Recommendation Summary

Approved subject to conditions listed under Section 13 of this report.

1. Background

Application proposes to construct an accessory dwelling unit (ADU) with attached garage on a 2.5-acre lot zoned Rural Residential. The proposed ADU will be 900 square feet with a 569 square foot garage attached and approximately 15.13 feet from the 1,892-square-foot existing single-family residence. ADU will be served by PSE for power, connect to an existing well, and be served by a new septic.

2. Project Request

The applicants, Michael and Mya Eddington, seek approval for a Conditional Use Permit (CUP) to allow the construction of a detached ADU. Kitsap County Code 17.410.042.100 requires a CUP for a detached ADU in the Rural Residential zone.

3. SEPA (State Environmental Policy Act)

The State Environmental Policy Act (SEPA), found in Chapter 43.21C RCW (Revised Code of Washington), is a state law that requires the County to conduct an environmental impact review of any action that might have a significant, adverse impact on the

environment. The review includes the completion of an Environmental Checklist by the applicant and a review of that checklist by the County. If it is determined that there will be environmental impacts, conditions are imposed upon the applicant to mitigate those impacts below the threshold of “major” environmental impacts. If the impacts cannot be mitigated, an environmental impact statement (EIS) must be prepared. The decision following environmental review, which may result in a Determination of Nonsignificance (DNS), Mitigated DNS, or the necessity for an EIS is called a threshold determination. A separate notice of the threshold determination is given by the County. If it is not appealed, it becomes part of the hearing record as it was issued, since it cannot be changed by the Hearing Examiner.

Pursuant to WAC 197-11-355, the optional DNS process was utilized for this project. The SEPA Comment period previously occurred concurrent with the Notice of Application dated January 10, 2024. A Determination of Nonsignificance (DNS) was issued on June 14, 2024.

The SEPA appeal period expired June 28, 2024. No appeals were filed; therefore, the SEPA determination is final.

4. Physical Characteristics

The parcel is rectangle shaped. The parcel is located outside of the shoreline jurisdiction.

7. Policies and Regulations Applicable to the Subject Proposal

The Growth Management Act of the State of Washington, RCW 36.70A, requires that the County adopt a Comprehensive Plan, and then implement that plan by adopting development regulations. The development regulations must be consistent with the Comprehensive Plan. The Comprehensive Plan process includes public involvement as required by law, so that those who are impacted by development regulations have an opportunity to help shape the Comprehensive Plan which is then used to prepare development regulations.

Kitsap County Comprehensive Plan, adopted June 30, 2016 (amended in 2018 and 2020).

The following Comprehensive Plan goals and policies are most relevant to this application:

Land Use Policy 50

Limit the designed rural area to low residential densities that can be sustained by minimal infrastructure improvements, cause minimal environmental degradation, and that will not cumulatively create the future necessity or expectation of urban levels of service.

Land Use Policy 51

Permit residential uses in rural areas consistent with the planned rural character of the surrounding area.

Land Use Policy 53

Outside of the Type III Limited Area of More Intensive Rural Development (LAMIRD), limit development only to that which serves rural residential or resource needs and does not draw population from Urban Growth Areas. This policy is implemented through Comprehensive Plan Land Use designation, zoning designation, and zoning code provisions.

Housing, Human Services Goals and Policies

Housing, Human Services Policy 5

Use regulatory strategies to incentivize and provide flexibility for development of affordable and special needs housing.

Housing, Human Services Policy 7

Adopt regulatory changes to allow non-traditional housing types.

Housing, Human Services Policy 11

Promote fair housing to ensure that all residents of Kitsap County have an equal and fair opportunity to obtain safe and sanitary housing suitable to their needs and financial resources, regardless of race, religion, gender, sexual orientation, age, national origin, family status, income, disability, or other protected class.

Housing, Human Services Policy 12

Identify and remove regulatory barriers and limits access to or the provision of a diverse affordable housing supply.

Housing, Human Services Policy 13

Identify and remove impediments to creating housing for harder to house populations.

Housing, Human Services Policy 14

Disperse affordable housing opportunities throughout the County.

The County’s development regulations are contained within the Kitsap County Code. The following development regulations are most relevant to this application:

Title 13	Water and Sewers
Title 14	Buildings and Construction
Title 17	Zoning

10. Analysis

a. Planning/Zoning

Kitsap County Code 17.415.015.B: In order to encourage the provision of affordable housing, an accessory dwelling unit (ADU), detached, located outside an urban growth area shall meet the following criteria:

1. Only one ADU shall be allowed per lot;

Staff Comment: Only one ADU is proposed and there are no existing ADUs on the subject property.

2. Owner of the property must reside in either the primary residence or the ADU;

Staff Comment: The owners of the property, Michael and Mya Eddington will reside in the primary residence.

3. The ADU shall not exceed fifty percent of the square footage of the habitable area of the primary residence or nine hundred square feet, whichever is smaller. Dimensions are determined by interior measurements;

Staff Comment: The proposed ADU is 900 square feet with a 569 square feet garage attached and the existing primary residence has 1,892 habitable square feet. The size of the existing primary residence allows for a 900 square foot ADU. The proposed ADU is 900 square feet and meets this requirement.
