Subject: Noise from KRRC

We would like to register our complaint once again about excessive weapons noise from the Kitsap Rifle and Revolver Club! We live in Bremerton in the Whisper Ridge area.
On Tuesday August 31st the noise coming from KRRC was extremely loud! There are many days when the noise is loud, but this seemed so much louder than normal! It sounded like they were shooting in our front yard! We heard the noise about 1:30pm and it continued throughout the day until about 8:00pm. It may have started earlier, but we were gone in the morning so we don't know when it actually started.
There was auto and semi-automatic weapons fire the whole time!
We know that the county is working on this problem, and we appreciate their efforts!
Hopefully something will be resolved sooner than later!

Respectfully,

Bob and Peggy Kermath

Good morning

I initially sent the e-mail below to Nancy Hahn who I was told was responsible for keeping Commissioner Garrido's calendar. Unfortunately, the noon-1 pm slot on 2/14 is now taken, but I have added 8-9 a.m. on the 1st if she is able to make that time.

****

My name is Trudy San Jose White, Administrative Coordinator for the NW Center for Public Health Practice. Our Assistant Director, Luann D'Ambrosio, attended the January 4, 2011 meeting and was introduced by Dr. Scott Lindquist. Dr. Lindquist suggested that we contact Commissioner Charlotte Garrido to participate in a phone interview with Ms. D'Ambrosio and Research Assistant, Nora Kleinman.

The purpose of the interviews is to conduct a performance evaluation of the Kitsap County Health District (KCHD) Local Health Officer (LHO) and to create evaluation instruments that can be used in future years to evaluate the Kitsap County LHO and potentially other Washington State LHOs. Key informant interviews will be conducted by two members of the Northwest Center for Public Health Practice (NWCPHP) with other Washington LHOs, Board of Health members, the KCHD LHO, the senior management team, and program managers. One NWCPHP member will ask questions and the other will type the interviewee's answers. Interviews will not be audio recorded. After the interview is complete, both NWCPHP members will review the typed notes for accuracy. Attached is a handout with the topics that will be discussed.

Is Commissioner Garrido available for a one-hour interview at any of the dates and times listed below?

Tuesday, February 1
8-9 a.m.
11-noon

Monday, February 14
11-noon

Thursday, February 17
9-10 a.m.

Please let me know if any of the times will work for Commissioner Garrido.

Thank you for your help.

Neil, here are some of the added Exhibits. My CD burner does not appear to be working at this time so I cannot burn these to a CD. Hoping this makes it through your firewall.

THE KITSAP RIFLE AND REVOLVER CLUB'S
The BULLETin
May/June 2005

4 Commandments of Firearms Safety

- Treat all firearms as though they are loaded.
- Never allow the muzzle to cover (point at) anything you are not willing to destroy.
- Keep your finger off the trigger and out of the trigger guard until your sights are on target and you are ready to fire.
- Be sure you have an acceptable target, know its surroundings, and what is beyond.

Work Party a Huge Success!

By Marcus Carter

Wow! On April 8th, 9th, and 10th, we had the largest turnout in 20 years for a work party with over 100 people being present over three days. Many contributed their time and talent while others donated funds and a few donated both. Many overdue clean-up projects were accomplished and much of the brushing of the new rifle line was done. It was simply amazing! Much can accumulate in 80 years, but we got a good handle on it and with a couple more work parties, we should be in top-notch shape.

There are those that headed up primary projects that need special recognition for all the extra hours and $$$ contributed. Jim Ticehurst, Roger Cole, the Henningsen family - Walt, Jason and Ken, Kurt Bezoenik, Craig Jensen, Scott Smith, Bob Turney, Bob Steel, Spiro's Pizza in Silverdale, Dave Espenshade... I would like to thank each of those responsible for the most productive work party in MANY years, however, paper and time forbid. The list is long, but my memory is not and I would inevitably leave out someone. But PLEASE, one and all know that your efforts are greatly appreciated. You all made it a lot of fun!

For those that participated, we will have the drawing for the gun at the next Club meeting on May 12th.

The next work party will be June 4th & 5th. We still have several projects to finish, with much painting and landscaping work to do. We are hoping to be putting some of the final touches on the new rifle line as well as finishing up a few of the older projects. Food, fellowship and a great deal of satisfaction can be had so please plan to attend. All members, friends of members and family of members are welcome to come to the range and help out. Even if you think you do not have any skills to offer, many hands make light work so please make time to come out and help your range be the best that it can be.

If you would rather donate equipment or supplies instead of, or in addition to your time for this project, please contact Marcus at 360-373-1007.

Friends of the NRA Dinner/Auction May 21st

The Friends of NRA's, annual dinner and fundraiser will be held on the evening of May 21, 2005 at the RED LION Hotel; 3073 NW Bucklin Hill Rd, Silverdale, WA.

This will be advanced ticket sales event only and tickets must be purchased by May 16, 2005. For tickets or to make a donation of cash or merchandise, please contact Ed Lyons at 360-876-5875 or e-mail elyons@wavecable.com.

Proceeds benefit the NRA Foundation's grant program. This foundation gives grants to gun clubs like ours. Last year, Kitsap county received over $7,600 in grant money. We need your help to continue helping the shooting clubs here in Kitsap county.

The NRA Foundation, Inc. is a 501 [c] (3) charitable organization so your contribution of merchandise, cash, or services is deductible to the extent allowed by federal law.

- Whistle Stop Work Wear – Silverdale 360-698-0790
- Sportsman's Warehouse – Silverdale 360-307-6900

KRRC/NFI EDUCATION AND TRAINING PROGRAMS

The following is a list of classes and training currently being offered at the Kitsap Rifle and Revolver Club:

- KRRC ORIENTATION AND RANGE SAFETY BRIEFING

This is the course ***required*** to obtain a member badge and the gate combination for use of the primary Pistol and Rifle ranges most anytime from 7am to 10pm, 7 days per week. This course is approximately 3 hours in length and will shortly be a part of an initiation fee for new members. All members that have gone through this course are welcome to take it again as a refresher, at any time, at no cost. It now utilizes a full Power Point presentation and other training aids that demonstrate the clubs history, operation, current legal status, programs, safety, responsible use of our facilities and future development plans. A $30 donation to the club is recommended.

- HUNTER EDUCATION

We have three Washington State Hunter Education classes scheduled. Courses will be held May 20-22; July 8-10; and September 9-11. Cost is $15 per student and seats are reserved on a "first to pay, first to be seated" basis. Classes fill early as class size is limited so make your reservations for this class today!

- PERSONAL PROTECTION & HOME FIREARMS SAFETY

This is a basic course to teach the fundamentals of firearms safety. The course will run from June 27 though July 1, each evening, from 6pm till 9pm. There will also be a weekend course held on August 6th and 7th from 9am till 5pm. This is also a very popular class so reserve your spot today.

- BLUEPRINTING THE 1911

This course covers detail striping of the 1911 pistol (or its variants), inspection of parts, repair and re-assembly and proper lubrication. The class will be held May 14th beginning at 9am.

- BLUEPRINTING THE AR-15/M-16

This course covers detail striping of the AR-15/M16 rifle (or its variants), inspection of parts, repair and re-assembly and proper lubrication. Call for dates and times.

- RANGE OFFICER LEVEL I

NFI Range Officer Level I course will hold the next classroom session on July 2nd beginning at 8am. All interested members are welcome to attend.

- BULLET CASTING

This is a course in the fundamentals of bullet casting. From metals and mixtures to purification and casting. The class will be held on May 28th starting at 1pm.

Fore more details on any of the courses listed here and for course schedules, call the club at (360) 373-1007, email info@gunsafety.org, or check the Club's web site, www.GunSafety.org. While most of these courses are currently provided to KRRC members at no charge, there are recommended minimum donations per person listed and encouraged for each class. Specialized training is available in virtually any firearms discipline, so if you are interested in a particular type of firearms education that you do not see listed here, please contact Marcus at the number above and discuss the possibility of adding it to our training calendar in the future.

The Club can also provide specialized military and law enforcement training, qualification supervision and coordinated drills and exercises as well as the rental of our range and facilities for pre-approved military and law enforcement training.

Range Report

By Marcus Carter

NEW RIFLE LINE CLOSE TO COMPLETION

We are making headway on our new rifle line and hope to have it finished this summer. The general layout is about finished and we are hoping to apply for final permits very soon. Once again, we are going to require all the help we can get as far as heavy equipment, funding and etc. We are still in need of a licensed P.E. to help us get through the engineering process and stamp our final submittal.

ELECTRONIC GATE FUND

We've collected over $4500 to date with our goal being $6500 by the end of April. We are finalizing gate design and placement, so when we get a little closer, we'll get it ordered and installed. Anything and everything will help. There is a "thermometer" on the front gate to show the status of your donations. Several club members have more than done their share, so if you haven't had a chance yet, please take the time to contribute to this project. In the mean time, please be sure to zero the combination on the current gate lock after you open it.

COLD RANGE LIGHTS

The Cold Range lights on the rifle line are fully operational and have been a great addition to the range. After clearing all firearms and going to a "Cold" range, if you are going down range, turn on the switch closest to your shooting position and clip your badge to the lock-out tab until you return. DO NOT HANDLE FIREARMS when the lights are flashing.

KRRC Members Can...

...Participate in the Governing of the Range

The Executive Board of the Kitsap Rifle and Revolver Club would like to encourage all members to participate in our monthly Club meetings. Club meetings take place on the second Thursday of each month at 7:30pm at the Range. All of the changes and decisions that are being made at the Range are the direct result of participation and input by the members of our Club.

...Shoot at Some Pretty Fun Targets

The Club regularly purchases equipment and supplies to benefit our members. The Texas Star is one such moving target that members may use. The Plate Rack is another favorite. In addition, our regularly scheduled events such as IPSC and the Courage Classic allow our organizers to dream up all sorts of challenging targets and scenarios.

...Shoot Anytime

As a member, you are allowed to shoot seven days per week, from 7am to 10pm. Other than the lines being closed occasionally for maintenance and special events, that means you are paying only *16 cents a day* to have virtually unlimited access to the range.

...Make Some Great Friends

Camaraderie is huge at the range. Our members come from all walks of life and all have information to share and learn from each other. Many new members have commented that they felt immediately welcomed and comfortable at the range and there are always knowledgeable staff and other members to help you out and answer your questions.

Gun Facts...

The following myths and facts are taken from Guy Smith's Gun Facts 4.0. This is an online e-book available free to download at www.gunfacts.info and provides many pages of popular gun "myths" which he easily discredits with research-based facts.

Myth: Concealed carry laws increase crime.

Fact: Violent crime rates are highest overall in states with laws severely limiting or prohibiting the carrying of concealed firearms for self defense.

Myth: Handguns are 43 times more likely to kill a family member than a criminal.

Fact: Of the 43 deaths reported in this flawed study, 37 (86%) were suicides. Other deaths involved criminal activity between family members (ie: drug deals gone bad)

Myth: Children should be kept away from guns for their own safety.

Fact: 0% of kids that get guns from their parents commit gun-related crimes while 21% of those that get them illegally do.

Myth: Gun control reduced crime.

Fact: Among the 15 states with the highest homicide rates, 10 have restrictive or very restrictive gun laws.

Myth: Police favor gun control.

Fact: 92.7% of law enforcement officials believe that citizens should be able to purchase firearms for self-defense and sporting purposes.

Myth: Guns are not a good deterrent to crime.

Fact: Guns prevent an estimated 2.5 million crimes per year, or 6,849 every day. Often the gun is never fired and no blood (including the criminals) is shed.
