Subj: Inappropriate behavior at Silverdale Waterfront Park

Over the past several years it has become customary for young people to congregate at Silverdale Waterfront Park, following class dismissal on the last day of school.

In recent years a small number of those who went to the park engaged in disruptive behavior to include fighting, igniting fireworks, playing music too loudly, littering, disruption of local businesses and operating motor vehicles unsafely.

This gathering *is not* a Central Kitsap School District (CKSD) sponsored event; those who choose to gather at Silverdale Waterfront Park are reminded to act responsibly.

On the last day of the CKSD academic school year, Friday, June 20, Kitsap County Sheriff's patrol deputies will be present at the park to monitor any gathering. They will enforce state law and county ordinances regarding activities or behavior at the park.
