Kitsap Affordable Housing Grant Program

Affordable Housing Grant Program funds are authorized by the Washington State legislature and are collected through a fee on certain transactions recorded at the Auditor's Office.

These grant funds are distributed through a competitive process to Kitsap organizations that provide affordable housing in a variety of ways, including shelters, transitional housing, and substance use recovery housing. For more information on the grant process please visit: <https://www.kitsapgov.com/hs/Pages/HH-Coordinated-Grant-Application-Process.aspx>

The authorizing legislation defines the allowable use of funds as: operations and maintenance support for existing affordable housing, acquisition, rehab, or development of new affordable housing, rental assistance voucher programs, and support for overnight shelters. With such a small annual total, in Kitsap the funding has been prioritized to fund operations and maintenance.

Programs awarded Affordable Housing Grant Program funds are required to submit quarterly progress reports, comply with monitoring requirements, and meet performance measures.

Collectively, all of the Kitsap affordable housing and homeless service providers make up the Kitsap Homeless Crisis Response System.

**Note that amounts listed are for Affordable Housing Grant Funds only and do not reflect other funding sources for these programs. Programs that are not funded through this grant source are not listed, but are an important part of the Homeless Crisis Response System and provide additional units of housing and specialized services.*
