KRRC has an effective noise control system". subjective, but noise levels at my home have increased from only occasionally mildly annoying to levels that sometimes preclude outside activity at my home since the realignment and restructuring of the berms and baffles at the range. I can only suggest that the club invest in a range design review by a credentialed entity with competence in this area. The remainder of my concerns will be addressed in another forum. KRRC's arrogance in claiming to speak for me in matters relating to the range is unconscionable and unacceptable. I request KRRC issue
KC-04976-GHZWGO	03/20/2009	County Administration-Concerns and Scheduleing with Commissioners-All Commissioners	Rebecca Ledger	I have not been able to attend any of the meetings for the proposed land swap, but I would like to see the nature of the area remain relatively unchanged. There are few remaining areas with trails through undeveloped forest. With regard to the rifle range, if it is allowed to retain its lease, I would like to see some time restrictions on gun firing, particularly weekend mornings (before 10 am). Thank you for your time.	Deanna Ersted	Resolved	Copy for file on Rifle and Gun Club appeal			
KC-05003-0CSAWVF	03/23/2009	County Administration-Concerns and Scheduleing with Commissioners-All Commissioners	Michael Overfeld	Customer has concerns regarding the lease with the Kitsap Rifle and Revolver Club. See attachments for original email. I understand from the meeting held on 18 March 2009 that the county intends on continuing the lease with the Kitsap Rifle and Revolver Club. I'm encouraged to hear that, since Kitsap County needs recreational and competitive shooting facilities to support the community. With that said, I can find no mention of any shooting related activity as part of ANY plan for the future of Kitsap County's Parks. This leads me and others to be highly suspect about the long term plans the county has for the future of this firing range. I would have to conclude that the long term plan is to shut this club down at the end of whatever negotiated lease agreement is met. I think I'm not alone in my concern, and I think we need a written and legal commitment that is binding from the County to ensure the future of this firing range. We can not be confident with promises and intentions, especially when they do not match the documented plans of the County Parks Department. In this on	Deanna Ersted	Resolved	Copy to Commissioners and file	The paintball field was a great community recreational facility, and I even used it for my Navy Reserve unit for recreation and training. It is a tragedy to see it go. I think we need to consider ALL the public uses of parks, not just the ones that seem to have the largest political support. I think it is clear there are a large number of gun owners in the county, and they should have a safe and controlled environment to support their proficiency with their firearms. This is a public service. I appreciate your consideration on this issue and your dedication to public service		
KC-05914-69LRBH	05/12/2009	County Administration-Concerns and Scheduleing with Commissioners-All Commissioners	Scott Holmen	Customer urges commissioners to adopt a resolution selling land to Kitsap Rifle and Revolver Club. See Notes and Article for attachments and original email. "Please vote to adopt the attached resolution selling the 72 acres of land that Kitsap Rifle and Revolver Club has been leasing from the Washington Department of Natural Resources since 1926. These lands are part of the proposed DNR/Kitsap County land swap associated with the Central Kitsap/Newberry Hill Heritage Park. The attached map shows the location of the sale property as well as the location of Central Kitsap Heritage Park and Greenway lands. I have met with Commissioner Brown on this issue and have also presented materials at meetings of the County Commissioners' and the Kitsap Parks and Recreation Citizen's Advisory Board. This sale will benefit the residents of Kitsap County by helping to provide valuable recreational opportunities at no cost to the County and will help to promote and protect public safety by providing a location for safe shooting and firearms safety training. The sale will not adversely impact the creation and development of the Heritage Park, and	Deanna Ersted	Resolved	Copy given to all three Commissioners and one for record file			
KC-10084-2QL0I2	01/12/2010	County Administration-Concerns and Scheduleing with Commissioners-All Commissioners	Paula Ballesteros	Hi, I live in Whisper Ridge off of Eldorado Blvd. I find the noise from the Kitsap Rifle and Revolver Club shooting range seems to get louder and more frequent. Is there a way to get the noise reduced? It is really bad in the summer months and the gun fire wakes our kids up on the weekends. Paula Ballesteros	Erin Denny	Resolved	done			
KC-10634-RQ0RE3	03/08/2010	County Administration-Concerns and Scheduleing with Commissioners-District 3 ~ Josh Brown	Skip & Doris Juris	**Please see "History" for an additional email*** Josh, The Gun Club started shooting @ 7:10A.M. this morning (Sunday). I'm lying in bed with my wife and our house is 1.65 miles from the KRRC. WE moved here 10 years ago and we never heard the club inside before this past months. They are not shooting large weapons, but they are semi automatic, PLUS THEY ARE SHOOTING AT SOME OBJECT THAT EXPLODES WHEN IT'S HIT. I've talk with some members and they say that is a regular shooting exercise, shooting at these exploding balls or containers. Why would anyone want to start shooting @ 7:00 A.M. on Sunday, unless they realize they are disturbing others and enjoy it. Why is the County letting this practice continue. I have been doing research and this club has broken or ignored so many county codes and building permits. They've torn down wetlands, clear cut (that's why we hear them now), and expanded shooting bays from 2 to 16. All are against lease agreements, buy sell stipulations etc etc etc. This has to stop. Somebody needs to stand up for the surrounding residents. In this day and time there is no ro	Dana Daniels	Resolved	resolved	Chico Creek I've found out is one of the states (maybe Northwest), biggest salmon (chum)runs and I'll bet it is polluted. I look forward to working with you on this issue. Our group is growing and I know they are looking forward to working you and the other County Departments to stop this ridiculous situation. Sorry I haven't called to set up the time for me to present my solutions, but I have met a number of important contacts and I keep getting new information that seems to be altering a number of my initial solution ideas. I hope to have something finalized at end of next week. I'll call to set an appointment. I appreciate your time and consideration. I especially appreciate any efforts you and the County can put forth to stop the insanity. Skip and Doris Juris		
KC-10644-3G3587	03/08/2010	Code Compliance-Report a Potential Violation	Mike Sparker	The following was received via email: Awakened this AM at 0800 to assault by batteries fire at the Kitsap Rifle and Revolver Club. KC-10688-NXGAS8	03/10/2010	Code Compliance-Report a Potential Violation	Skip & Doris Juris	County Authorities: It's almost 9:00 P.M. and the Gun Club is still shooting and the noise is penetrating inside my house in Whisper Ridge 1.65 miles away. Surely there has to be a County Code that can stop this at a reasonable hour. I can't believe such a small group of inconsiderate people can be holding up our community. Is there not anyone willing to stand up for the residents who are under siege. Please help. Skip and Doris Juris	Kim Dunn	Resolved	forwarded to SM for follow up			
KC-10810-4UMYTSU	03/19/2010	Code Compliance-Report a Potential Violation	Carl Jorgensen	Hello, YES, THERE IS EXCESSIVE GUN CLUB NOISE POLLUTION!!! We live in the Whisper Ridge Development and I find the Gun Club Noise is excessive. We can hear the pop, pop, pop, pop, pop, pop, blam, blam, blam, blam, blam, blam, blam, boom, boom, boom, booom, boom, booom, boooom whenever it occurs. We hear it in the morning, afternoon, evening, and sometimes even at 9:30 (+) at night. It happens on any given day of the week. The sound of gunfire carries up and over the hill into our neighborhood. We notice it during winter with our windows all closed. It will be awful when the weather warms up. There will be more shooters and alot more noise. When we open our windows the sound of gunfire is plainly heard and it is too loud! It is noise pollution, disturbing, grates on your nerves, just doesn't belong here. Something should be done about the noise. Thank you for addressing this issue. We appreciate it. The Jorgensens	Kim Dunn	Resolved	forwarded to sm for follow up			
KC-10811-T3NB59	03/19/2010	Code Compliance-Report a Potential Violation	Wendell & Eve Chin	We live in the Whisper Ridge subdivision in Bremerton, located off Isera. Gun noise has become excessive these past few years, and we would appreciate it if the County would investigate this. The noise apparently comes from the Kitsap Rifle club, and we hear gun noise from large caliber weapons, which starts as early as 7am on weekends and weekdays, and continues well into the evening every night. Thank you	Kim Dunn	Resolved	to SM for follow up			
KC-10812-870TMH	03/19/2010	Code Compliance-General Inquiries	Gail & Kevin Gross	(Note: following is a copy from an email sent to all three commissioners in addition to Kitsap 1) This is copied directly from the website of Kitsap Rifle & Revolver Club, updated on Mar. 17: "Starting today at approximately 3pm, there will be intermittent closures of the rifle line over the next week due to drilling our new well. Call the range for details." When checking the Kitsap County website to verify a permit being issued - IT SHOWS NO PERMIT BEING ISSUED!!! This is on property tax account 362501-4-002-1006 at 4900 Seabeck Highway NW, Bremerton, WA 98312 for Kitsap Rifle & Revolver Club. This group still owes property taxes in the amount of $2,830.47 that were due 10/31/2009. Isn't this the same group that bull-dozed a new rifle shooting line without a permit in 2005 and were finally stopped by the County? I believe that they were also supposed to restore the area destroyed to it's former state. (Check out Google Earth to see the scar that still remains.) We follow the rules and expect Kitsap Rifle & Revolver Club to do the same. If they are not	Kim Dunn	Resolved	forwarded to sm for review			
KC-10813-1G90RJ	03/19/2010	Code Compliance-Report a Potential Violation	Gary & Dawn Fisher	We are writing to complain about the increased noise from the Kitsap Rifle & Revolver Club in Bremerton. We live a mile and a half from the club and are able to easily hear the shooting. We are hearing the firing of automatic and semi-automatic weapons. The noise wakes us up at night and in the early morning, and makes it unpleasant to have outdoor family barbecues. We understand the KRRC increased its shooting lanes from 2 to 16 without any sort of permit, which accounts for the added noise over the last couple years. We also understand that during its more than 60 years of operation, the KRRC has failed to perform any type of cleanup of its grounds. What kind of contamination is this putting into Chico Creek and the surrounding wetlands? The adjacent Camp Wesley Harris was closed due to pollution and KRRC does not seem to care what kind of impact it is having. As you all know, this impact can be devastating for years to come. Do you realize that, on average, shooting ranges could have up to 1 million pounds of lead in the soil after a few	Kim Dunn	Resolved	to SM for follow up			
KC-10817-HGT59B	03/19/2010	Code Compliance-General Inquiries	Shirley Desmon	Hi. My home was recently "leafleted" by a group requesting our neighborhood write and complain about perceived noise from the Kitsap Rifle and Revolver Club. I am writing to express my support FOR the club. I am not a member of the gun club, but I have very little patience for anyone who moves next door to a pre-existing gun club, community play field, private air strip, pea-patch, etc. and then complains about the disruption. The gun range in question has been there for years - well prior to any development on this ridge. Anyone who purchased a home in this area either knew or should have known about the range. I have lived in my home for nearly 20 years and have not noticed any increase in the noise from the gun range during that time. Any noise I do hear is WELL below the decibel level of my neighbor's lawn equipment. Sincerely, Shirley Desmon 5493 NW Eldorado Blvd. Bremerton, WA 98312	Kim Dunn	Resolved	forwarded to SM for follow up			
KC-11278-2STLUA	04/26/2010	County Administration-Concerns and Scheduleing with Commissioners-All Commissioners	Terry Allison	Please see the attached letter from Mr. Allison. We request the County take immediate and decisive action to enforce County Code, land use, and critical areas ordinances at Kitsap Rifle and Revolver Club (KRRC), located at 4900 Seabeck Highway, Bremerton, Kitsap County, Washington. Research and review by concerned citizens validates the position that the expansion (14 new firing lanes) and realignment (North to Northwest) of KRRC presents a clear and immediate hazard to public and environmental health and safety. We request KRRC be immediately restricted or "rolled back" to the configuration of the one pistol and one rifle line that existed when the range was "grandfathered" into the County's comprehensive use plan in September 1993. We request that the immediate restrictions be in place until all investigations and evaluations of KRRC by all responsible agencies are completed and all corrective actions identified by these inspections are implemented.	Erin Denny	Resolved	Copy of letter given to each Commissioner 4.29	Since publicly available correspondence between the County, KRRC, and several state agencies indicates expansion and realignment of KRRC was done deliberately and with full prior knowledge of code requirements by club officials, we also request the County impose the maximum penalties, sanctions, and fines specified in County Code to confirmed violations. We request to be informed of County actions on this request as authorized by the public disclosure laws. Points of contact are Terry Allison P.O. Box 4088, Bremerton, Wa. 98312. Skip Juris 5624 NW Iska Blvd., Silverdale, Wa. 98312.		
KC-11303-4KX0NV	04/27/2010	Code Compliance-Report a Potential Violation	Skip & Doris Juris	The following was received via email: April 27th at 12:00 and the gun fire is very loud. What's odd is there are few people out there shooting. It has become quite apparent that the new firing lanes KRRC put in that face North are improperly designed, so they direct louder gun fire towards our housing development. These firing need to go away. These were part of the expansion without permits, so when the County takes action our group certainly want these firing lanes returned to their natural state. This is imperative to eliminate excessive noise	Kim Dunn	Resolved	forwarded to SM			
KC-11376-V7U6E7	05/03/2010	Code Compliance-Report a Potential Violation	Peggy & Bob Kerman	To the county officers and the commissioners office, We want to register our complaint about the excessive gun noise from the Kitsap Rifle and Revolver Club throughout the day today! At various intervals they were firing 30 caliber automatic and semi-automatic weapons! Bullets from these types of weapons can travel more than 3 miles! A ricochet can be just as deadly! As concerned residents we would appreciate your help in correcting this problem! Respectfully, Robert and Peggy Kerman	Mary Seals	Resolved	CRM forwarded to Steve Mount for follow-up			

KC-11579-LVG7H4	05/03/2010	Code Compliance-Report a Potential Violation	Colin & Joanne Corey	Well batty was acre trout. I was trying to get things done in my yard yesterday when the noise of what sounded like a rifle cannot fire, yes I said cannon fire. I even made a comment to my husband, he said sounds like cannons to me! We are thrilled to be good neighbors and I wish they would too. I see it all starting to the explosions go off at the late hours every day, every holiday, every sunday, every day early in the morning and sometimes late into the night. I think gun fire should cease after 8:00 when people are trying to enjoy their home life and peace and quite after a stressful work day. It not to much to ask, since they have purchased the gun range the ownership has become more powerful and more commend. I also feel that a cease fire should occur on hot days, at christmas, christmas eve, easter and memorial on sundays always. I wish they would be better neighbors to the community. Joanne Corey	Mary Sewitt	Resolved	CRM forwarded to Steve Mount for follow-up
KC-11399-XC6S6D	05/03/2010	Code Compliance-Report a Potential Violation	Vicki & Greg Hanoughan	Hi Mr. Mount, I live at 5413 Ryedale court and am writing to let you know I'm hearing much quiter later than the normal pop pop pop on Sundays and some of you could look into it. I am out planting in my yard and wonder if the guners may be using 50 caliber automatic guns. I feel bad for people missing sorring but this is sad to hear and so much louder than the normal guns I usually hear on weekends. Sincerely, Vicki Hanoughan	Mary Sewitt	Resolved	CRM forwarded to Steve Mount for follow-up
KC-11561-HEVWKC	05/03/2010	Code Compliance-Report a Potential Violation	Justin Gilam	To whom it may concern, I am writing this email to complain about the gun noise today at the house. I am currently hearing gun fire from 50 caliber auto and semi automatic weapons. I live at 7905 Daly Pl. Mer Thx gun range is becoming a hardship to the directly family. It needs to stop. Thank you. Justin Gilam	Mary Sewitt	Resolved	CRM forwarded to Steve Mount for follow-up
KC-11423-KQ4HD3	05/05/2010	Code Compliance-Report a Potential Violation	Stez & Dorrit Jurin	My wife and I would like to voice again the our complaint regarding the significant noise pollution emanating from the Kitsap Rifle and Revolver Club. This Sunday was armed compact noise which seemed to be .50 caliber auto and semiautomatic weapons. They certainly weren't single shot hunting rifles. This noise is not compatible with the surrounding residential neighborhoods and we would like to ask the County to please act to reduce the noise pollution. Noise has been well established an environmental health risk. I know that this club was not grandfathered in the Comprehensive Plan at the time their noise ordinance. They were grandfathered in a three "Rezone" configuration in 2000, which was one acted and one site living area. This ridiculous situation has to come to a stop. We're review fully requesting the County to enforce the noise and laws. Thanks for your time and consider our this matter	Mary Sewitt	Resolved	The complaint has been documented and filed with the ongoing case by Steve Mount
KC-11637-OZEZ5-2	05/06/2010	Code Compliance-General Inquiry	Jerome Carbone	My neighborhood has been subjected to the daily sound of gunfire over the past 6 or 7 months. A recent article in the Oly Reporter revealed the acclamation Kitsap Rifle and Revolver Club has apparently increased the number of firing lines from 2 to 16. Some of these are directed toward Klahowya Secondary School, the Newberry Hill Heritage Park and my neighborhood. These new firing lines were apparently constructed without proper permits. The noise from these illegally constructed firing lines has had a major negative impact on my quality of life. The gun club has also apparently destroyed wetlands in the process of construction. I need a these illegally constructed firing lines dismantled and the environmental damage repaired. The gun range must be required to adhere to legal configuration of two firing lines. The gun club cannot continue to operate outside the permitting rules and subject the surrounding area to the sound effects of the noise and the possible danger from stray bullets due to Iowell's park and school. Also, it cannot be allowed to damage the environment in flagrant violation of the law. Jerome E. Carbone	Ken Dunn	Resolved	forwarded to SM for follow-up
KC-12394-C5QH5S	07/21/2010	County Administration-Concerns and Suggestions with Commissioners and Constituents	Wade Larson	See attached Email re: gun club. I wish to lodge a complaint about noise coming from KRRC. I have lived at this location for 20+ years, and the noise has only been audible and a problem for one the last few years. At first I was just louder, then longer, then more repetitive, then starting scenes that break a complete silence. Activities outside are discussed by the noise, and the people I employed here for years is going to spend as little time as possible here so I am not comfortable remembers of how a small group can be allowed to act with no little regard to the rights of others. These people who are doing this are absentees, they are my neighbors in property only, not in community. I know the folks of my community. The KRRC encroached on the, in the last few years. I was tolerant, and tried to be a good neighbor. I spoke in their defense and their right to remain. I want to learn to try to work with them. I talked to any member who would listen. These comments were. I not want a name to attend, or any name. I do not see a problem. What action is the County taking to address the noise from the Kitsap Rifle and Revolver Club? The noise continues, and seems to be getting louder and more persistent, sounded like a war zone today. A dog I was helping to enjoy working in the garden, but she doesn't seem pleased anymore. We have lived here for over 12 years, and the noise just keeps getting worse, especially the past few years.	Bryant Secor	Active	As this time, I wish to expand my complaint to include that statement. For whatever reason, County government has failed to handle this issue over a one year period, to the point that I feel it needs to look at itself and find out why it can not serve the citizens of its citizens in a timely manner. The complexity of an issue does not render it unattainable. A statement must be made immediately by all commissioners as to the validity of the noise complaint. The details can be worked out, but citizens need to get answers
KC-12487-CHJ4S7	07/27/2010	Code Compliance-Report a Potential Violation	Jerome Carbone	We live in the Whitpor Ridge subdivision in the north of the gun club. Gun noise started as early as 4 am and continued throughout the day. Thank you for letting us know what's going on, and is the club permitted to have so much increased activity???				
KC-12487-CHJ4S7	07/27/2010	Code Compliance-Report a Potential Violation	Jerome Carbone	After a number of weeks of quiet, the gunfire has returned this morning. It is loud and continuous. As far as I am [redacted] Kitsap Rifle and Revolver Club. Jerome Carbone [redacted] Silverdale, WA	Ken Dunn	Resolved	forwarded to JP for review
KC-12512-XD251	07/28/2010	Code Compliance-Report a Potential Violation	Peggy & Bob Kermath	***The following was received via email *** We would like to complain about the shooting today 7/27/10 at KRRC. Throughout the day and at 8:30pm there were continuous gun noise. Most was from sub and semi automatic weapons, but at one point someone was shooting a machine gun! We know it was a machine gun because one of the people in our group was able to visually see the person shooting.!!! Sincerely, Bob and Peggy Kermath	Ken Dunn	Resolved	forwarded for open CE case
KC-12550-G3JMJP	08/03/2010	Code Compliance-Report a Potential Violation	Stez & Dorrit Jurin	County Officials: The excessive gun noise continues. Saturday July 31, there was loud continuous gun fire. It sounded like m16 automatic and there were explosions, which means KRRC was shooting at "tactical" containers used to targets. This is a binary explosive and should not be allowed in the county, especially at a gun range. I left jack in bed and was unable for most of the afternoon to sleep in my own bedroom. Grrrrrrr! I had the windows open, due to summer heat, but my house is over 1.5 miles from the gun club. When is one county going to address this problem. This club is operating with out any permits. Stez Jurin	Ken Dunn	Resolved	forwarded to SM

Carolyn -

FYI, there were no DCD permits involved with the Kitsap Rifle and Revolver Club transaction; as such there have been no land use hearings or permit reviews through our Department.

Don,

I sat in on a study session with the BOCC this morning, and I learned that comments forwarded to them were not recorded at the Kitsap 1 database. They were handled by their assistants, who apparently filed them on their own storage medium.

To sum up what information I wish with this new knowledge is, I want all records of comments regarding Kitsap Rifle and Revolver Club for the last 1 -1/2 years at all sources they may have been routed. This includes Kitsap 1, DCD, all 3 Commissioners, County Administrator, Prosecuting Attorney, Sherriff, and Parks Department.

I hate to put you to all this trouble, but the efforts and concerns of a lot of people seems to have gone down a rathole, and now I need proof of that effort, or proof of the failure to record it.

Thank you,
Wade Larson

Don - I have assembled the large stack of paper, including going through my emails. How would you like me to get you the copies?

Do you have the funding to pay for the copies and if so do you have a preferred location? I could just go to Kinkos here in Silverdale.

Since this is not the first (or maybe the last) request for papers re: the gun club, should we have the sheets scanned to digital format while being copied so that you have all the documents digitally for the next request?

Please advise. Thanks, Martha

Don,
I sat in on a study session with the BOCC this morning, and I learned that comments forwarded to them were not recorded at the Kitsap 1 database. They were handled by their assistants, who apparently filed them on their own storage medium.
To sum up what information I wish with this new knowledge is, I want all records of comments regarding Kitsap Rifle and Revolver Club for the last 1 -1/2 years at all sources they may have been routed. This includes Kitsap 1, DCD, all 3 Commissioners, County Administrator, Prosecuting Attorney, Sherriff, and Parks Department.
I hate to put you to all this trouble, but the efforts and concerns of a lot of people seems to have gone down a rathole, and now I need proof of that effort, or proof of the failure to record it.

Thank you,
Wade Larson

Martha - If it helps pare down the volume of documents, Mr. Larson is only interested in records regarding citizen complaints, concerns and/or comments to the County, and their routing, in regards to the Kitsap Rifle and Revolver Club (not necessarily general KRCC records that have been previously provided).

Each department absorbs the cost of copying their records for record requests. If they can be scanned into .pdf files, that will work and can save money.

I've attached a .pdf of emails (many of them yours) that Parks provided for one of Mr. Allison's requests earlier this year. If these are duplicates of what you currently have, I can rename the file and send Mr. Larson this along with any updates you may have of more current e-mails.

Hope this helps - Don

Don - I have assembled the large stack of paper, including going through my emails. How would you like me to get you the copies?

Do you have the funding to pay for the copies and if so do you have a preferred location? I could just go to Kinkos here in Silverdale.

Since this is not the first (or maybe the last) request for papers re: the gun club, should we have the sheets scanned to digital format while being copied so that you have all the documents digitally for the next request?

Please advise. Thanks, Martha

Subject: POSSIBLE SPAM! SCORE = 8.3 Kitsap Rifle and Revolver Club Land Swap Proposal
Attachments: A KRRC BULLETin March April 2004.pdf; B KRRC BULLETin Sept Oct 2006.pdf

With regard to my earlier message, in the event that anyone has any delusions as to the ultimate objective of the Kitsap Rifle and Revolver Club (KRRC) in proposing the 14.3 acre land swap which Mr. Carter presented at last night's Newberry Hill Heritage Park Workshop #5, I submit the two attachments cited from the KRRC's own newsletter The BULLETin:

A. In the first attachment, the photo and caption at the bottom of page 5 in KRRC BULLETin of March/April 2004 presents the KRRC's master development plan for expanding and re-orienting the firing range to include a several-hunred meter rifle range at the east end of their property. The proposed 14.3 acre 'land swap' would promote this development.

B. In the second attachment, from the September/October 2006 BULLETin, the second bullet states that the KRRC has refused to enter into a Conditional Use Permit (CUP) with the County as that would constrain the KRRC to operating within specific conditions which they believe to be inconsistant with their historical practice. To our knowledge the KRRC has not to this date effected any permit with the County on use of the existing property. Can there be any doubt that the KRRC would refuse to exercise a CUP for the new land swap?

Sincerely,
Kevin T. Gross

Subject: Newberry Hill Heritage Park Meeting of 13 April 2010

I was among several property owners who attended last night's meeting of the Fifth Newberry Hill Heritage Park Workshop.

At that meeting Mr. Marcus Carter, Executive Officer of the Kitsap Rifle and Revolver Club (KRRC), announced that he will be proposing for consideration by the County a 14.3 acre swap of wetlands at the west side of the KRRC property, with 14.3 acres adjacent to the northwest corner of the KRRC property, currently belonging to Kitsap County. Since the 14.3 acres that Mr. Carter wishes to obtain in this swap is currently part of the Newberry Hill Heritage Park, this is certainly an issue in which the Stewardship Committee and the residents of this community should be involved and allowed to register comments. The facilitator of last night's Workshop, Ms. Martha Droge, affirmed that she would publish the review process in the Newberry Hill Heritage Park web site in order that the residents of our community may exercise our right to comment on Mr. Carter's proposal.

Mr. Carter proposed an equal swap of the two land parcels. In my experience with Federal real estate actions I know that land transactions of this nature, at least for Federal agencies, require fair market value appraisals on which to base the transaction. Since Mr. Carter wishes to swap an equal size property that is mostly wetlands and is inundated most of the year with an equal size parcel of higher elevation and well forested, I can see no clear equality on a fair market basis. Mr. Carter's argument is seriously flawed on this account.

Mr. Carter premised his proposal on the benefit of widening the wildlife corridor between the County/DNR property to the north of Seabeck Highway with the Newberry Hill Heritage Park natural area to the south of Seabeck Highway. This is a fallacy since the property Mr. Carter wishes to dispose is already protected wetland and already supports the wildlife corridor. Mr. Carter would be well to recognize this in his current effort to completely fence the KRRC property.

I and many other community residents seriously oppose any disposition of Newberry Hill Heritage Park property supporting realignment of the KRRC property.

Sincerely,

We are writing to protest any further "grants" by Kitsap County of property to the Kitsap Rifle & Revolver Club in Bremerton. We live a mile and a half from the club and are able to easily hear the shooting. The noise wakes us up at night and in the early morning, and makes it unpleasant to have outdoor family barbecues. Any further expansion of the club would cause that much more noise pollution and would further damage the wetlands surrounding the club. In addition, there would be potential physical danger to any who wish to use any planned park or outdoor recreation areas near the club, not to mention listening to gunfire while trying to enjoy the outdoors.

Thank you for your consideration.

Subject: heritage park

I want to go on record as protesting any consideration of additional land given, sold, or exchanged to the KRRC (Gun Club). This includes the 60 acres they've tried to request, plus the boundary switch they've recently requested.
The Gun Club was given 72 acres by the County for only a $10 transfer fee. Property that had an assessed value over $300,000 (2010) and could be worth up to $800,000 when compared to surrounding acreage pricing. This was of one of worst decisions I've ever witnessed by the County. No consideration was given to the noise and pollution concerns to the residents or wetlands. The clubs recent expansion in number of firing lanes, clear cutting of trees and other improvements, with most of work done without the proper permits, has created a sound nightmare for the surrounding community and park.
I personally have driven neighborhoods and gotten signatures complaining of noise up to 4 miles away. Can you image how many homes and families this club is now adversely affecting. I've personally talked with families who's babies can't sleep, cry continuously when the firing begins. I've talked with a Grandfather who told me his grandchild is afraid to visit due to the gun sounds. Another set of grandparents can't let their grand kids play in their backyard for fear of stray bullets. The club has added firing lanes in which the new directions in their minds put their house in the direct line of fire.
In addition I've had families tell me that if the County Commissioners and Code enforcement don't do anything to correct this situation they will have to consider moving.
When you call the gun club to complain that is the exact response you get. " We were here first, we shouldn't have moved here." I'm sure the Kitsap County Development Agency will be proud to here their attitude. The County has let the community grow up around this problem and now the expansion has caused this problem to become a cancer.
Granted the club has been there longer, but consider the fact they never bought land. Instead they only leased. They have never invested in the community. Many of the members don't even live in close proximity of the club. Residents have spent hundreds of thousands of dollars buying their homes and paying their taxes. The KRRC can not say the same. In fact, if you go the County web site you'll find that they are behind on their taxes.
They didn't pay anything for the land they are now using. The County, in one of the most short sighted decisions, gave the 72 acres for free. Surely the County has to consider all this plus the fact they are adjacent to the planned new Heritage Park. The existing firing lanes, plus the clubs plan for a long range rifle firing lane would put the park in direct line of fire.
Imagine yourself going for a walk/hike in the park to see the wetlands and enjoy the wildlife or even having a picnic. Now imagine that walk destroyed by the constant sound of gun fire. Not just isolated single shots, but rapid fire of semi automatic and automatic weapons. This is what the future visitors of Heritage Park will experience if the County does not step up and address this unworkable relationship.
The KRRC can not be a good neighbor at it's present or anticipated future levels. They don't want to be good neighbors. They only care about their right to shot their guns. They do not care about the rights of the surrounding residents to enjoy their property in relative peace and quite.
In my talks with the surrounding residents I have found that people are not anti guns. They don't want to take away anyone's rights, they just want the club to maintain the historical usage patterns.
Counties, I have learned, all over the country are facing the same problems with gun clubs. The County Officials have all come to same conclusion, " unrestricted outdoor shooting ranges are environmental problems". They represent continuous noise pollution, as well as soil and water contamination to the urban residents. Counties have put in place shooting restrictions, such as types of weapons, hours of operation and limits on who can use the range. These are solutions Kitsap County Officials should put in place until KRRC has been forced to clean-up its lead contamination and submit to all the county agencies reviews. The relationship and level of noise must be addressed before any growth above the historic levels can be approved.
Note: There were never any complaints of the gun club, prior to 2002, when they operated with their historical usage of one pistol and one rifle firing lanes. They are operating 16 lanes now at it obviously is to much.

To have a good relationship with the Heritage Park it is time for the County to roll back the usage, investigate the grounds and bring the KRRC into compliance. All of this, now the land has been given to the KRRC members, has to be paid for by the club and its members. It's time they invested in the community and became a good neighbor.

Subject: Re: POSSIBLE SPAM! SCORE = 6.2 check in

Hi Mark. I'm glad you're home safely.

Yes, the MTB folks have been well-represented. There was plenty of input last night, too, about conservation/habitat protections, even though there are fewer emails on those topics.

I'll be putting last night's presentation online soon so you can see it. It included two options of new facilities in the park. The final outcome of the meeting was a group conversation about which aspects of each option were most desirable and why.

The summary, as I recall it before going through my notes to be sure, is that folks wanted mostly to maintain trails with existing user groups, install appropriate parking/trailhead facilities especially along Seabeck Highway and better parking at Newberry Hill, add a disc golf course, but otherwise not add much in the way of large facilities like a dog park or soccer fields unless a serious need was indicated at this location at some point in the future. Even then, such facilities would somehow be near the school/Newberry Hill Road and not off in the woods or where trails are (and will remain).

We collectively used the Guiding Principles to narrow down the list of things to ones appropriate to the "mission" of the site, although obviously I did try to respond to all suggestions by at least testing them out in the two concepts presented and letting the public weigh in at the meeting.

As for the gun club expansion, we are not considering selling or giving any land away at the park, and I noted this last night at the public meeting. I understand that they suggested this additional land in early 2009 as part of their own internal expansion plans. I wasn't involved in any of those discussions, though, so I don't know any details.

I know that the past process was very painful for you. I appreciate your hard work that improved the park and strengthened the volunteer base.

Just home from a trip. Even with security docs that are supposed to get me through the lines quickly, and getting to go first class, what a pain.

I reviewed the comments you received on Newberry, which is going on now for you. Good comments, pro for passive use. Looks the the MTB side is organized. No comments from the BCH, conservancy, birders? Anyway, thoughts for you and please don't put these on the forum. The gun club was allowed to attack me before. The county parks did nothing to defend the volunteers, especially me, then a board member.

You received one from Mike Vandeman. It is a So Cal guy who hates everything but walkers in the woods. He scours the web for issues to spew his dictate on. Long ago, anyone involved in MTB knew about this guy and he is not be be replied to in any way. He is just looking for a fight.

Some comments on the gun club. Yea it is very noisy in the South end and that will keep users out of there. The past political program that Marcus Carter, their executive director, had against trail builders was all for their plan, and they got what they wanted. None of the trails are on their property, but some of their signs are in the park land. His statement at the last meeting were focused on the club desire to acquire more land. Has their required land survey been completed? That will show where the trails are in relation to the club. It would be nice for the parks department to state this and the past attack on the volunteers was all spin. If Josh will allow that.

Their wanting to buy the lands between the club and the service road is scary. I saw the map they made from Matt. The home owners over there will be thrilled. I sent info to Lori on the upper Chico creek watershed that runs through the club, crosses Seabeck Hwy near Holly Rd, and continues toward Wildcat lake. It is wetland along SBH from Holly to the club entrance. I feel as Chip said prior to his departure, 'if the club wants additional lands, they will have to go through a public process'. Right, not a give way of contaminated lands to complete the land transfer.

You did a nice job at the first meeting. Obviously my experiences with this area has been painful. I don't go in there.

Subject: POSSIBLE SPAM! SCORE = 6.8 Re: POSSIBLE SPAM! SCORE = 6.2 check in

Thanks for the kind consideration.
Glad to see the info on the club. Still wondering if they had a survey done so there is no questioning the line.

Go into NAD park, just west of AAA on Kitsap way, and see what a disc gold course does to the woods. There are paths going all directions that were created by the golfers chasing their discs. Unless there is a specific area that is already subject to being trampled, you don't want the woods looking like NAD.
I think a big problem will be parking. School ground parking during hours is going to be a security problem, and rightfully so.
Creating new parking areas is a costly process. We can't even fix Banners lot. Cutting woods for parking, ouch.

On another thing, I got a full body scan in Chicago. Hope the 350 lb gal looking at it enjoyed my profile.
cheers

Has their required land survey been completed? That will show where the trails are in relation to the club. It would be nice for the parks department to state this and the past attack on the volunteers was all spin. If Josh will allow that.

Their wanting to buy the lands between the club and the service road is scary. I saw the map they made from Matt. The home owners over there will be thrilled. I sent info to Lori on the upper Chico creek watershed that runs through the club, crosses Seabeck Hwy near Holly Rd, and continues toward Wildcat lake. It is wetland along SBH from Holly to the club entrance. I feel as Chip said prior to his departure, 'if the club wants additional lands, they will have to go through a public process'. Right, not a give way of contaminated lands to complete the land transfer.

You did a nice job at the first meeting. Obviously my experiences with this area has been painful. I don't go in there.

Just home from a trip. Even with security docs that are supposed to get me through the lines quickly, and getting to go first class, what a pain.
I reviewed the comments you received on Newberry, which is going on now for you. Good comments, pro for passive use. Looks the the MTB side is organized. No comments from the BCH, conservancy, birders? Anyway, thoughts for you and please don't put these on the forum. The gun club was allowed to attack me before. The county parks did nothing to defend the volunteers, especially me, then a board member.

You received one from Mike Vandeman. It is a So Cal guy who hates everything but walkers in the woods. He scours the web for issues to spew his dictate on. Long ago, anyone involved in MTB knew about this guy and he is not be be replied to in any way. He is just looking for a fight.

Some comments on the gun club. Yea it is very noisy in the South end and that will keep users out of there. The past political program that Marcus Carter, their executive director, had against trail builders was all for their plan, and they got what they wanted. None of the trails are on their property, but some of their signs are in the park land. His statement at the last meeting were focused on the club desire to acquire more land. Has their required land survey been completed? That will show where the trails are in relation to the club. It would be nice for the parks department to state this and the past attack on the volunteers was all spin. If Josh will allow that.

Subject: Newberry Hill Park

I would like to thank those involved in the first presentation on 11/19. I thought it was very well done. Thank you for offering such an open forum for public discourse. As a member of the Kitsap Rifle and Revolver Club I appreciate the spirit of cooperation fostered with Commissioner Brown and everyone. I do hope that relationship can continue and a symbiotic partnership will emerge. We're all living here and should do our best to conserve our wildlife habitats.

There are a few things I noticed that were consistently brought up as concerns at the meeting. One was access to the park. This is a concern from private property owners and those who use the park. As the KRRC executive officer brought up at the meeting, KRRC could provide Southern access and parking. And as a member I am willing to have my dues support this effort.

Another concern was cost. I thought it was very well presented as to the low cost of maintaining such a park. From what I've been told KRRC is currently seeking to acquire another 60 acres of land. I will readily admit I do not know the details of the transaction or where it stands. However, I have been shown the location of the acreage. It is well away from sensitive areas and also provides an opportunity for even better access to the park for responsible use.

I am not an executive officer but members do have a voice. I would fully support KRRC providing and maintaining a parking area at the southern end of the park. As a user of the park I also support the acquisition of the 60 acres by KRRC. Using your own slides as reference this would not only be the most cost effective solution to access but have the least amount of environmental impact.

Subject: Newberry Park

.....Comments on the Newberry Hill Heritage Park.....

NO MOTORIZED vehicles. They tear up the trails. Mountain biking and road biking are becoming the fastest growing activities in the United States. Kitsap County needs to recognize this and stop promoting downtown Bremerton as the place to go.....i.e. the marina. Boats are affordable to a few but bikes are affordable to families everywhere.

Kitsap County could attract bikers with the right system of forest trails and good shoulders for great bike riding. People would come here and spend their money at local hotels and restaurants. We have outstanding scenery in Kitsap County. I know riders from outside the county and the state would come to here to ride and spend their money if the conditions were right. Look at Banner Forest. I rarely go there that the parking lot isn't full of cars with bikers, hikers and horse riders. It is a great park. Kitsap County has done a fantastic job of maintaining the park and it is one of the top riding places from here to Seattle. (By the way the parking lot does need some maintenance - huge potholes).

Kitsap County should be promoted as a biking mecca. Newberry Hill park is going to be a great place to ride, hike, or horse back ride. There is one problem with it. There you are riding on the trails...its peaceful....the birds are singing....you are one with nature and then "bang" "bang" "bang". A gun club in a park??????????? Could we work on that issue??

So....lots of trails for bikers, hikers, horse riders, and NO MOTOR VEHICLES.

Kevin and Sheryl Johnson

Subject: Newberry Hill Heritage Park Master Plan Comments

Dear Ms. Droge:
Thank you for the excellent presentation regarding the planned Newberry Hill Heritage Park a couple Thursdays ago.

Here are some initial thoughts:
1. As a member of the Kitsap Rifle & Revolver Club, I endorse the idea of the Parks Dept. and our club mutually working on a parking solution for the south end of the park. I'm sure there are other tasks we can tackle together for the greater good of the community.
2. My first inclination is to leave the area as close as possible to its current, natural state except with some enhancements for better trail usage. This could open up the possibility of using that area for competitive orienteering.
3. I believe that the county already owns/manages enough sports facilities like ballparks and playing fields and many appear to go under-used for large portions of the year. I don't believe more playing fields are needed.
4. As an alternative, I believe a disc-golf course (like NAD Park in Bremerton) could be a nice addition in a portion of the land because those types of courses usually do a great job at preserving the natural surroundings with little additional impact.

I look forward to the additional upcoming meetings.

Sincerely,
Matt Sroka
East Bremerton (un-incorporated)

Subject: Newberry Hill Park

Martha,

Already sent email about last nights meeting, but wanted to add another comment after having looked at the website and read the comments you posted from the first meeting.

This concerns the KRRC gun club. I'm a life member of this club and have been a member since 1984 and use the facilities of this club on a regular basis. I've seen lots of changes in the structure of the club in those years, both membership wise and facility wise. The club started in 1926 on land leased from DNR until the club was able to acquire the approximately 30 acres (in 2009) it sits on today.

I know and understand that firearms and shooting is not for everyone, but it is a part of our American culture and I feel the improved use of this club and access today by the general public in a controlled and supervised manner (compared to my early membership years when it was "members" only) certainly provides a benefit to the community as a place for safer controlled and supervised firearms use. This means then that the use of this place has grown, but that's what is going to happen in the new park here too; as it becomes more known about and better accessed its use will grow too. Some of the comments I read concerned the "noise" generated by the gun club, well people have to realize that the club was there long before this area became as developed as it is today and yes shooting firearms does make noise. The club operating hours are in accordance with the noise ordinance throughout the general rural areas of the county. Does that mean firearms are not used outside of those hours, certainly not and often the assumption is its from that "gun range" but if we find folks (and it has to be members, since we are not open to the public outside those hours) using the facilities improperly, they are invited to leave and lose membership. So we do try and police our own. Under the right conditions, sounds of firearms being used can often carry a long way and can that be annoying to folks, sure, but I think all the traffic on Seabeck HWY past my house is annoying at times too.

Anyway, so far I like what I've seen and heard at both your public meetings and let's continue with the low impact use in this new park.

Regards,

Willi Spicker

Subject: Passive use preferred

Hello Martha,

I'm writing to once again express my preference for passive use at Newberry Hill Heritage Park. Yes, I am a mountain biker, but cycling--both on and off road--are very popular in this area and cycling groups are well organized and reliable. I have no doubt that mountain bikers would view this park as a major asset to be valued and cared for.

Thank you for the comprehensive process of public review and comment. No master plan can please every one, however, most people can feel peaceful with the process if their comments were heard and considered.

I do have one concern regarding rifle clubs. I admit I have no knowledge of how rifle clubs set up their ranges, but I imagine if they have access to the park they would have to have a designated area for safety purposes. Would this consume much of the park? If you have already addressed this in your master plan I apologize for missing it.--Christopher Clifford

Martha:
As we approach the finalization of this wonderful/natural area, I wish to urge all to remember a few things:This area is pretty much the last place that people can enjoy in all its natural glory. It's a delicate balance between what we want and what we can do to protect and preserve. The voices you can't hear, who do not want anything but a protected place to continue living ,are not being heard. Groups seem to be wanting a slice of this natural area in order to distort, disrupt or selfishly get something out of it. I for one want nothing more than to protect the natural balance of this area, to protect the waterways, which feed wells and silverdale water, of which I drink, not to mention the Puget Sound. We already have the 30% recreation area covered, its called trails. When you add into this equation the restrooms needed and the parking, viewing areas a bench here or there, you have it ,30 % park developed. Lets let the animals have the rest. If we don't do this now the special interest groups who want a piece for there needs will only spread out further and wider, suddenly we have another Banner with no wildlife, but the occational dog.
My last comment about the rumor that the gun club wanted more land, of which you said" False" to, was brought up at the last meeting by two gun club members. Comm. Josh Brown: Please don't back door us again and offer them a low ball price or any more land, so that it does not go into public records. I think 72 acres for $2,500.00 with no taxation payed is quit enough.
Thank you Martha for always doing such a great job at these meetings, you are a valuable asset to the county!

Martha - If it helps pare down the volume of documents, Mr. Larson is only interested in records regarding citizen complaints, concerns and/or comments to the County, and their routing, in regards to the Kitsap Rifle and Revolver Club (not necessarily general KRCC records that have been previously provided).

Each department absorbs the cost of copying their records for record requests. If they can be scanned into .pdf files, that will work and can save money.

I've attached a .pdf of emails (many of them yours) that Parks provided for one of Mr. Allison's requests earlier this year. If these are duplicates of what you currently have, I can rename the file and send Mr. Larson this along with any updates you may have of more current e-mails.

Hope this helps - Don

Yes. The cumulative public comment -- most of which does not focus on the gun club -- is online at: http://www.kitsapgov.com/parks/Parks/Documents/Projects/NHHP_MP/NHHP_Comments.pdf . It is found on the Capital Projects/Planning page of the Parks Dept. Website at: http://www.kitsapgov.com/parks/Parks/Pages/Planning_Capital_Projects.htm

Please note that the handful of public comments concerned ONLY with the gun club and not with the master plan were not put on the public comment page.

Don,

I sat in on a study session with the BOCC this morning, and I learned that comments forwarded to them were not recorded at the Kitsap 1 database. They were handled by their assistants, who apparently filed them on their own storage medium.

To sum up what information I wish with this new knowledge is, I want all records of comments regarding Kitsap Rifle and Revolver Club for the last 1 -1/2 years at all sources they may have been routed. This includes Kitsap 1, DCD, all 3 Commissioners, County Administrator, Prosecuting Attorney, Sherriff, and Parks Department.

I hate to put you to all this trouble, but the efforts and concerns of a lot of people seems to have gone down a rathole, and now I need proof of that effort, or proof of the failure to record it.

Thank you,

Wade Larson

Yes. The cumulative public comment -- most of which does not focus on the gun club -- is online at: http://www.kitsapgov.com/parks/Parks/Documents/Projects/NHHP_MP/NHHP_Comments.pdf . It is found on the Capital Projects/Planning page of the Parks Dept. Website at: http://www.kitsapgov.com/parks/Parks/Pages/Planning_Capital_Projects.htm

Please note that the handful of public comments concerned ONLY with the gun club and not with the master plan were not put on the public comment page.

Thanks, Martha

Don,

Attached are 6 more emails, 5 of which are from Mr. Allison and Mr. Larson. FYI, many of the emails Parks received were also posted on the County website as part of the "public comment received" during the Newberry Hill Heritage Park master plan process Nov 2009 - May 2010.

Other than that, you have the whole collection from our records.

Thanks, Martha

Martha - If it helps pare down the volume of documents, Mr. Larson is only interested in records regarding citizen complaints, concerns and/or comments to the County, and their routing, in regards to the Kitsap Rifle and Revolver Club (not necessarily general KRCC records that have been previously provided).

Each department absorbs the cost of copying their records for record requests. If they can be scanned into .pdf files, that will work and can save money.

I've attached a .pdf of emails (many of them yours) that Parks provided for one of Mr. Allison's requests earlier this year. If these are duplicates of what you currently have, I can rename the file and send Mr. Larson this along with any updates you may have of more current e-mails.

Hope this helps - Don

Don - I have assembled the large stack of paper, including going through my emails. How would you like me to get you the copies?

Do you have the funding to pay for the copies and if so do you have a preferred location? I could just go to Kinkos here in Silverdale.

Since this is not the first (or maybe the last) request for papers re: the gun club, should we have the sheets scanned to digital format while being copied so that you have all the documents digitally for the next request?

Please advise. Thanks, Martha

Greetings All:

I know we've submitted several items already, but if you could all read through the entire emails, I would greatly appreciate it. And if you know of anyone else in our department who should be looking into this please let me know.

Where there hearings on this project? Would there be any minutes for a planning commission meeting or any other meeting minutes?

Thanks for your assistance in this matter!

Mr. Larson - As a partial response to your records request of August 11, 2010, attached are copies of e-mail records provided by the Kitsap County Parks Department. Additionally, emails the Parks Department received as part of the "public comment received" during the Newberry Hill Heritage Park master plan process were posted on the County website, Nov 2009 - May 2010. Although only a few of those comments specifically mentioned the Kitsap Rifle and Revolver Club, they can be reviewed online at:
http://www.kitsapgov.com/parks/Parks/Documents/Projects/NHHP_MP/NHHP_Comments.pdf . The link can also be found on the Capital Projects/Planning page of the Parks Dept. Website at:
http://www.kitsapgov.com/parks/Parks/Pages/Planning_Capital_Projects.htm

I will forward you additional records as they become available.

Please do not hesitate to contact our office if you have any questions

Sincerely - Don Burger

Description	Owner	Status
Note: Recieved via email. Original message attached under Notes and Articles tab. Commissioners and Community Dvp. Dept, Merry Christmas and thank you for your service. The neighbors have compiled a wealth of Research and Links on what a gun club above us will do to our quality of life. http://tinyurl.com/gunclubrezone You'll find all the information we've gotten from Mason County, OPG, the Gun Club, etc. The Mason Zoning Hearing is Dec 15 at 6pm in Shelton. Could you please look at the evidence on the Stop The Rezone webpages and contact Mason Co. to tell them this will have a huge adverse effect on our Kitsap neighborhood? Pam Moyer Gold Mountain herb farm [redacted] Bremerton, WA 98312 [redacted]	Audrey Shannon	Resolved
Hi, my name is Carol Tyree-Dewell and I am a teacher at klahowya. I had my students, a class of 30 - 7th graders, on the track to warm up and jog. We heard these gun shots, seemed very close to us, for about 20 minutes while we were jogging the track. Personally, I have not heard the shots before and it did concern me that a stray bullet could make its way near the school track facilities.	Carolyn Siems	Resolved
Customer is a member of the Kitsap Rifle and Revlolver Club and is concerned about the club's range. See Notes for attached copy of the original email.	Carolyn Siems	Resolved
Customer has concerns about the Kitsap Rifle and Revolver Club (KRRC) Executive Committee e-mail dated March 9, 2009, addressed to Kitsap County Commissioner Josh Brown and Kitsap County Parks and Recreation, subject "URGENT TIME SENSITIVE PROPOSAL TO CONTRACT FOR LEASE/PURCHASE SITE/ACREAGE". See Notes tab for a copy of the original email. *The email was forwarded to Carolyn Siems immediately upon receipt, prior to creation of this case.	Deanna Erstad	Resolved
I have not been able to attend any of the meetings for the proposed land swap, but I would like to see the nature of the area remain relatively unchanged. There are few remaining areas with trails through undeveloped forest. With regard to the rifle range, if it is allowed to retain its lease, I would like to see some time restrictions on gun firing, particularly weekend mornings (before 10 am). Thank you for your time.	Deanna Erstad	Resolved
Customer has concerns regarding the lease with the Kitsap Rifle and Revolver Club. See attachments for original email.	Deanna Erstad	Resolved
Customer urges commissioners to adopt a resolution selling land to Kitsap Rifle and Revolver Club. See Notes and Article for attachements and original email.	Deanna Erstad	Resolved
Hi, I live in Whisper Ridge off of Eldorado Blvd. I find the noise from the Kitsap Rifle and Revolver Club shooting range seems to get louder and more frequent. Is there a way to get the noise reduced? It is really bad in the summer months and the gun fire wakes our kids up on the weekends. Paula Ballesteros	Erin Denny	Resolved

The following was received via email: All: Reporter Ms. Brynn Grimley's article that will hopefully be in 10 FEB 2010's Kitsap Sun newspaper is linked below. Time is of the essense and in her defense she states that she is trying to gather whatever facts she can in order to report truthfully. I can speak for myself and most of my Seabeck neighbors that we are flabbergasted that the work was halted supposedly by DNR yesterday. If this is true, what is the state doing to us besides depriving us of what we deserve? We have waited FIVE years for this marina to happen and they FINALLY start work and now this? What can you ALL do to help? We need your help and we need it NOW! This is not a drill, please step up and be counted! Thanks, Eric Beauchamp 7484 Beauchamp Lane NW Seabeck, WA 98380 (360)830-5871 cell (360) 265-1950 Read more: http://www.kitsapsun.com/staff/brynn-grimley/contact/#ixzz0f6FMQrTo Eric Beauchamp [redacted] NW Seabeck, WA 98380 [redacted] cell [redacted]	Dana Daniels	Resolved
The following was received via email: Awakened this AM at 0800 to assault by bazookas fire at the Kitsap Rifle and Revolver Club. Are these within County noise codes? Appreciate your investigation. Thanks Mike Spieker [redacted]	Kim Dunn	Resolved
Please see "History" for an additional email. Josh, The Gun Club started shooting @ 7:10A.M. this morning (Sunday). I'm lying in bed with my wife and our house is 1.65 miles from the KRRC. WE moved here 10 years ago and we never heard the club inside before this past months. They are not shooting large weapons, but they are semi	Dana Daniels	Resolved
County Authorities: It's almost 9:00 P.M. and the Gun Club is still shooting and the noise is penetrating inside my house in Whisper Ridge 1.65 miles away. Surely there has to be a County Code that can stop this at a reasonable hour. I can't believe such a small group of inconsiderate people can be holding up our community. Is there not anyone willing to stand up for the residents who are under siege. Please help. Skip and Doris Junis	Kim Dunn	Resolved
(Note: following is a copy from an email sent to all three comissioners in addition to Kitsap 1) This is copied directly from the website of Kitsap Rifle & Revolver Club, updated on Mar. 17: "Starting today at approximately 3pm, there will be intermittent closures of the rifle line	Kim Dunn	Resolved
Hi. My home was recently "leafleted" by a group requesting our neighborhood write and complain about perceived noise from the Kitsap Rifle and Revolver Club. I am writing to express my support FOR this club. I am not a member of the gun club; but I have very little patience for anyone who moves next door to a pre-existing gun club, community play field, private air strip, pea-patch, etc. and then complains about the disruption. The gun range in question has been	Kim Dunn	Resolved

Hello, YES, THERE IS EXCESSIVE GUN CLUB NOISE POLLUTION!!!! We live in the Whisper Ridge Development and I find the Gun Club Noise is excessive. We can hear the pop, pop, pop, pop, pop, pop, blam, blam, blam, blam, blam, blam, blam, boom, boom,	Kim Dunn	Resolved
We live in the Whisper Ridge subdivision in Bremerton, located off Iskra. Gun noise has become excessive these past few years, and we would appreciate it if the County would investigate this. The noise apparently comes from the Kitsap Rifle club, and we hear gun noise from large caliber weapons, which starts as early as 7am on weekends and weekdays, and continues well into the evening every night. Thank you.	Kim Dunn	Resolved
We are writing to complain about the increased noise from the Kitsap Rifle & Revolver Club in Bremerton. We live a mile and a half from the club and are able to easily hear the shooting. We are hearing the firing of automatic and semi-automatic weapons. The noise wakes us up at night and in the early morning, and makes it unpleasant to have outdoor family barbecues. We understand the KRRC increased its shooting lanes from 2 to 16 without any sort of permit, which accounts for the added noise over the last couple years. We also understand that during its more than 80 years of operation, the KRRC has failed to perform any type of cleanup of its grounds. What kind of contamination	Kim Dunn	Resolved
The following was received via email: April 27th at 12:00 and the gun fire is very loud. What's odd is there are few people out there shooting. It has become quite apparent that the new firing lanes KRRC put in that face North are improperly designed, so they direct louder gun fire towards our housing development. These firing need to go away.	Kim Dunn	Resolved
To the county offices and the commissioners office, We want to register our complaint about the excessive gun noise from the Kitsap Rifle and Revolver Club throughout the day today! At various intervals they were firing 30 caliber automatic and semi-automatic weapons! Bullets from these types of weapons can travel more than 3 miles! A ricochet can be just as deadly! As concerned residents we would appreciate your help in correcting this problem! Respectfully, Robert and Peggy Kermath	Mary Seals	Resolved
Well today was extra loud. I was trying to get things done in my own garden when the noise of what sounded like to me cannon fire, yes I said cannon fire. I even made a comment to my husband, he said	Mary Seals	Resolved

Hi Mr. Mount, I live at [redacted] and am writing to let you know I'm hearing loud gunfire luder than the normal pop pop pop on Sundays and wonder if you could look into it. I am out planting in my yard and wonder if the gunfire may be fom 30 caliber automatic gunfire. I like to be outside rnjoying spring but this is sad to hear and so much louder than the normal gunfire I usually hear on weekends. Sincerely, Vicki Hoisington	Mary Seals	Resolved
To whom it may concern: I am writing this email to complain about the gun noise today at my house. I am constantly hearing gun fire from 30 caliber auto and semi automatic weapons. I live at [redacted]. This gun noise is becoming a nuisance to me and my family. It needs to stop. Thank you. Justin Gillam	Mary Seals	Resolved
My wife and I would like to once again file our complaint regarding the significant noise pollution emanating from the Kitsap Rifle and Revolver Club. This Sunday was almost constant noise which seemed	Mary Seals	Resolved
My neighborhood has been subjected to the daily sound of gunfire over the past 6 or 8 months. A recent article in the CK Reporter provided the explanation--Kitsap Rifle and Revolver Club has apparently increased the number of firing lines from 2 to 16. Some of these are directed toward Klahowya Secondary School, the Newberry Hill Heritage Park and my neighborhood. These new firing lines were apparently constructed without proper permits. The noise from these illegally constructed firing lines has had a major negative impact on my	Kim Dunn	Resolved

To the Commissioners: This is a formal complaint against your contracted meeting facilitator, Ms. Margaret Norton-Arnold and her unprofessional management of the June 17, 2010 Shoreline Master Program Task Force meeting held at Island Lake County Park. Throughout the meeting Ms. Arnold was blatantly biased in her dealing with various task force members as well as the taxpayers who gave up their evening to attend the meeting. Ms. Arnold rolled her eyes, made comments under her breath (though loud enough for the audience to hear), used a tone of voice that dripped with sarcasm if she disagreed or didn't want to give time to a member's comments, and her body language visably displayed her encouragement or displeasure. She even suggested members take their break during one member's	Deanna Erstad	Resolved
After a number of weeks of quiet, the gunfire has returned this morning. It is loud and continuous. As far as I can tell it is coming from Kitsap Rifle and Revolver Club. Jerome Carbone [redacted]e Silverdale, WA [redacted]	Kim Dunn	Resolved
The following was received via email. We would like to complain about the shooting today 7/27/10 at KRRC. Throughout the day and up to 8:30pm there was continual gun noise. Most was from auto and semi-automatic weapons, but at one point someone was shooting a maching gun! We know it was a machine gun, because one of the people in our group was able to visually see the person shooting it! Sincerely, Bob and Peggy Kermath	Kim Dunn	Resolved
County Officials, The excessive gun noise noise continues. Saturday July 31, there was loud continuous gun fire. It sounded like m16's, automatic and there were explosions, which means KRRC was shooting at "tennerite" containers taped to targets. This is a binary explosive and should not be allowed in the county, especially at a gun range. I am sick in bed and was unable for most of the afternoon to sleep in my own bedroom. Granted I had the windows open, due to summer heat, but my house is over 1.5 miles from the gun club. When is the county going to address this problem. This club is operating with out any permits. Skip Junis	Kim Dunn	Resolved

Part 4 of 5

From Kitsap Sun—April 24, 2009 (written by Brynn Grimley) –7 pictures in JPEG files

CENTRAL KITSAP — The hundreds of acres of forest between Newberry Hill Road and Seabeck Highway are an outdoor enthusiast's dream: Evergreen canopies overshadow paths that dip and rise as they wind through moss-covered trees and large wetland areas that provide critical habitat for wildlife.

Kitsap County is close to finalizing a deal with the state that would allow this heavily forested area, currently managed by the Department of Natural Resources, to be combined with land the county already owns to create a 1,000-acre heritage park.

But long before the outlines of the agreement became clear, a group started quietly trying to stake its claim to the land — working to create a network of mountain-bike trails connecting the properties.

The grassroots group of volunteers has a good history with the county, having helped to build and maintain bike trails in South Kitsap's Banner Forest Heritage Park.

But the trail work some of the volunteers have done on DNR land has caused concern.

Against the law

"It's not legal to go out and build trails on state land without permission," said Doug McClelland, DNR state lands manager. "What we've found is, when a piece of property is going to be made into an active park, people sometimes try to make their own uses before the county takes over the land.

"That is against state law."

Volunteers with the ad hoc group of bicyclists responsible for the trail work have also volunteered to work with the recently established Newberry Hill Heritage Park Stewardship committee.

The committee includes mountain bikers, hikers, horse riders and property owners who live next to the land, said Lori Raymaker, a county parks stewardship coordinator who works with the committee. When the county acquires the state land, the committee will be part of a larger park planning process.

The group has built more than 5 miles of trails on county land that will eventually become a part of the larger Newberry Hill Heritage Park. Those trails connect with trails on state land.

Raymaker knew some committee volunteers were working on state land, but said she thought they had state approval. Anyone working on state land wasn't doing so with the county's OK, she said.

Blazing Trails

Volunteers have used chainsaws to clear branches and cut downed trees to create passable trails on the state land. They've also installed square cement pavers and plastic makeshift culverts along some trails to keep them from getting soggy.

The group uses trail building techniques approved by the International Mountain Bike Association and used by the Evergreen Mountain Bike Alliance, an organization that regularly partners with DNR to build legal bike trails.

The difference is the state never gave the group permission to work on its Central Kitsap property.

Mountain bikers Mark Fisher and Mike Wellborn say no new trails were built, but existing trails were reclaimed.

Fisher recently stepped down from his appointed position on the county's parks advisory board committee. Wellborn is the secretary of the Newberry stewardship committee. Both help maintain an informal online site — Kitsap Mountain Biking — used to organize volunteer work parties.

While they defend their trail work, the pair wouldn't say who built a boardwalk that bridges a wet area on state land.

"It's there," is all Fisher would say about the raised structure bolted into the ground.

"That thing goes across a swamp," he said. "The state has so much more to worry about than people, whoever they are, building trails out there."

Photos on a Kitsap Mountain Biking blog show volunteers building the bridge structure.

"The majority of the work we did out there was on existing trails," Wellborn said. "In respect to the DNR lands, it's a little muddier because the state has no interest in what's going on out there."

Opposition to trails

But DNR officials say they do have an interest.

"There's a lot of structures out there over streams and wetland areas," McClelland said. "You have to have permits from the Department of Fish and Wildlife to build things in areas like that."

The Kitsap Rifle and Revolver Club has leased a portion of the state land involved in the swap, and members have voiced concerns about the trails. Some of the trails run

through the shooting range's buffer area, according to gun club executive officer Marcus Carter.

Fisher and Wellborn contend the trails aren't on the club's land.

A recent walk through the woods on a bike trail behind the range showed at least six signs posted by the gun club warning about the range had been ripped down and stashed under a nearby log.

Going Forward

Planning for the future of the park could get tense as officials wade through the differing opinions of how the land should be used.

While Fisher and other trail-building volunteers have said they think the gun club should be relocated, that isn't likely to happen. In fact, the county is working on a deal to sell the club the land it has occupied since 1926. Club officials also hope to purchase an additional 60 acres.

The county also probably won't remove the trails once it acquires the land from the state, said Chip Faver, Kitsap's parks and recreation director.

But Central Kitsap Commissioner Josh Brown said the public will determine the uses of the park, not one interest group over another.

"An individual or a group doesn't get to squat on county property and determine its use," he said. "I don't want to in any way discredit the work of volunteers, I appreciate their enthusiasm, but they need to work through the public process like the rest of us."

Don,

I sat in on a study session with the BOCC this morning, and I learned that comments forwarded to them were not recorded at the Kitsap 1 database. They were handled by their assistants, who apparently filed them on their own storage medium.

To sum up what information I wish with this new knowledge is, I want all records of comments regarding Kitsap Rifle and Revolver Club for the last 1 -1/2 years at all sources they may have been routed. This includes Kitsap 1, DCD, all 3 Commissioners, County Administrator, Prosecuting Attorney, Sherriff, and Parks Department.

I hate to put you to all this trouble, but the efforts and concerns of a lot of people seems to have gone down a rathole, and now I need proof of that effort, or proof of the failure to record it.

Thank you,
Wade Larson

Delivered by Certificate of Mailing P.S. Form 3817

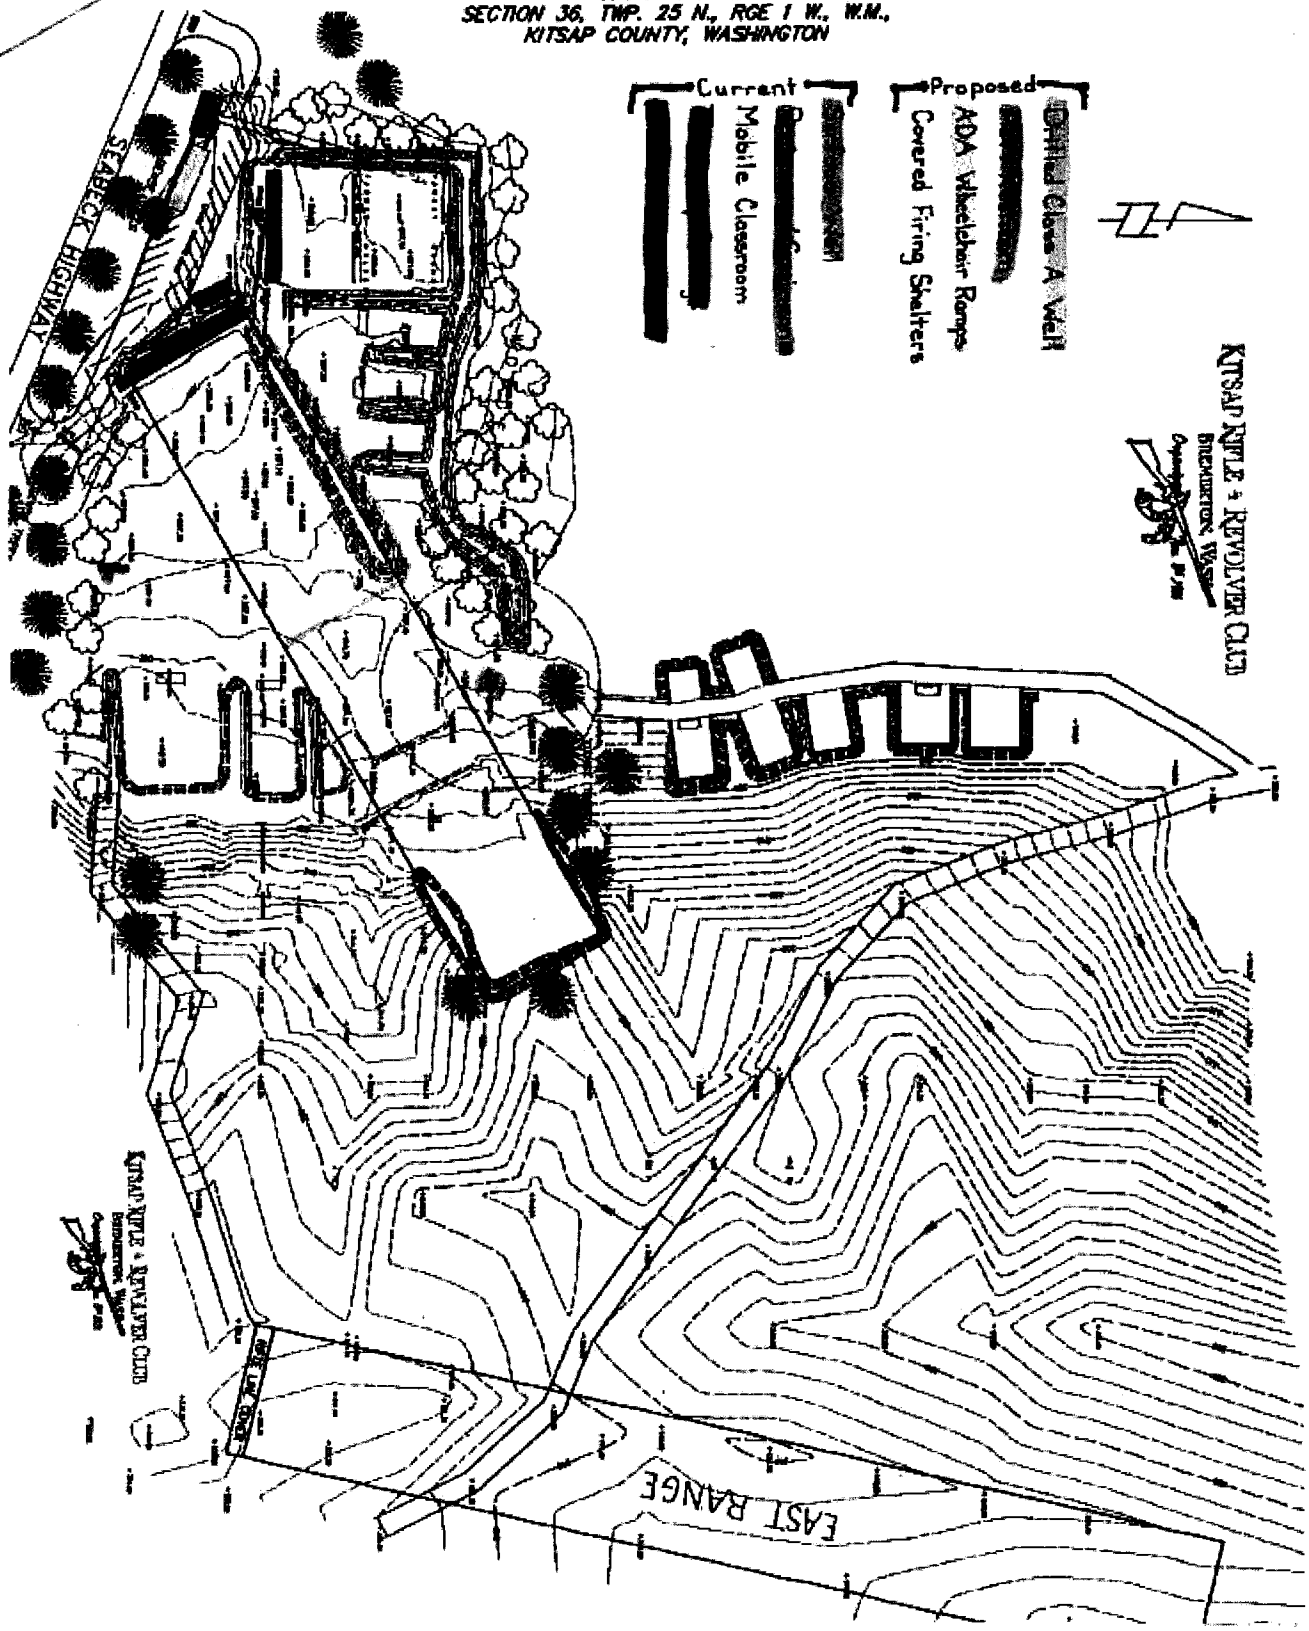
Dear Pat,

Thank you for your interest in and assistance to Kitsap Revolver and Rifle Club in achieving our goal of better serving our community and membership.
Enclosed please find the documentation and updated CAD drawing you recently requested in verification that KRRC is in full compliance with the terms of our Special Use Lease. Please make these documents a permanent part of our administrative file, for ready reference. Please note that our 8 acres of Permitted Use for intensive use and occupancy does include all extant open shooting range and improvements shown, with that some undesignated portion within the 8 acres shown does include pre-existent access and other roads, serving that area of the property, and/or treed buffer, which would reduce that total area calculation, if mapped. Please note the mobile classroom trailer and portable storage containers shown remain the property of KRRC.

In the process of securing approval of our recent IAC grant for needed maintenance and planned future improvements within our intensive use area, we have met with Commissioner Sutherland, (an IAC member), and with Ms. Lori Price of your agency, (in approving the 15 year lease and proposed plan for the grant monies), on site, who both gave their tentative approval for our plan, as outlined below. We also recently met with Mr. Bill Norenburg of Kitsap County Department of Community Development, who has assured us no work has been done to date which requires a permit.

In the near term, we will be submitting plans for improvements to DNR, for State approval pursuant to our Lease, prior to application to Kitsap County for required permits. We are requesting your assistance at this time as to the specific requirements of your agency for submittal of the following written plans and specifications, with the approximate time frame for approval. Since code compliance and technical specifications are subject to the permit review and inspection process, we are hoping to

A PORTION OF
SECTION 36, TWP. 25 N., RGE 1 W., W.M.,
KITSAP COUNTY, WASHINGTON



gain DNR approval by Letter of Authorization prior to capital outlay for professional engineering or permit fees, as a preliminary requirement, and appreciate your guidance to simplify the process as possible. The immediate improvements and needed maintenance we are seeking authorization for, and/or to be added to an Amended Exhibit 10A as Authorized Improvements, are as follows:

- Construction of ADA wheelchair ramps to the extant heavy use rifle and pistol shooting buildings and target lines.
- Repair and replacement of the current primary rifle shooting building roof to include improved sound attenuation.
- 1 - Mobile Classroom
- 4 - Temporary Storage Containers
- 6 - 10' x 16' shelters

We also seek authorization for the following: (Funding being applied for in current IAC cycle)

- Upgrade current surface well to State approved Class A drilled well.
- Construction of permanent ADA Handicapped accessible restrooms.
- Construction of a covered rifle position building with sound attenuation design at the East open shooting area. The East open shooting area is specifically located for substantial attenuation of noise to the surrounding community, and a proper shooting facility there will assist us in meeting our community service oriented goals.

Thank you for your assistance with this process. Please provide your written requirements for DNR authorization, and we will arrange to prepare and forward the necessary elements for approval. Please feel free to contact us with any interim questions or concerns. We look forward to working with you to promote public/private partnership in our community service organization.

Sincerely,

Marcus Carter – Executive Officer
Kitsap Rifle & Revolver Club
Range (360) 373-1007
Home (360) 895-0724
Mobile (360) 710-8763

P.S. The enclosed cards were developed after discussions with DNR personnel regarding the problem of shooting on unimproved State lands. This will give them a tool to positively encourage those found shooting in Tahuya forest or on other DNR lands with a safe, responsible alternative.

Please forward them to the appropriate personnel and inform them more can be picked up anytime they are needed. We ask that the DNR personnel using the cards, initial and date them prior to issuing so we may track their use.

The export is still running, but it is still going extremely slowly. I will update status first thing in the morning.

John - Would it be possible to review emails for Dana Daniels, Deanna Erstad, Nancy Hahn, Nancy Buonanno-Grennan, Steve Mount, Carolyn Gourley, Kathy Collings, Josh Brown, Steve Bauer, Charlotte Garrido, and Jim Dunwiddle, between February 2009 and August 11, 2010 that contain any of the keywords "KRRC," "Gun," "Club," "Rifle," "Revolver," "noise," "safety"?

Thanks - Don

All - Please see the below e-mail and get back to me as soon as possible with your estimates of how long you believe it should take to produce the requested records. I will send Mr. Larson his standard 5-day letter. Inclusive dates should be Feb 11, 2009 thru August 11, 2010.

Have a nice day! - Don

Don,

I sat in on a study session with the BOCC this morning, and I learned that comments forwarded to them were not recorded at the Kitsap 1 database. They were handled by their assistants, who apparently filed them on their own storage medium.

To sum up what information I wish with this new knowledge is, I want all records of comments regarding Kitsap Rifle and Revolver Club for the last 1 -1/2 years at all sources they may have been routed. This includes Kitsap 1, DCD, all 3 Commissioners, County Administrator, Prosecuting Attorney, Sherriff, and Parks Department.

I hate to put you to all this trouble, but the efforts and concerns of a lot of people seems to have gone down a rathole, and now I need proof of that effort, or proof of the failure to record it.

Thank you,
Wade Larson

I ran the search, and came up with 1130 emails but the export is running extremelt slowly. It may not be ready on Moday, but I will keep monitoring it and let you know Monday morning how it is doing.

When I return I'll apply an upgrade which should fix the export issues

Audrey,

I wanted to follow -up your e-mail about the problem of filing complaints on help@kitsap1.com

Has this been corrected? We are adding more and more people to our group and they have all asked where to file complaints. Can I safely say they can write to this address and their complaints will be logged and maintained. Thanks

Good morning. I understand that there has been some trouble getting this message through due to an email address error. I just wanted to drop you a line to let you know that I have received this email and sent a case to the appropriate parties.

Thank you,

Audrey Shannon

Subject: Kitsap Rifle and Revolver Noise

County Officials,

The excessive gun noise noise continues. Saturday July 31, there was loud continuous gun fire. It sounded like m16's, automatic and there were explosions, which means KRRC was shooting at "tennerite" containers taped to targets. This is a binary explosive and should not be allowed in the county, especially at a gun range.

I am sick in bed and was unable for most of the afternoon to sleep in my own bedroom. Granted I had the windows open, due to summer heat, but my house is over 1.5 miles from the gun club.

When is the county going to address this problem. This club is operating with out any permits.
