**Subject:** Trail Tour Notes

Saturday 21, 2010
10:00-12:00

Purpose: Tour of south end of NHHP to familiarize stewards with recommendations of the trail committee.
Result: Suggested layout, trail construction, and locations of trails under discussion to be forwarded to the county.

Suggestion of buffer setback, 250ft. from KRRC trail (aka. Strange Days). Steve Ottmar already laid out boundary lines of KRCC. Proceed with a reroute at point where the trail enters KRRC property..

Frank Stricklin identified one of several culverts on forest service road that by 2016 have been mandated to be removed and replaced with a 24' diameter pipe for fish habitat/flow.

Potential locations for viewing platforms of beaver activity were shown to all. Locations of these spots were: a) Top of trail presently called Twilight Zone (portion not on map), b) Goat Trail/Lake Trail/Speedway, c) and another at the water level of the same trail. More planning needs to be done to determine placement of these platforms, but the group feels that visitors to the park could learn a great deal about beavers if they could view the dam, pond, and lodge.

Closure of trails in wetland areas and on portions not on map.

Possible closure or reconstruction (steps?) of trail that goes down to lake at a very steep grade on Twilight (not on maps).

Bill McKinney was very interested in helping us with a Forest Management Plan.

(Put up no trail building signage from the county with everyone's agreement in three locations on trails and two on the kiosks.)

Connie---

I am sending down a copy of everything that I have with regard to the PDR request from Mr. Larson regarding the Kitsap Rifle and Revolver Club.

As Lt. Collings is aware, Neil Wachter and I have an open case on this matter and we will have to sit down with someone and go through all of this material.

I hope that this will help. I printed it double sided to save trees.

Thanks----Cam

Hi Neil. Sorry it took me a bit to get back to you. Yesterday was a long day. My wife works today so I'm watching both kids all day. How about tomorrow? AM would be easiest for me, but I'm flexible. Let me know.

John - This is Mr. Larson's most recent request is in a string of about four or five PDRs he has submitted. We do need to see if there are any records, but it can go to the back of the line. The Kitsap Sun (Chris Henry) request is due soon, it's been here the longest, and is a lot more complicated. My priority for getting these knocked out is:

1. Chris Henry (Kitsap Sun) - KCCHA/Norm McLoughlin emails (2 parts) PDR Due Sept 2
2. Chris Dunagan (Kitsap Sun) E-mails regarding Kitsap County Shorelines Master Program Update Task Force Due Sept 23
3. Wade Larson - KRRC complaints PDR Due Sept 16
4. Terry Allison -E-mails regarding KRRC Range design/safety PDR Due Sept 16

Hope this helps. I appreciate the fact that you're away, we can get together as soon as you get back.

Cheers! - Don

John - Thanks. Quite frankly, instead of spending an innordinate amount of time on this PDR, I'd prefer to get the e-mails regarding Chris Henry's (Kitsap Sun) request from July 14th regarding emails about KCCHA/Norm McLoughlin (Oct 1, 2007 - Oct 31, 2008) and Oct 1, 2006 - Sept 30, 2007). That is a big one (which may require a lot of review).

I ran the search, and came up with 1130 emails but the export is running extremelt slowly. It may not be ready on Moday, but I will keep monitoring it and let you know Monday morning how it is doing.

When I return I'll apply an upgrade which should fix the export issues

Don,

I sat in on a study session with the BOCC this morning, and I learned that comments forwarded to them were not recorded at the Kitsap 1 database. They were handled by their assistants, who apparently filed them on their own storage medium.

To sum up what information I wish with this new knowledge is, I want all records of comments regarding Kitsap Rifle and Revolver Club for the last 1 -1/2 years at all sources they may have been routed. This includes Kitsap 1, DCD, all 3 Commissioners, County Administrator, Prosecuting Attorney, Sherriff, and Parks Department.

I hate to put you to all this trouble, but the efforts and concerns of a lot of people seems to have gone down a rathole, and now I need proof of that effort, or proof of the failure to record it.

Thank you,
Wade Larson

I apologize that I haven't been able to dedicate as much time as need so far. Unfortunately I'm also trying to get a work project done, at the same time that I'm traveling. Please feel free to hack and slash on what I have so far, I won't take offense. Writing takes me a bit. Thanks.

I'll try to call Tuesday afternoon and will have e-mail in the evenings.

**Subject:** Gun Club customer contacts

I need to ask for direction on how to handle future gun club concerns. I've received a call from Skip Junis (a local resident who writes fairly regularly about the gun club noise) confirming our email addresses (Kitsap1@co.kitsap.wa.us and help@kitsap1.com) . He is distributing flyers to residents that has our email address and phone number. Since we know they will be making a push to have their neighbors call in, I would like to get some direction from Commissioner Brown's office. My understanding is that, at this point, the Code Compliance division has all they need to move forward with whatever action they need to take and that these future inquiries may be better directed to Commissioner Brown but I do not know that for certain.

I would like to have some direction to give the ladies on how to handle these cases. In the meanwhile, I will ask that they address all cases to Commissioner Brown's office until they are told differently.
