TO CONTRACT FOR LEASEPURCHASE STEUACREMASE": I take exception and offense to a number of unface and/or misrocreanstative statements you made in this letter. SecrEdicativ.
Commissioners			a. you state "KRRC's neighbors (adjacent property owners) even if they are not actual members of the club do support the club." This is not true. I have lived next door to the club for over 20 years. I am a torner member and did support the club up until a feer years ago when the dubb propose and goals radically channel. To the hard for existentiation and 2 or 1 of the set all reserved they the club hard of the hard set and of the set all sets.
			In inference in your wast dear to fine 1, 2022, activement in Dates (Carelly Commissioner Just) from one Change County Fines will Remarks, supply "AURICHNETH SECREPHING PROMODAL SCICCHNETHS CHALLES (SECREPHING SECREPHING SECREPHIN
			b. "Neighbors support the club because it is responsibly operated". Again, bilatantly false. In 2005 KRRC submitted is plan to the County to expand club facilities. The county provided comments and requirements to the club on actions necessary to get a permit for the proposed voic. NRSC rejected the requirements and started work on the expansion anniver, clearing a significant area of recently classified DNR lands, cultifor could, condition, and outline diches to
			drain wallands to construct a new 1000 maler range. The County issued a stop work order and DNR required KRRC to at least partially restore and reptant the affected area. After the fact KRRC took the position that that they weren't really building a new range, just recrining the existing range. Even after the stop work order was issued KRRC confined work on other partie of the range in defairnors of County Code and Criticances. In land the three deep of responsible.
			3. Teighton agent for dish because it is emproprisely operated. Again belongs been 3000 DEED collected pages to the County's exequent on the County's execution of the County's exe
			c. "KRRC has reasceable hours" KRRC's current published hours are 6 a.m. to 10 p.m. These hours were changed from the historic and traditional daylight hours only following the illigal installation of range lights several years ago. Since installation of range light, shooting has often elected well beyond the published hours, and all too often cultimates is an internet of 5 to 30 mixtured and internetic weapons fin, frequently amond but orieing time, purclasely during the
			warmer months. d. "NORC has an effective noise control system" subjective, but noise levels at my home have increased from only occasionally mildly armoying to levels that sometimes procide octable activity at my home since the realignment and settoching of the berms and befiles at the range. I can only success that the club levels in a sense design review by a credential entity with correlection in this ways.
			published hors, and all so often criminate in an interes \$1 to \$0 minute of automatic weapons the, frequently amount but oftening time, purchasing during the waters morths. 4. One was effective on eaction splant in application by the color solved as if they have consciously inflying arranging the wide but but consisten purpose coloring and protein and the second and extractioning of the beam and self-less at the second protein and the second and the second and the second protein and the second prote
KC-04975-GHZWGO 03/25/2009 County Administration—Rebecca Ledger Concerns and Scheduleing with Commissioners-M	I have not been able to altered any of the meetings for the proposed land away, but I would like to see the nature of the area remain relatively unchanged. There are few remaining areas with trails through undeveloped forest. With regard to the rife range, if it is allowed to reflect		
KC-05003-0CSMWF 03/23/2009 County Administration- Michael Overfield	Customs has concern regarding the lease with the Killery Riffs and Revolver Cub. Sea statisticned to be right as most. I understood to the Sea 2000 test the county intends on continuing the lease with the Killery Riffs and Revolver Cub. The organization of the season to be set that, show during Custy and Sea 2000 test the county in Section of the Company Cub. The Sea 2000 test the county in Section 1 the Sea 2000 test the Company Cub. The Sea 2000 test the S	Copy to Commissioners and file	The paintfall field was a great community recreational facility, and I even used it for my Navy Reserve unit for recreation and training. It is a trappely to see it go. I think we mend to consider ALL the public uses of great, red just the creat that seem to have the largest public deposer. I finds it is clear them are a larger fundament of processors in the current, and they wholl of these as larker deposed of great counts in the current, and they wholl finds as also well conheided expressions to support the profession with their feasines. This is a public value of great counts in the current of their public finds as also well conheided expressions.
