GENERAL OVERVIEW

Executive Summary

As part of the American Rescue Plan Act, Kitsap County received an allocation of \$52,730,448 from the Coronavirus State and Local Fiscal Recovery Funds. These funds have been provided to assist government entities in recovering from the ongoing and lasting effects of the COVID-19 pandemic.

Kitsap County is actively planning a variety of eligible projects to be paid for with ARPA funds that will promote a response to the pandemic and economic recovery for Kitsap County, its residents and visitors alike.

As of July 31, 2023, Kitsap County has plans to make the following investments using ARPA CSLFRF funds:

Public Health	23,275,000
Lost Revenue Recovery	10,000,000
Negative Economic Impacts	9,923,376
Infrastructure	8,882,072
Administration	650,000
<hr/> TOTAL	<hr/> 52,730,448

Uses of Funds

Information on how Kitsap County projects use evidence-based interventions or program evaluation is found in the descriptions of those projects that fall within the expenditure categories that require those efforts.

Promoting Equitable Outcomes

Kitsap has focused much of its funding on projects that benefit disproportionately impacted communities including low-income and BIPOC. These are evolving as new guidance and reporting requirements are released. Kitsap has acknowledged the burdens that come with reporting requirements in its project selection and are working with organizations of adequate size and staffing with connections to these communities.

In future Performance Reports, Kitsap County will present equity-related program data as needed in accordance with Department of Treasury reporting guidance, including information regarding the geographic and socio-economic distribution of services and projects, particularly for funding targeted to Disproportionately Impacted Communities.

Community Engagement

With a limited amount of funding and significant needs in the community, Kitsap has focused its outreach efforts on key organizations and stakeholders with proven connections to affected

citizens. These organizations can view the needs in a systemic manner to provide near-term relief but also promote future success and recovery. Since award in the summer 2021, Kitsap has worked closely with organizations in the following sectors:

Public Health Response: Kitsap has collaborated closely with the Kitsap Public Health District, Department of Emergency Management, FEMA and local hospitals, medical clinics and first responders on the needs to fight the continued COVID-pandemic. The coordinated efforts have addressed outbreak response, quarantine and isolation facilities, community testing, vaccination promotion and emergency preparedness.

Homelessness and Housing: Worked with non-profit partners to “stand up” an additional 150 new temporary COVID-19 homeless shelter beds. Partnered with existing shelters to implement CDC guidelines on bed-spacing, hygiene and sanitation practices and added funding so that all shelters moved to 24/7 operations.

Distributed over 177,000 items of personal protective equipment (PPE) to homeless shelters and housing programs and worked closely with the Kitsap County Emergency Operations Center and Kitsap Public Health District to stand up a comprehensive Quarantine and Isolation Center, available to people who are unhoused or unable to safely stay at home while isolating or quarantining. The Q&I centers provide safe accommodation, medical care, meals, and supportive services.

Provided 14 new portable handwash stations at shelters and locations where people experiencing homelessness could use them to reduce the spread of COVID-19.

Coordinated the distribution of over 100,000 cloth masks to low-income households through community-wide service providers including food banks, clinics, non-profits, and other service providers.

Established the Kitsap Eviction Prevention Assistance (KEPA). Between September 2020 – May 2022, a total of 3,028 Kitsap County households have been provided a combined total of over \$20.5 million dollars of rent and utility assistance, paid to landlords and utility providers to prevent eviction. 69% of households served have incomes less than 30% Area Median Income. The KEPA program promotes equity in who is served and focuses on populations that historically have not been provided equitable access to rent assistance, and those populations most impacted by the COVID-19 pandemic. This includes ethnic and racial minorities, LGBTQ+, people with mental health or substance issues, people with limited English proficiency, and other people who may not have access to supports. To reach these underserved and diverse populations, several outreach organizations assisted in targeted outreach within their communities to directly assist with applying for assistance.

Outreach and information dissemination was also done through the Kitsap Housing and Homelessness Coalition that includes partnerships with a wide range of local entities including; Agape Unlimited, Bremerton Foodline, Bremerton Housing Authority, Bremerton School District, Catholic Community Services, City of Bremerton Community Development Block Grant Program, DSHS Bremerton CSO, Goodwill Industries, Habitat for Humanity of Kitsap County, Helpline House Bainbridge Is, Housing Kitsap, Kitsap Community Resources, Kitsap County Community Development Block Grant Program, Kitsap County Division of Aging & Long-Term Care, Kitsap County Housing & Homelessness Program, Kitsap County Sheriff's Office, Kitsap County Veteran's Assistance Program, Kitsap Immigration Assistance Center, Kitsap Interfaith

Network, Kitsap Legal Services, Kitsap Mental Health Services, Kitsap Public Health District, Kitsap Recovery Center, Kitsap Rescue Mission, Kitsap Regional Library, Kitsap Transit, North Kitsap Fishline, Northwest Justice Project, Olalla Recovery Center, Peninsula Community Health Services, The Coffee Oasis, The Salvation Army, Salish Behavioral Health Organization (BHO), South Kitsap Community Alliance, South Kitsap Helpline, St. Vincent de Paul, StandUp for Kids, United Way of Kitsap County, WA Department of Veteran's Affairs, WA Employment Security Department, Weaver Foundation ~ Georgia's House, West Sound Treatment Center, YWCA of Kitsap County and many others.

Economic Assistance: Kitsap has worked with the Kitsap Economic Development Alliance, Small Business Development Center (through Western Washington University) and the six chambers of commerce (Bremerton, Silverdale, Port Orchard, Poulsbo, Bainbridge and Greater Kingston) and Visit Kitsap Peninsula (Kitsap's visitor and convention bureau). The discussions have led to expansions of small business technical assistance, enhanced marketing of the hospitality and tourism sectors and enhanced online presence through a countywide small business general store.

Broadband: Kitsap is working with the Kitsap Public Facilities District on the extension of middle-mile broadband infrastructure to underserved and unserved areas of our urban (including cities) and rural areas (Kitsap's largest ARPA-funded capital project). Additionally, these discussions have included the expansion of free WIFI sites throughout Kitsap County.

Disproportionately Impacted Communities: Kitsap has worked with the Pierce/Kitsap County YMCA, Boys and Girls Club of South Sound, Boys and Girls Club of Snohomish (serves North Kitsap County), local school districts and the Olympic Educational Service District to address childcare, youth and adult afternoon and evening activity/sports programs and mental health services. Kitsap has also worked with the Kitsap conservation District on programs to provide healthy local foods to our local food banks.

Kitsap has also coordinated with adjacent counties and its local cities to limit possibilities for the duplication of efforts in our community.

All of these efforts have had a focus on the low-income and BIPOC communities in our jurisdiction. Contracts for services through ARPA funding includes preference for women and minority owned businesses.

Public discussions of this funding by the Board of Commissioners occur regularly and publicized for public attendance via Zoom or in person. All projects and their status is displayed on the Kitsap County webpage (e.g., Allocated Project List).

Labor Practices

Kitsap County complies with all federal requirements in its construction contracts to ensure projects use strong labor standards to promote effective and efficient delivery of high-quality infrastructure projects while also supporting the economic recovery through strong employment opportunities for workers

Use of Evidence

Kitsap has developed metrics for each project funded by ARPA and requires reporting of these metrics with requests for reimbursement. The list of these metrics is passed on to contractors as they have been developed and released by Treasury over the last 12-months. Such metrics include output, but also demographic information as available towards greater societal outcomes. As of July 31, 2022, Kitsap County, has not started any projects that require the reporting of metrics. As applicable under Treasury reporting guidance for future expenditures in the Public Health, Negative Economic Impacts, and Disproportionately Impacted Communities expenditure categories, Kitsap County will identify whether State and Local Fiscal Recovery Funds are being used for evidence-based interventions and if projects are being evaluated through rigorous program evaluations. Where appropriate, Kitsap County will quantify expenditures toward evidence-based interventions, describe project goals, and discuss relevant evidence base for such interventions.

Performance Report

Information on how Kitsap County projects use performance management is found in the descriptions of those projects that fall within the expenditure categories that require those efforts. Kitsap County will report key indicators as required by applicable Department of Treasury compliance and reporting guidance.

Total Cumulative Expenditures	\$1,802,875.39
Current Period Obligations	\$1,802,875.39

Current Period Expenditures	\$1,802,875.39
Project Description	<p>Since the start of the COVID-19 pandemic, there has been a growing need for behavioral health services in our community, especially amongst our youth. Permanent supportive housing for individuals experiencing homelessness is in short supply across the county, including for clients of KMHS, of whom 10% experience homelessness at any given point in time.</p> <p>Children and youth with complex behavioral health needs especially have limited options, if any, to access a supportive, nurturing, and safe educational environment when their mental illness and related behaviors are not consistent with a traditional classroom environment.</p> <p>Further, in order to position our agency as the highest quality provider of evidence-based mental health and substance use disorder practices, our clinician team needs ready access to onsite training.</p> <p>Combined, these initiatives would serve to expand access to KMHS critical agency programs in Kitsap County.</p>

Once completed, the site will serve as a full emergency management and services facility for continued COVID response, future outbreaks, natural disasters, and other events.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	During the pandemic, our emergency management department lost access to their offices and EOC. Using CARES funding, we acquired a new location. The existing structures are old and not serviced with updated electrical and HVAC. This project will provide for a new EOC, DEM offices, and COOP/COG capability for the county so that it can endure future emergency responses and continue providing essential services to its residents.

Project Name: Public Health COVID Response

Project Identification Number	ARPA - 002
Project Expenditure Category	1-Public Health

Project Expenditure Subcategory	1.7-Other COVID-19 Public Health Expenses (including Communications, Enforcement, Isolation/Quarantine)
Status To Completion	Completed
Adopted Budget	\$1,925,934.44

Secondary Impacted and/or Disproportionately Impacted populations	2 Imp Low or moderate income HHs or populations
Tertiary Impacted and/or Disproportionately Impacted populations	4 Imp HHs that experienced increased food or housing insecurity
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	This project accounts for expenses incurred in operation of Kitsap County's Emergency Operations Center (EOC) which is activated in support of the goals and objectives of the Kitsap Public Health District's response to the COVID-19 pandemic. Expenses include staffing, warehousing, staging, supplies, equipment, etc. to provide PPE distribution, outbreak response, vaccination, testing, training, non-congregate and Q&I sheltering, and more to the residents of Kitsap County.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	Our level of response has been, and continues to be, informed and determined by such things as: Number of cases, outbreaks, deaths, and hospitalizations in our community. Kitsap Public Health District personnel, and Unified Command members within the EOC, continually evaluate our response to ensure that we remain responsive to the needs of our community. In addition, we regularly review the directives of local, state, and federal agencies to ensure that we remain in compliance.
